Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, International Accounting Standard 1 requires that Directors:

- properly select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- make an assessment of the company's ability to continue as a going concern.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Company received no income and incurred no expense in the period. Accordingly, a statement of other comprehensive income is not presented.

- a) For the year ended 31 December 2019 the Company was entitled to exemption from audit under section 480(1) of the Companies Act 2006 relating to dormant companies.
- b) The members have not required the Company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- c) The Directors acknowledge their responsibility for:
 - a. Ensuring the Company keeps accounting records which comply with section 386; and
 - b. Preparing accounts in accordance with section 394, which give a true and fair view of the state of affairs of the Company as at the end of the financial year, and of its profit or loss for the financial year, in accordance with the requirements of section 396, and which otherwise comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the Company.

The statement of financial position should be read in conjunction with the notes to the financial statements on pages 5 to 10.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

These financial statements of 1 Leadenhall Nominee Limited, registered number 10581466, were approved and authorised for issue by the board of directors on 15 July 2020 and were signed on its behalf by:

Notes to the financial statements

(forming part of the financial statements)

1. General information

1 Leadenhall Nominee Limited ("the Company") is a private company limited by share capital, incorporated in the United Kingdom and registered in England and Wales. The address of the registered office is Level 15, City Point, 1 Ropemaker Street, EC2Y 9AW. The nature of the Company's operations and its principal activities are set out in the Directors' report.

2. Adoption of new and revised standards

At the date of authorisation of these financial statements, the following Standards and Interpretations which have not been applied in these financial statements were in issue but not yet effective (and in some cases had not been adopted by the EU):

		Effective for periods beginning on or after
IAS 1 and IAS 8 (amendments)	Amendments to the definition of material	1 January 2020
IAS 1 (amendments)	Amendments to the classification of liabilities as current or non-current	1 January 2022 *
IFRS 3 (amendments)	Amendments to the definition of a business	1 January 2020 *
IFRS 17	Insurance Contracts	1 January 2021 *
Conceptual Framework	Amendments to references to the conceptual framework in IFRS standards.	1 January 2020
Amendments to IFRS 9, IAS 39 and IFRS 7	Interest Rate Benchmark Reform	1 January 2020
[*subject to EU endorsement]		

The Directors do not expect that the adoption of the standards listed above will have a material impact on the financial statements of the Company aside from additional disclosures.

The Company adopted the modified retrospective method of adoption for IFRS 16, with a date of initial application of January 1, 2019. On adoption of IFRS 16 Leases, there was no material impact on the results of the Company as lessee or lessor.

The Company has applied the following amendments for the first time during the annual reporting period presented in these financial statements:

- Amendments to IFRS 9. Amendments to IFRS 9, Prepayment Features with Negative Compensation, did not have a material impact on the Company because the Company does not have any prepayment features within any financial instruments held.
- Amendments to IAS 19. Amendments to IAS 19, Plan amendment, curtailment or settlement, did not have a material impact on the Company because the Company does not operate Defined Benefit Schemes.
- IFRIC 23 Uncertainty over Income Tax Treatments. The adoption of this standard did not have any impact to the financial statements of the Company as there are no instances of uncertainty regarding the measurement of tax assets and liabilities.
- Annual Improvements to IFRS Standards 2015-2017 Cycle. The annual improvements did not have any impact to the financial statements of the Company as the clarifications made to IFRS 3 Business Combinations, IFRS 11 Joints Arrangements, IAS 12 Income Taxes and IAS 23 Borrowings Costs, are consistent with the financial reporting within the Company

3. Significant accounting policies

Basis of accounting

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union.

The financial statements have been prepared under the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for the assets. The principal accounting policies have been consistently applied in the current year and are set out below.

The Company is exempt by virtue of s401 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the Company as an individual undertaking and not about its group for all periods presented. The company has no cash balances or bank accounts in either the current year or preceding period and therefore no Statement of Cash Flows has been prepared.

The financial statements are expressed in Pounds Sterling which is the functional currency of the Company.

Going concern

The Directors have prepared the financial statements on a going concern basis as this is a dormant company.

Financial instruments

Financial assets

Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through OCI or through profit or loss); and
- those to be measured at a amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI). The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on the trade date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

Regular way purchases and sales of financial assets are recognised on the trade date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Notes to the financial statements (continued)

3. Significant accounting policies (continued) Financial instruments (continued)

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains (losses) together with foreign exchange gains and losses. Impairment losses are presented as a separate line item in the consolidated statement of profit or loss.
- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains (losses). Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains (losses) and impairment expenses are presented as a separate line item in the consolidated statement of profit or loss.
- **FVPL:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and is presented net within other gains (losses) in the period in which it arises.

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established. Changes in the fair value of financial assets at FVPL are recognised in net change in fair value of financial instruments at fair value through profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iv) Impairment

The Company assesses on a forward-looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company's financial assets are subject to the expected credit loss model.

For trade receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

The expected loss rates are based on the payment profiles of sales over a period of 36 months before 31 December 2019 or 1 January 2019, respectively, and the corresponding historical credit losses experienced within this period.

The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the liability of the tenants to settle the receivable. Such forward-looking information would include:

- changes in economic, regulatory, technological and environmental factors, (such as industry outlook, GDP, employment and politics);
- external market indicators; and
- tenant base.

Trade receivables

Trade receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, among others, the probability of insolvency or significant financial difficulties of the debtor. Impaired debts are derecognised when they are assessed as uncollectible.
