COMPANIES HOUSE

Strategic report

For the year ended 31 December 2020

The directors present their Annual Report on the affairs of the company, together with the accounts and independent auditor's report, for the year ended 31 December 2020. The accounts are presented under financial reporting standard 102 (FRS 102) issued by the Financial Reporting Council. The functional and presentational currency of the company is Australian Dollars (AUD).

Business strategy

The principal activity of the company is to hold and manage the 40% investment in CK William UK Holdings Limited.

Financial and operational review

As shown in the profit and loss account the company has made a profit of AUD 10.6m (2019 – loss AUD 2k), the movement is due to current year dividend income from CK William UK Holdings Limited. The balance sheet shows the company's net asset position of AUD 1,366.0m (2019 – AUD 1,366.0m).

Given the company is owned by CK Infrastructure Holdings Limited and holds a 40% investment in CK William UK Holdings Limited, the company's directors believe that further key performance indicators for the company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of CK Infrastructure Holdings Limited and CK William UK Holdings Limited are discussed in that company Annual Reports of those companies, which does not form part of this report.

Dividends

The directors do not recommend payment of a final dividend. An interim dividend of AUD 10.6m (2019 – AUD nil) has been declared and paid in the year, as detailed in note 3. An interim dividend of AUD 32.4m relating to FY21 has been declared and paid after the year end.

Outlook

The directors expect the dividend flows to continue in the same manner in the forthcoming year.

Principal risks and uncertainties and financial risk management objectives and policies

The company's activities expose it to a number of financial risks, including liquidity risk. The company is primarily financed by equity, with liquidity risk managed through intergroup assets and liabilities. All intercompany balances are deemed recoverable. The recovery of the investments held in the balance sheet is a risk, but based on the underlying cash flow forecasts the directors deem this risk to be low.

The company continues to actively monitor the situation surrounding the outbreak of the COVID-19 virus. The company's investments are characterised by fully (or highly) regulated operations that deliver an essential service with relatively low likelihood of disruption. The investments operate in an industry where revenue receivables are protected by both regulatory frameworks and high-quality credit profiles of the major counterparties. Whilst there are uncertainties that are caused by COVID-19, at a financial level the company does not have any borrowings or other significant cash obligations that would require any significant cash outflow. Accordingly, they continue to adopt the going concern basis in preparing the Annual Report and accounts.

Strategic report (continued)

For the year ended 31 December 2020

Climate Reporting

Given the company does not trade and therefore consumes less than 40,000 KWH of energy per annum, it is exempt from reporting any disclosures under the Government Streamlined Energy and Carbon reporting regulations (SECR).

Going concern

The company's business activities, performance and position together with its principal risks and uncertainties likely to affect its future development and performance are set out above. The company is reliant on dividend income to remain a going concern. The directors have made enquiries and reviewed the forecasts and have a reasonable expectation that the company has adequate resources and an ongoing dividend income, so to continue operations for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the Annual Report and accounts.

Approved by the Board of Directors.

Signed on behalf of the Board.

M J Horsley,

Director

23 April 2021

Directors' report

For the year ended 31 December 2020

The directors present their annual report for the affairs of CK William Midco 2 Limited, together with the accounts and auditor's report for the year ended 31 December 2020. The principle activity, business strategy, financial and operational review, dividends, outlook, principal risks and uncertainties and going concern are presented in the Strategic report on page 1 & 2.

Directors

The directors who served during the year and subsequently were as follows:

- M J Horsley
- H L Kam
- T C Edmond Ip
- A J Hunter
- G W Edwards
- G B Ellis (resigned 30th June 2020)
- J T Miller
- D G Ashley (assigned 30th June 2020)

Auditor

Each of the directors at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006. Deloitte LLP have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors in the absence of an Annual General Meeting.

Approved by the Board of Directors.

Signed on behalf of the Board.

M J Horsley, Director
23 April 2021
3 More London Riverside, London, SE1 2AQ

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and accounts in accordance with applicable law and regulations.

Company law requires the directors to prepare accounts for each financial period. Under that law the directors have elected to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Profit and loss account

For the year ended 31 December 2020

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of CK William Midco 2 Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the balance sheet;
- the statement of changes in equity;
- the statement of accounting policies; and
- the related notes 1 to 9.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Profit and loss account

For the year ended 31 December 2020

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and internal audit about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory frameworks that the company operates in, and identified the key laws and regulations that: had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the UK Companies Act and tax legislation in the jurisdictions in which the company operates

In addition we considered those that do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty.

