The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. Notes to the Financial Statements for the Period from 7 April 2016 to 31 December 2016

1 General information

The Company is a private company limited by share capital and domiciled in the UK.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. The amendments to Financial Reporting Standard 102 issued in July 2015 have been applied. The presentation currency of these financial statements is sterling.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Summary of disclosure exemptions

As the Company is a wholly owned subsidiary of Grove Limited the Company has taken advantage of the disclosure exemptions contained in FRS 102 Section 1.12. By virtue of FRS 102 Section 33.1A the Company has not disclosed transactions or balances with wholly owned entities which form part of the Group.

Name of parent of group

These financial statements are consolidated in the financial statements of Grove Limited.

The financial statements of Grove Limited may be obtained from www.jersey.fsc.org.

Going concern

Notwithstanding the net current liabilities of £563, the Company has the long-term support of the ultimate parent company, Grove Limited. Grove Limited is, at the date of signing these financial statements, undergoing a renegotiation of its financing. The Directors of the Company have made appropriate enquiries to satisfy themselves that the Group has suitable offers of finance in place from external lenders, and shareholder support for shareholder loan notes, as required. As with any company placing reliance on shareholder support, there can be no guarantee that this will continue. However, as at the date of signing these financial statements, the Directors of the Company have no reason to believe that this support to the Group will not be forthcoming if required. The Directors therefore have a reasonable expectation that the Company and Group have adequate resources to continue in operation for the foreseeable future and thus continue to adopt the going concern assumption in these financial statements.

Group companies have confirmed that any amounts due from Group undertakings will not be demanded within the next year.

Judgements

The Company makes an estimate of the recoverable value of amounts owed by the group undertakings and other debtors. When assessing impairment of group and other debtors, Management considers factors including the aging profile of debtors and historical experience. See note 7 for the net carrying amount of the debtors and any associated impairment provision.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the Company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the company.

The Company recognises revenue when:

- the amount of revenue can be reliably measured;
- it is probable that future economic benefits will flow to the entity; and
- specific criteria have been met for each of the Company's activities.

Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class	Depreciation method and rate
Plant & Equipment	Straight line over 10 years

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

3 Directors' remuneration

The Company had no employees other than Directors. The Directors received remuneration for services to Grove Limited of which Worplesdon View 2016 Limited is a subsidiary undertaking, however the proportion attributable to their services to Worplesdon View 2016 Limited is not separately identifiable.

4 Auditor's remuneration

The remuneration of the auditor in the current year was borne by another Group company. The estimate for the current year is £1,000.
