1. Accounting policies

Basis of preparation

Statement of compliance These financial statements have been prepared in compliance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006. **Basis of preparation** The financial statements have been prepared on the going concern basis and under the historical cost convention as modified by the revaluation of land and buildings and certain financial instruments measured at fair value in accordance with the accounting policies. The financial statements are prepared in sterling which is the functional currency of the company.

Turnover

Turnover is measured at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, net of discounts and value added taxes.

Government grants

Government grants received are credited to deferred income. Grants towards capital expenditure are released to the income statement over the expected useful life of the assets. Grants received towards revenue expenditure are released to the income statement as the related expenditure is incurred.

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost less any accumulated depreciation and accumulated impairment losses or at a revalued amount.

Any tangible assets carried at a revalued amount are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation is recognised in other comprehensive income and accumulated in capital and reserves. However, the increase is recognised in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves. If a revaluation decrease exceeds the accumulated revaluation gains accumulated capital and reserves in respect of that asset, the excess is recognised in profit or loss.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over the useful lives on the following basis:

Motor Vehicles	25% Reducing Balance
Fixtures and Fittings	25% Reducing Balance

2. Average number of employees

Average number of employees during the year was 1 (2021 : 2).
