Further book debts have been collected in totalling £1,488.36.

A utility refund of £100 has been received.

The book debt collection is now at an end and we have paid our collection agents their outstanding fee of £372.09.

All matters have now been concluded.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <http://www.begbies-traynorgroup.com/work-details> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment.

The details below relate to the work undertaken in the period of the report only. Our previous report contains details of the work undertaken since our appointment.

General case administration and planning

Dealing with general filing, calls and emails
Case reviews, planning and strategy
Finalising book debt collection and liaising with agents instructed

Compliance with the Insolvency Act, Rules and best practice

The majority of the above work derived no financial benefit for creditors. However, the Insolvency Profession is a highly regulated industry and we are required to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case.

Investigations

Finalising investigations regarding payments made by the company prior to liquidation. Obtain and review information from company's former accountant and director and conclude no further action required.

This work has not derived any financial benefit for creditors but it may well have done.

Dealing with all creditors' claims (including employees), correspondence and distributions

Liaising with creditors via telephone, post and email

Dealing with creditor queries

Maintaining creditor records and recording claims received

We are required to respond to creditors' queries in a timely manner.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures), tax, litigation, pensions and travel

5. OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the director's statement of affairs and our previous progress report.

There have been insufficient realisations, after costs, to enable a distribution to be made to any class of company creditor.

Unsecured creditors

I am required by the Insolvency (England & Wales) Rules 2016 to inform creditors if:

- (a) I intend to declare a final dividend;
- (b) if no dividend will be declared; or

Please accept this Report as Confirmation of NO Declaration of a Dividend

6. REMUNERATION & EXPENSES

Our remuneration has been fixed by a decision of the creditors by way of correspondence on 24 February 2022 by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up as set out in the fees estimate dated 28 January 2022 in the sum of £29,837.96.

We are also authorised to draw expenses for services provided by our firm and/or entities within the Begbies Traynor group, in accordance with our firm's policy and which is attached at Appendix 2 of this report.

Our time costs for the period from 4 January 2023 to 14 November 2023 amount to £6,654.50 which represents 21 hours at an average rate of £316.88 per hour.

The following further information in relation to our time costs and expenses is set out at Appendix 2:

- ❑ Time Costs Analysis for the period 4 January 2023 to 14 November 2023
- ❑ Begbies Traynor (Central) LLP's charging policy

Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

To 14 November 2023, we have drawn the total sum of £6,485.80 on account of our remuneration, against total time costs of £25,777 incurred since the date of our appointment. In addition to the time costs information disclosed at Appendix 2 for the period since our last progress report, our previous progress report contained details of the time costs we had incurred as at the date of that report.

What was the anticipated payment for administering the case in full and did the joint liquidators receive that payment?

We estimated that the cost of administering the case would be in the region of £29k, and subsequently you provided approval for us to draw our remuneration up to that level. We anticipated that the remuneration actually drawn would be in the region of £6-7k based on the value of assets to realise and the estimated costs to be discharged.

Details of what remuneration has been drawn is detailed above. All additional costs incurred over and above what has been approved are to be written off.

However, please note that should there be additional or unexpected asset realisations, we will look to draw further remuneration from those too, capped at the level that the creditors have approved.

Category 1 Expenses

During the period to 14 November 2023, we have also drawn expenses :

Book debt collection agents - fee of £372.09.

Statutory bonding costs of £20 have been paid to Marsh Ltd

Category 2 Expenses

Insurance costs of £328.10 have been paid to Eddisons Insurance Services, part of Begbies Traynor Group, and for which we have creditor approval to pay.

During the previous period we paid Statutory Advertising costs of £188.20 and bond cost of £20.

Expenses paid are in line with those originally estimated.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance* requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6 minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- ❑ *Category 1 expenses (approval not required)* - Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- ❑ *Category 2 expenses (approval required)* - Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm.

Shared or allocated costs (pursuant to (i) above)

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

* Statement of Insolvency Practice 9, (SIP9) – Payments to Insolvency office holders and their associates from an estate

- ☐ Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 per meeting;
- ☐ Car mileage which is charged at the rate of 45 pence per mile

Payments anticipated to be made to associates (pursuant to (ii) above)

Services provided by other entities within the Begbies Traynor group

The following expenses which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

For example - Eddisons Commercial Ltd – valuation and disposal of chattel assets

In addition to the services detailed above, it may become necessary to instruct Eddisons Commercial Limited to provide additional services, not currently anticipated, during the course of the case. In such circumstances and to avoid the costs associated with seeking further approval, the charges for such services will be calculated on a time costs basis at the prevailing hourly rates for their various grades of staff which are currently as follows:

Grade of staff	Charge-out rate (£ per hour)
Director	£275
Associate	£180
Surveyor	£120
Graduate	£100
Administration	£80
Porters	£35

Additional payments received by Eddisons Commercial Limited from purchasers where assets are disposed of by way of auction

In addition to the charges of Eddisons Commercial Limited detailed above for providing the services to the office holder, where any machinery and business assets (other than freehold/leasehold property) are disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's premium, equivalent to 15% of the successful bid. Where any freehold/leasehold property is disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's administration fee, in the sum of £600. It is standard auction industry practice for a buyer's premium and buyer's administration fee to be charged. The buyer's premium and buyer's administration fee is paid by the purchaser of the assets and is not paid by the office holder from the assets of the estate.

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 expense*:

- ☐ Telephone and facsimile
- ☐ Printing and photocopying
- ☐ Stationery