We also discussed among the audit engagement regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management, internal audit and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

Profit and loss account

For the year ended 31 December 2020

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Statement of accounting policies

For the year ended 31 December 2020

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and prior period.

General information and basis of accounting

CK William Midco 2 Limited (the company) is a company incorporated in the United Kingdom under the Companies Act. The company is a private company limited by shares and is registered in England and Wales. The address of the company's registered office is shown on page 3.

The financial statements have been prepared under the historical cost convention, and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The transitional provisions relating to the triennial review amendments have not resulted in any restatements of comparative information by the Group.

The functional currency is considered to be Australian Dollars because that is the currency of the primary economic environment in which the fixed asset investments (see note 4) of the company operate.

The company is exempt from the requirement of FRS 102 (Section 7) to present a cash flow statement, certain financial instrument disclosures, and key management personnel disclosures, as it is a wholly owned subsidiary of CK Infrastructure Holdings Limited, which prepares consolidated accounts which are publicly available. The company is not required to prepare group accounts as it is a wholly owned subsidiary of CK Infrastructure Holdings Limited which prepares consolidated accounts which are publicly available.

Going concern

The company's business activities, performance and position together with its principal risks and uncertainties likely to affect its future development and performance are set out in the Strategic report on page 1. The directors have made enquiries and reviewed the forecasts and have a reasonable expectation that the company has adequate resources and an ongoing dividend income, so to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the Annual Report and accounts.

Taxation

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements. A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Statement of accounting policies (continued)

Fixed asset investments

Fixed asset investments are shown at cost less provision for impairment. Impairment is calculated by comparing the carrying value with the recoverable amount of the investment.

Net financing income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at the effective interest rate applicable on the carrying amount.

Financial instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. All financial assets and liabilities are initially measured at transaction price (including transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Dividend Income

Dividend income from subsidiaries is recognised on receipt of the dividend.

Reserves

The profit and loss reserve represents cumulative profits or losses, including unrealised profit on the remeasurement of investment properties, net of dividends paid and other adjustments.

Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, which are described above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

There are no critical accounting judgements or key sources of estimation uncertainty.

Notes to the accounts

For the year ended 31 December 2020

1 Profit on ordinary activities before taxation

The directors did not receive any remuneration in relation to their services to the company during the year. The fees payable to the company's auditors was AUD 8,000 (2019 – AUD 8,000) for the financial statements audit. There are no fees payable to the company's auditors for non-audit services (2019 – nil). There are no employees other than the directors (2019 – none).

During the year the company received dividend income from its associate undertaking CK William UK Holdings Limited of AUD 10,600,000 (2019 – nil).

2 Tax on (loss)/profit on ordinary activities

The tax charge comprises:

	2020 AUD'000	2019 AUD'000
Current tax		
UK corporation tax	-	-
Total tax on profit/(loss) on ordinary activities	<u>-</u>	<u>-</u>

The differences between the total current tax shown above and the amount calculated by applying the standard rate of UK corporation tax to the profit before tax are as follows:

	2020 AUD'000	2019 AUD'000
Profit/(loss) on ordinary activities before tax	<u>10,593</u>	<u>(2)</u>
Tax on profit/(loss) on ordinary activities at standard UK corporation tax rate of 19% (2019 – 19%)	2,013	-
Effects of:		
Deferred tax not recognised	1	-
Income not taxable	<u>(2,014)</u>	<u>-</u>
Tax charge for the year/period	<u>-</u>	<u>-</u>

The company earns its profits in the UK. Therefore the tax rate used for tax on profit is the standard rate for UK corporation tax, currently 19%. The March 2021 Budget announced a further increase to the main rate of corporation tax to 25% from April 2023. This rate has not been substantively enacted at the balance sheet date, as result deferred tax balances as at 31 December 2020 continue to be measured at 19%.

Notes to the accounts (continued)

3 Dividends on equity shares

	2020 AUD'000	2019 AUD'000
Equity shares		
- Interim dividend of AUD 12.87 (2019 – nil) per ordinary share	10,550	-
	<u>10,550</u>	<u>-</u>

4 Fixed asset investments

	2020 AUD'000	2019 AUD'000
Joint venture (cost and net book value)	1,366,000	1,366,000
	<u>1,366,000</u>	<u>1,366,000</u>

The joint venture represents a 40% shareholding in the ordinary share capital of CK William UK Holdings Limited, a company whose principal activity is to act as a holding company, which is incorporated and registered in England and Wales. The registered address of the joint venture is 3 More London Riverside, London, SE1 2AQ. CK William UK Holdings Limited holds the following investments:
