Strategic Report

The directors present their strategic report on Premier Oil Group Holdings Limited (the "Company") for the year ended 31 December 2021.

Results

For the year to 31 December 2021 the Company made no profit or loss (2020: \$nil).

At 31 December 2021, the Company had a total equity of \$603 million (2020: \$603 million).

Principal Activities and Business Review

The Company was incorporated on 23 May 2017 and is part of the Harbour Energy plc group (formerly Premier Oil plc group prior to the completion of the merger with Chrysaor Holdings Limited on 31 March 2021). The principal activity of the Company is a holding company that does not trade. The Company has a subsidiary which is an intermediate holding company for part of the Harbour Energy group (the "Group"). Details of the Company's subsidiaries are set out in note 7. The directors do not foresee any changes in the Company's activities in the immediate future.

The Group's principal activities are the acquisition, exploration, development and production of oil and gas reserves on the UK and Norwegian Continental Shelves, Indonesia, Vietnam and Mexico. Further information can be found in Harbour Energy plc's consolidated annual report and accounts for the year ended 31 December 2021 (the "Group Report").

Key Performance Indicators (KPIs)

The Group's activities consist of one class of business being the acquisition, exploration, development and production of oil and gas reserves. The Company's KPIs are aligned with those of the Group. Further information about KPIs in the context of the Group business can be found in the Group Report and are reflected in the results above.

Principal Risks and Uncertainties

The Company is subject to a range of risks, these risks are identified and managed by the Group. Information about risks and uncertainties in the context of the Group business can be found in the Strategic Report within the Group Report.

Premier Oil Group Holdings Limited

Directors' Report

The directors present their annual report and audited financial statements for the year ended 31 December 2021.

Directors

The following served as directors of the Company during the year and up to the date of signing of the financial statements:

Andrew Gibb	resigned 15 April 2021
Richard Rose	resigned 15 April 2021
Philip Kirk	appointed 15 April 2021, resigned 28 February 2022
Alexander Krane	appointed 15 April 2021
Howard Landes	appointed 15 April 2021
Stuart Wheaton	appointed 9 November 2021

Dividends

During the year, the Company did not pay any dividends (2020: \$nil). The directors do not recommend the payment of a final dividend (2020: \$nil).

Future Developments

There have not been any significant changes in the Company's principal activities in the year under review and the directors do not foresee any changes in the Company's activities in the immediate future.

Directors' Liabilities

The Company has made qualifying third-party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

Going Concern

The Directors have adopted the going concern basis of accounting for the preparation of the financial statements as the Company's ultimate parent company, Harbour Energy plc, has undertaken to directly provide the necessary financial support, to the Company, as and when required, to meet all liabilities for a period of 12 months from the date of signing these financial statements.

Disclosure of Information to the Auditors

Each of the persons who is a director at the date of approval of this report confirms that:

- (1) so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- (2) the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Strategic Report, Directors' Report and the Financial Statements in accordance with applicable UK law and regulations.

Company law requires the Directors to prepare Financial Statements for each financial year. Under that law the directors have elected to prepare the Financial Statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101).

Under company law the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the net income or loss of the Company for that period.

In preparing these Financial Statements the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in FRS 101 is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the Company's financial position and financial performance;
- state whether applicable United Kingdom Accounting Standards, including FRS 101, have been followed, subject to any material departures disclosed and explained in the Financial Statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditor's report to the members of Premier Oil Group Holdings Limited

Opinion

We have audited the financial statements of Premier Oil Group Holdings Limited for the year ended 31 December 2021 which comprise the Balance Sheet, the Statement of changes in equity and the related notes 1 to 10, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework".

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 31 December 2021 and of its results for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Independent Auditor's report to the members of Premier Oil Group Holdings Limited (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Auditor's report to the members of Premier Oil Group Holdings Limited (continued)

