DIRECTORS' REPORT

The directors present their Annual Report and the audited Financial Statements for the year ended 31 March 2020.

This directors' report has been prepared in accordance with the provisions applicable to small companies entitled to the small companies' exemption.

BUSINESS REVIEW AND PRINCIPAL ACTIVITIES

The Company was incorporated on 20 February 2017 and commenced trading on that date. The principal activity of the Company is to act as a limited partner in NPIF NW Debt LP. The principal activity of the partnership is to provide investment support to Small and Medium Enterprises ("SMEs") in certain areas of the North West of England, namely Cheshire and Warrington, Greater Manchester, Lancashire and Liverpool City Region. The Company will potentially receive a share of any residual profits at the time of winding up such Limited Partnership in accordance with the fund management service arrangement to which this company is party.

During the year, net funds loaned to the partnership totalled £30,801 (2019: £51,706). The directors expect the general level of activity to remain consistent with 2020 in the forthcoming year.

The financial position of the Company is set out in the balance sheet on page 9.

GOING CONCERN

The company operates on a breakeven basis with any expenditure incurred recharged to its parent company, FW Capital Limited. The directors concluded that they have a reasonable expectation that the Company has adequate resources to continue in operational existence for the next 12 months from the date of signing this report. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

COVID-19

Prior to the year end in March 2020 significant economic and social disruption has arisen from the Covid-19 pandemic.

The Company has invoked business continuity plans to maintain the safety and well-being of staff throughout the pandemic. Staff are working from home whilst the UK Government has introduced lockdown measures.

The Company continues to work with its stakeholders in order to minimise any economic disruption that Covid-19 might occasion. The Company believes that its activities are secure and it is not anticipated that the impact of the pandemic is likely to be significant or materially increase during the next 12 months.

BREXIT

On the 31 January 2020 the UK ceased to be a member of the EU and entered into an 11 month transition period with the EU while the future trading relationship is negotiated. As a result there remains uncertainty in the UK and Europe in relation to Brexit.

The Company continues to work with its stakeholders in order to minimise any economic disruption that the process might occasion. The Company believes that its activities are secure and it is not anticipated that the impact of Brexit is likely to be significant or materially increase during the next 12 months.

DIRECTORS

The directors of the Company, who served throughout the financial year and subsequently to the date of this report unless stated otherwise, are as shown on page 1.

DIRECTORS' INDEMNITIES

The Development Bank of Wales Group has made qualifying third party indemnity provisions for the benefit of all directors, the cost of which was not recharged to the Company. These were in force during the financial year and remained in force at the date of approval of the financial statements.

POLITICAL DONATIONS

The company made no political donations during 2020 (2019: nil)

SUBSEQUENT EVENTS

There are no subsequent events to report.

DIRECTORS' REPORT

AUDITOR

In the case of each of the persons who are directors of the Company at the date when this report is approved:

- so far as each of the directors is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- each of the directors have taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

The Group has a policy of tendering the external audit every five years. The last time the audit was tendered was in 2016 when the incumbents Deloitte LLP were reappointed. As a result of the ongoing Covid-19 pandemic, the Group has taken the decision to extend the current external audit contract for a further year.

Approved by the Board of Directors
and signed on behalf of the Board

J Oates
Company Secretary

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Annual Report and the audited Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 "Reduced Disclosure Framework". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
FWC LOANS (NORTH WEST) LIMITED**

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

In our opinion the financial statements of FWC Loans (North West) Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31st March 2020 and of its result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the balance sheet;
- the statement of changes in equity; and
- the related notes 1 to 10.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
FWC LOANS (NORTH WEST) LIMITED**

Other information (continued)

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

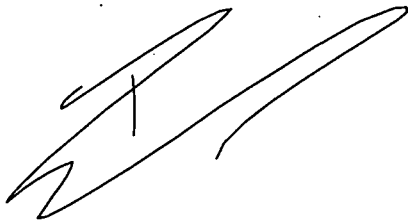

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

We have nothing to report in respect of these matters.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
FWC LOANS (NORTH WEST) LIMITED**

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2020

1. ACCOUNTING POLICIES

The principal accounting policies are summarised below. They have been applied consistently throughout the current and prior financial year.

