Date of liquidators' appointment:	26 November 2018
Changes in liquidator (if any):	Ian Franes was replaced as Joint Liquidator by Simon John Killick of Begbies Traynor (Central) LLP, 24 Conduit Place, London, W2 1EP pursuant to a block transfer order of the High Court of Justice made on 22 May 2019.

## 4. PROGRESS DURING THE PERIOD

### Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 26 November 2019 to 25 November 2020 alongside our cumulative receipts and payments for the entire period since our appointment as Joint Liquidators on 26 November 2018 to 25 November 2020.

Our comments on items appearing in the account during the year to 25 May 2020 are as follows:

#### Bank Interest Gross

Gross interest of £0.58 has been earned on funds deposited in the designated liquidation bank account held at Barclays Bank Plc.

#### Statement of Affairs Fees

Due to lack of funds, we have not been able to draw the balance of our agreed fees relating to work undertaken prior to our appointment in assisting with the preparation of the statement of affairs and seeking the decisions of creditors on the nomination of liquidators. In the circumstances, we have issued a credit note in the sum of £278.99 plus VAT to account for the shortfall.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <http://www.begbies-traynorgroup.com/work-details> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous report contains details of the work undertaken since our appointment.

#### General case administration and planning

Time was spent (1) entering into communication with the director for the purpose of recovering the balance due from the US Company and/or obtaining supporting documentation to confirm that the US Company is insolvent; (2) reviewing the case diary and case progress; (3) preparing file notes; and (4) answering queries relating to general administration of the liquidation estate. These activities are required to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case.

#### Compliance with the Insolvency Act, Rules and best practice

Time was spent dealing with matters relating to reconciliation of the designated liquidation bank account and carrying out day to day banking activities in order to comply with our statutory duties.

### Realisation of assets

Activities carried out under this time costs heading include (1) in conversation between Begbies Traynor's staff for the purposes of briefing with necessary case information; and (2) entering into communication with the director for the purpose of recovering the £954,044 balance due from the US Company. The carrying out of these activities by us has not resulted in any financial benefit to creditors but they were necessary for compliance with our statutory duties.

### Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

Time was spent reviewing the post liquidation period VAT position and preparing and submitting a VAT return and a corporation tax return to HMRC. The carrying out of these activities by us has no financial benefit to creditors but they were necessary for compliance with our statutory duties

## 5. ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the director's statement of affairs.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows:

### Secured creditors

There are no known secured claims.

### Preferential creditors

There are no known preferential claims.

### Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part for unsecured creditors is calculated were provided in our progress report for the period 26 November 2018 to 25 November 2020.

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

### Unsecured creditors

Based upon realisations to date and estimated future realisations it is anticipated there will be insufficient funds available to enable a dividend to be paid to the unsecured creditors.

## 6. REMUNERATION & DISBURSEMENTS

### Remuneration

Our remuneration has been fixed by a resolution of creditors at a meeting by a decision of the creditors on 21 December 2018 obtained via a Decision Procedure by way of correspondence by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates

of Begbies Traynor (Central) LLP in attending to matters arising in the winding up as set out in the fees estimate dated 4 December 2018 in the sum of £21,784.50 and we are authorised to disbursements for services provided by our firm and/or entities within the Begbies Traynor group, in accordance with our firm's policy, which is attached at Appendix 2 of this report.

Our time costs for the period from 26 November 2019 to 25 November 2020 amount to £2,785.50 which represents 13.50 hours at an average rate of £206.33 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- ☐ Time Costs Analysis for the period 26 November 2019 to 25 November 2020
- ☐ Begbies Traynor (Central) LLP's charging policy

To 25 November 2020, we have not drawn any remuneration against our total time costs of £14,003 incurred since the date of our appointment.

#### Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

As can be seen from the information above, and the cumulative Time Costs Analysis, our fees estimate has not been exceeded. We are pleased to report that we do not anticipate that it is likely to be exceeded if matters progress to conclusion as envisaged.

#### Disbursements

To 25 November 2020, we have not drawn disbursements incurred in the liquidation.

#### Category 2 Disbursements

To 25 November 2020, we have not drawn any of our Category 2 disbursements incurred in the liquidation.

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2017' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at [www.begbies-traynor.com/creditorsguides](http://www.begbies-traynor.com/creditorsguides). Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy.

## 7. LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

#### Expenses actually incurred compared to those that were anticipated

Creditors will recall that we estimated that the expenses of the liquidation would total £234. Unfortunately, the expenses that we have incurred so far have exceeded that estimate and there will be further expenses to pay before the case concludes. The reasons why the estimate exceeded are as follows:

- The necessity to obtain valuation advice to consider the acceptability of the terms of the sale and purchase agreement entered into between the Company and Fan Fest Events Limited on 20 November 2018 resulting in additional expenditure of £250 in agent fees;
- The necessity to instruct Counsel to attend the Court hearing on 28 November 2018 to ensure that the winding up petition made against the Company by HM Revenue & Customs was dismissed resulting in addition expenditure of £100 in legal fees;
- The above expenses have been paid by my office and will be repaid from any future realisation.
- A further Specific Bond premium of £3.60 was incurred as a result of the replacement of Ian Franes as Joint Liquidator by Simon John Killick of Begbies Traynor (Central) LLP, 24 Conduit Place, London, W2 1EP pursuant to a block transfer order of the High Court of Justice made on 22 May 2019;

## 8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

Assets that remain to be realised

Regrettably, the agreed consideration equivalent to 25% of Fan Fest Events Limited's ("Fanfest") profits from the Walker Stalkers Con London event held on 30 and 31 March 2019 and the Heroes & Villains Fan Fest London event which was originally scheduled for 25 and 26 May 2019, but, later postponed until February 2020 and then cancelled in February 2020, has become unrealisable due to a compulsory winding up order being made against Fanfest by the court on 23 October 2019. According to the information received from the Company's former accountant, Fanfest made a loss on the Walker Stalkers Con London event.