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are those that relate to the reporting framework (the Companies Act 2006 and FRS 101 "Reduced Disclosure Framework") and the relevant tax compliance regulations in the jurisdictions in which the company operates. In addition, we concluded that there are certain significant laws and regulations that may have an effect on the determination of the amounts and disclosures in the financial statements, including those relating to health and safety, employee matters, environmental, and bribery and corruption practices;
- We understood how the company is complying with those frameworks by making enquiries of management, legal counsel and the Company Secretary. We corroborated the results of our enquiries through our review of Board minutes and correspondence received from regulatory bodies and noted that there was no contradictory evidence;
- We assessed the susceptibility of the financial statements to material misstatement, including how fraud might occur by considering the degree of incentive, opportunity and rationalisation that may exist to perform fraud. Where fraud risks were identified, we applied journal entry selection criteria to identify journals that were considered unusual or indicative of potential fraud before tracing such transactions back to source information in order to test their validity and appropriateness. In addition, our procedures included review of the volume and nature of complaints received by the whistleblowing hotline during the year. Further, we gained an understanding of the entity level controls and policies that the company applies; and
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved testing of journal entries, with a focus on journals indicating large or unusual transactions or meeting our defined risk criteria based on our understanding of the business, enquiries of management and the directors and review of legal correspondence. For journals selected we understood the nature and purpose of the journal, traced adjustments back to source documentation and tested that the journal had been authorised in line with company policy. Based on the results of our audit procedures, there were no significant instances of non-compliance with laws and regulations identified.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Independent Auditor's report to the members of Premier Oil Group Holdings Limited (continued)

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Premier Oil Group Holdings Limited

Notes to the Financial Statements

For the year ended 31 December 2021

1. Authorisation of Financial Statements

The financial statements of the Company for the year ended 31 December 2021 were authorised for issue by the board of directors on the 30 September 2022 and the balance sheet was signed on the board's behalf by Alexander Krane.

The Company is a private company incorporated in England and Wales under the Companies Act. The address of the registered office is 23 Lower Belgrave Street, London, SW1W 0NR.

These financial statements are separate financial statements. The company is a subsidiary of Harbour Energy plc (formerly Premier Oil plc). The group financial statements of Harbour Energy plc are available to the public and can be obtained from 23 Lower Belgrave Street, London, SW1W 0NR or on the company website www.harbourenergy.com. The registered office address of the parent company preparing consolidated financial statements is 4th Floor, Saltire Court, 20 Castle Terrace, Edinburgh, EH1 2EN.

The principal accounting policies adopted by the Company are set out in note 2.

2. Accounting Policies

Basis of Preparation

The financial statements are prepared under the historical cost convention, except for certain financial assets and liabilities (including derivative financial instruments) which have been measured at fair value, and are in accordance with The Companies Act 2006, as applicable to companies using Financial Reporting Standard 101 "Reduced Disclosure Framework" (FRS 101). The financial statements are presented in US Dollars and all values are rounded to the nearest thousand dollars (\$'000) except when otherwise stated.

The accounting policies which follow, set out those policies which apply in preparing the financial statements for the year ended 31 December 2021 under FRS 101. All accounting policies have been applied consistently, other than where new policies have been adopted. The Group accounting policies have been revised (following the merger between Premier Oil group plc and Chrysaor Holdings Limited), this has had no material impact on the current or future financial periods. As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to share-based payments, financial instruments, capital management, presentation of comparative information in respect of certain assets, presentation of a cash-flow statement, impairment of assets and related party transactions.

Where relevant, equivalent disclosures have been given in the group financial statements of Harbour Energy plc.

Going Concern

The Directors have adopted the going concern basis of accounting for the preparation of the financial statements as the Company's ultimate parent company, Harbour Energy plc, has undertaken to directly provide the necessary financial support, to the Company, as and when required, to meet all liabilities for a period of 12 months from the date of signing these financial statements.

Foreign Currency Translation

The Company's functional currency and presentation currency is US Dollars.

Transactions recorded in foreign currencies are initially recorded in the Company's functional currency by applying an average rate of exchange. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the reporting date. All differences are taken to the income statement. Non-monetary assets and

Premier Oil Group Holdings Limited

Notes to the Financial Statements

For the year ended 31 December 2021 (continued)

liabilities denominated in foreign currencies are measured at historic cost based on exchange rates at the date of the transaction and subsequently not retranslated.

Investments

Investments in subsidiaries are held at cost less accumulated impairment losses.

The Company assesses, at each reporting date whether there is an indication that an investment may be impaired. Where an indicator of impairment exists, the Company estimates the recoverable amount of the underlying net asset value of the relevant subsidiary, being the higher of the fair value costs of disposal and value in use. If the recoverable amount is less than the carrying amount of the investment, the carrying amount is reduced to its recoverable amount. The difference between the carrying amount and recoverable amount is recognised as an impairment loss in the Income statement.

