## **Notes to the Financial Statements**

**Period ended 31 December 2017**

---

### **1. General information**

The company is a private company limited by shares, registered in England and Wales. The address of the registered office and principal place of business is 17 Doves Yard, London, N1 0HQ, England.

### **2. Statement of compliance**

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### **3. Accounting policies**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Revenue recognition**

Turnover is measured at the fair value of the consideration received or receivable for digital advisory services, net of discounts and Value Added Tax.

Revenue on consultancy income and delegate courses is recognised at the point at which the advice is provided and the course takes place. Where deposits are recognised in advance of the course, this is deferred until the point at which the course is delivered.

#### **Foreign currencies**

Foreign currency transactions are initially recorded in the functional currency, by applying the spot exchange rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate ruling at the reporting date, with any gains or losses being taken to the profit and loss account.

#### **Tangible assets**

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

#### **Depreciation**

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Computer equipment - 3 years straight line

### 3. Accounting policies *(continued)*

#### Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

#### Financial instruments

##### a) Trade and other receivables

Trade and other receivables are amounts due from client for digital advisory services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost less provision for impairment.

##### b) Trade and other payables

Obligations to pay for goods/services; current and non-current are initially recognised at fair value and are subsequently measured at amortised costs.

### 4. Employee numbers

The average number of persons employed by the company during the period, including the director and key management personnel amounted to 1.