Thus, apart from taking suitable action relating to the £954,044 balance due from a US associated company, Walker Stalkers LLC ("the US Company"), there are no other assets that remain to be realised in the liquidation.

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

The following work remains to be done in the liquidation.

### General case administration and planning

We anticipate spending further time (1) entering into communication with the director for the purpose of recovering the balance due from the US Company and/or obtaining supporting documentation to confirm that the US Company is insolvent; (2) reviewing the case diary and case progress; (3) preparing file notes; and (4) answering queries relating to general administration of the liquidation estate. These activities are required to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case.

### Compliance with the Insolvency Act, Rules and best practice

Time will be spent (1) producing the Liquidators' future annual progress reports and a final report; (2) file information with the Registrar of Companies; (3) ensure that the case is adequately bonded or is released from the Liquidators' monthly Bordereau cover schedule upon obtaining our release as Liquidators of the Company; and (4) deal with day to day banking activities (as necessary) in order to comply with our statutory duties.

### Realisation of assets

It may be necessary for us to enter into further communication with the director for the purpose of recovering the balance due from the US Company obtaining supporting documentation to confirm that the US Company is insolvent. The carrying out of these activities by us are necessary for compliance with our statutory duties albeit we are unable to determine whether any financial benefit will become available to creditors as a result of these activities.

### Dealing with all creditors' claims (including employees), correspondence and distributions

Time will be spent maintaining a record of claims submitted by the creditors, keeping a record of creditors subsequently coming to light and entering into communication with them generally. In the event that we are able to realise sufficient funds in the liquidation, it will become possible to make a distribution to creditors, in which case, time will be spent dealing with formalities of declaring a dividend to creditors such as preparation and sending out notice of intended dividend, notice of declaration of dividend and the relevant dividend cheques to creditors and adjudicating their claims for dividend purposes. The carrying out of these activities by us may or may not be financially beneficial to creditors but they are necessary for compliance with our statutory duties.

### Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedure, tax, litigation, pensions and travel

Time may be spent submitting further VAT returns and further Corporation Tax returns to HMRC. Although the carrying out of these activities by us has no direct financial benefit to creditors, they were necessary for compliance with our statutory duties.

How much will this further work cost?

The information provided in our fees estimate and the Cumulative Time Costs Analysis above indicate that further time costs of £7,781.50 may be incurred to carry out the remaining work. We anticipate that our further time costs to carry out the remaining work are likely to be substantially less than this amount if matters progress to conclusion as envisaged.

### Expenses

Details of the expenses that we expect to incur in connection with the work that remains to be done referred to above are as set out in the revised estimate of anticipated expenses sent to creditors on 23 January 2020 which included all of the expenses that we anticipate that we will incur throughout the liquidation.

## 9. OTHER RELEVANT INFORMATION

### Investigations and reporting on directors' conduct

You may be aware that a liquidator has a duty to enquire into the affairs of an insolvent company to determine its property and liabilities and to identify any actions which could lead to the recovery of funds. In addition, a liquidator is also required to consider the conduct of the Company's directors and to make an appropriate submission to the Department for Business Energy and Industrial Strategy. We can confirm that we have discharged our duties in these respects.

### Investigations carried out to date

We have undertaken an initial assessment of the manner in which the business was conducted prior to the liquidation of the Company and potential recoveries for the estate in this respect. Our investigations did not reveal any other potential assets which could be realised for the benefit of the Company's creditors.

### Connected party transactions

We have not been made aware of any sales of the Company's assets to connected parties.

### Use of personal information

Please note that in the course of discharging our statutory duties as liquidators, we may need to access and use personal data, being information from which a living person can be identified. Where this is necessary, we are required to comply with data protection legislation. If you are an individual and you would like further information about your rights in relation to our use of your personal data, you can access the same at <https://www.begbies-traynorgroup.com/privacy-notice>. If you require a hard copy of the information, please do not hesitate to contact us.

## 10. CREDITORS' RIGHTS

### Right to request further information

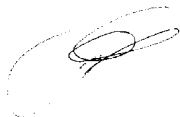

Pursuant to Rule 18.9 of the Rules, within 21 days of the receipt of this report a secured creditor, or an unsecured creditor with the concurrence of at least 5% in value of the unsecured creditors, including that creditor, (or an unsecured creditor with less than 5% in value of the unsecured creditors, but with the permission of the court) may request in writing that we provide further information about our remuneration or expenses which have been incurred during the period of this progress report.

### Right to make an application to court

Pursuant to Rule 18.34 of the Rules, any secured creditor or any unsecured creditor with the concurrence of at least 10% in value of the unsecured creditors including that creditor, (or any unsecured creditors with less than 10% in value of the unsecured creditors, but with the permission of the court) may, within 8 weeks of receipt of this progress report, make an application to court on the grounds that the remuneration charged or the expenses incurred during the period of this progress report are excessive or, the basis fixed for our remuneration is inappropriate.

## 11. CONCLUSION

We will report again in approximately twelve months' time or at the conclusion of the liquidation, whichever is the sooner.

## BEGBIES TRAYNOR CHARGING POLICY

### INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance<sup>1</sup> requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance<sup>2</sup> indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

### OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

### EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- ❑ Category 1 disbursements (approval not required) - specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- ❑ Category 2 disbursements (approval required) - items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.

(A) The following items of expenditure are charged to the case (subject to approval):

- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £150 per meeting;
- Car mileage is charged at the rate of 45 pence per mile;
- Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates;

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:

- Telephone and facsimile
- Printing and photocopying
- Stationery