Basis of accounting

FWC Loans (North West) Limited is a Company incorporated in the United Kingdom under the Companies Act 2006. The Company is a private Company limited by shares and is registered in England & Wales. The address of the registered office is given on page 1. The nature of the Company's operations and its principal activities are set out in the Directors' Report on page 2.

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. These financial statements were prepared in accordance with FRS 101 (Financial Reporting Standard 101) '*Reduced Disclosure Framework*' as issued by the Financial Reporting Council.

The financial statements are presented in Sterling (£). This is the functional currency of the entity.

The financial statements have been prepared on the historical cost basis and on a going concern basis as discussed in the Director's report on page 2, except for the revaluation of certain financial instruments that are measured at revalued amounts or fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services. The principal accounting policies adopted are set out below.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement purposes in these financial statements is determined on such a basis. In addition, for financial reporting purposes fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to financial instruments, the presentation of a statement of cash flows, and standards not yet effective. In accordance with the exemption conferred by paragraph 8 (j) of FRS 101 "*Reduced Disclosure Framework*" the Company has not disclosed transactions with other Group companies, where 100% of the voting rights are controlled by the group. The Company is not a financial institution and has therefore taken advantage of the exemption from the disclosure requirements of IFRS 13 Fair Value Measurement, other than those required by law. Where required, equivalent disclosures are given in the Group financial statements of Development Bank of Wales plc. The Group financial statements of Development Bank of Wales plc are available to the public and can be obtained as set out in note 10.

Amendments to IFRSs and the new interpretation that are mandatorily effective for the current year

In the current year, the Company has applied a number of amendments to IFRS Standards and Interpretations issued by the International Accounting Standards Board (IASB) that are effective for an annual period that begins on or after 1 January 2019.

IFRS 16 : Leases

The adoption has not had any material impact on the disclosures or on the amounts reported in these financial statements.

NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 March 2020

1. ACCOUNTING POLICIES (continued)

Taxation

Current tax

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current tax and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 March 2020

1. ACCOUNTING POLICIES (continued)

Financial instruments

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the relevant instrument.

Recognised financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

Financial assets are derecognised when the rights to receive benefits have expired or been transferred, and the Company has transferred substantially all risks and rewards of ownership. Financial liabilities are derecognised when the obligation is extinguished.

Financial Assets

All financial assets are recognised and derecognised on a trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss ('FVTPL'), which are initially measured at fair value. Transaction costs directly attributable to the acquisition of financial assets classified as FVTPL are recognised immediately in profit or loss.

All recognised financial assets that are within the scope of IFRS 9 are required to be subsequently measured at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Specifically:

- debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding (SPPI), are subsequently measured at amortised cost; and
- all equity investments are subsequently measured at FVTPL.

Financial Assets at FVTPL

Financial assets at FVTPL are:

- assets with contractual cash flows that are not solely payments of principal and interest;
- assets that are held in a business model other than held to collect contractual cashflows or held to collect and sell; or
- assets designed as FVTPL using the fair value option.

These assets are measured at fair value, with any gains / losses arising on re-measurement recognised in profit or loss.

Impairment

No impairment loss is recognised on equity investments.

De-recognition

The Company would de-recognise a financial asset where the modification of that financial asset would lead to any of the following scenarios:

- the extinguishing of the contractual rights to the cash flows from the assets; or
- the transfer of the financial asset and substantially all the risks and rewards of ownership of the asset to another entity; or
- a substantial change to the contractual terms of the assets.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2020

1. ACCOUNTING POLICIES (continued)

Financial instruments (continued)

De-recognition (continued)

A change is deemed to be substantial if the movement in NPV due to modification is >10%. In these cases the original financial asset will be de-recognised and, where appropriate, a new financial asset originated at the date of modification. The assessment of the credit risk of the new financial asset will start again and the ECL will initially be calculated on a 12 month basis.

Where a loan is de-recognised and a new loan originated, a gain or loss being the difference between the fair value of the new loan recognised and the carrying amount of the original loan de-recognised (including the cumulative loss allowance) will be recognised in profit and loss.

Write-off

Loans and equity investments are written off when the Company has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This is the case when the Company determines that the borrower does not have assets or sources of payment that could generate sufficient cash flows to repay the amounts subject to the write-off. A write-off constitutes a derecognition event. The Company may apply enforcement activities to financial assets written off. Recoveries resulting from the Company's enforcement activities will result in impairment gains.