Taxes***i. Current Tax***

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax related to items recognised directly in other comprehensive income or equity is recognised in other comprehensive income or directly in equity not in the income statement.

ii. Deferred Tax

Deferred taxation is recognised in respect of all timing differences arising between the tax bases of the assets and liabilities and their carrying amounts in the financial statements with the following exceptions:

- Deferred income tax assets are recognised only to the extent that it is probable that the taxable profit will be available against which the deductible temporary difference, carried forward tax credits or tax losses can be utilised.
- Deferred income tax assets and liabilities are measured on an undiscounted basis at the tax rates that are expected to apply when the related asset is realised, or liability is settled, based on tax rates and laws enacted or substantively enacted at the balance sheet date. The carrying amount of the deferred income tax asset is reviewed at each balance sheet date.
- Deferred income tax assets and liabilities are offset, only if a legally enforceable right exists to be offset current assets against current tax liabilities, the deferred income tax relates to the same tax authority and that same tax authority permits the Company to make a single net payment.

New Accounting Standards and Interpretations

IBOR reform and other amendments and interpretations applying for the first time in 2021 do not have an impact on the financial statements of the Company.

Premier Oil Group Holdings Limited

Notes to the Financial Statements

For the year ended 31 December 2021 (continued)

Accounting Standards Issued But Not Yet Effective

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below (and as detailed in the Group Report). The Company intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

- *Amendments to IAS 1, Presentation of Financial Statements - classification of liabilities as current or non-current*
- *Amendments to IFRS 3 - Reference to the Conceptual Framework*
- *Amendments to IAS 8 - Definition of Accounting Estimates*
- *Amendments to IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies*
- *Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction*
- *IFRS 9 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liabilities*

The amendments listed above are not expected to have a material impact on the Company.

Critical Accounting Judgements and Estimates

The preparation of the Company's financial statements in conformity with FRS 101 requires management to make judgements, estimates and assumptions at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the assets or liabilities affected in future periods. In particular, the Company has identified the following areas where significant judgement, estimates and assumptions are required.

In particular the Company has identified the following areas where significant judgement, estimates and assumptions are required.

Critical accounting judgements

- the recoverability of the Company's investment (see above and note 7).

Key sources of estimation uncertainty

- *Climate change*

The Group monitors global climate change and energy transition developments and plans accordingly. Management recognises there is a general high level of uncertainty about the speed and scale of impacts which, together with limited historical information, provides significant challenges in the preparation of forecasts and plans with a range of possible future scenarios.

All new economic investment decisions include the cost of carbon and opportunities are assessed on their climate-impact potential and alignment with Harbour Energy's Net Zero goal, taking into consideration both GHG volumes and intensity. Emissions reduction incentives are part of staff remuneration and annual bonus schemes.

As a result, climate change and the energy transition have the potential to significantly impact the accounting estimates adopted by management and therefore the valuation of assets and liabilities reported on the balance sheet. On an ongoing basis management continues to assess the potential impacts on the significant judgements and estimates used in the financial statements. Estimates adopted in the preparation of the financial statements reflect management's best estimate of future market conditions where, in particular, commodity prices can be volatile.

Premier Oil Group Holdings Limited

Notes to the Financial Statements

For the year ended 31 December 2021 (continued)

3. Income statement

No income statement is presented with these financial statements because the Company has not received income, incurred expenditure or recognised any gains or losses during the period since incorporation.

4. Auditor's Remuneration

The audit fee was borne by the ultimate parent company without recharge in the current and prior year.. There have been no non-audit fees charged in the current year (2020: \$nil).

5. Staff Cost and Directors' Remuneration

The Company employed no staff during the year (2020: none).

The directors received no remuneration for their services to the Company in the current or preceding year as salaries are paid by the ultimate parent company or other group companies. The Company's directors believe that it is not practicable to apportion their remuneration between qualifying services for the Company and other group companies in which they hold office.

6. Taxation

There was no current or deferred tax charge for the year (2020: \$nil).

7. Investments

	2021
<i>Cost and net book value:</i>	<i>\$'000</i>
At 1 January and 31 December	<u>603,043</u>