Financial Liabilities and Equity

Debt and equity instruments are classified as either financial liabilities or equity instruments according to the substance of the contractual arrangements.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Financial liabilities are recognised as either financial liabilities at FVTPL or other financial liabilities.

Other Financial Liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and are subject to an insignificant risk of changes in value.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in note 1 above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

NOTES TO THE FINANCIAL STATEMENTS**For the year ended 31 March 2020****2. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)****Critical judgements in applying the Company's accounting policies**

The directors do not consider there to be any critical accounting judgements that could cause a material difference compared to the figures as disclosed in the Annual Report and Financial Statements.

Key sources of estimation uncertainty

There are no key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3. AUDITOR'S REMUNERATION

The fees payable to the Company's auditor for the statutory audit of the Company's annual financial statements of £3,120 (2019 - £3,310) have been paid by FW Capital Limited and were not recharged.

4. INFORMATION REGARDING DIRECTORS AND EMPLOYEES

None of the directors received any emoluments from the Company in the current or prior financial year. It is not practicable to allocate their remuneration between their services as directors of this Company and other Group companies. Further details of directors' remuneration are presented in the financial statements of Development Bank of Wales plc and DBW FM Limited.

The directors were the only employees of the Company during the current and prior financial year.

5. TAXATION ON RESULT

There is no taxation charge for the current or prior financial year due to the results in the year.

There is no difference between the current taxation and the amount calculated by applying the standard rate of UK corporation tax to the result before tax.

From 1 April 2017, the main rate of corporation tax reduced to 19%. In March 2016, the government announced further reductions in the main rate of corporation tax to 17% from 1 April 2020. These changes were substantively enacted in September 2016. This reduction was reversed, and the reversal substantively enacted in March of 2020 such that the main rate of corporation tax remains at 19%.

6. FINANCIAL ASSETS AT FAIR VALUE

	2020 £	2019 £
Financial assets at fair value	-	-

The investment included within financial assets at fair value represents £0.25 capital contribution to NPIF NW Debt LP.

NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 March 2020

7. OTHER FINANCIAL ASSETS

	2020 £	2019 £
Trade and other receivables		
Non Current Assets:		
Amounts due from other Group undertaking	141,966	111,165
	<u>141,966</u>	<u>111,165</u>

The amounts owed by other Group undertaking are not interest bearing and will be repaid within the next ten years.

8. FINANCIAL LIABILITIES

	2020 £	2019 £
Trade and other payables		
Non Current Liabilities		
Amounts owed to other Group undertakings	(141,965)	(111,164)
	<u>(141,965)</u>	<u>(111,164)</u>

The company's financial liabilities are carried at amortised cost. The directors consider that the carrying amount approximates to fair value. Amounts owed to other Group undertakings are not interest bearing and fall due after more than 5 years but are payable within the next 10 years.

9. CALLED-UP SHARE CAPITAL

	2020 £	2019 £
Authorised and allotted		
1 ordinary shares of £1 each	1	1
	<u>1</u>	<u>1</u>
Allotted, called up and fully paid		
1 ordinary share of £1	1	1
	<u>1</u>	<u>1</u>

The Company has one class of ordinary share which carries no right to fixed income.

10. ULTIMATE PARENT COMPANY AND CONTROLLING PARTY

The Company's immediate parent undertaking is DBW Managers Limited, a company incorporated in the United Kingdom. Development Bank of Wales plc is the smallest group within which the Company is a member and for which consolidated financial statements are prepared. Welsh Ministers is the largest group within which the Group results are consolidated. The registered office address of Development Bank of Wales plc is Unit J, Yale Business Village, Ellice Way, Wrexham, LL13 7YL. Copies of the Group financial statements of Development Bank of Wales plc are available from Companies House, Crown Way, Maindy, Cardiff, CF14 3UZ. The consolidated financial statements of Welsh Ministers may be obtained from its registered address, Cathays Park, Cardiff, CF10 3NQ.

Development Bank of Wales plc regards the Welsh Ministers, acting through the Welsh Government, as the ultimate parent company and ultimate controlling party.
