DIRECTORS' REPORT FOR THE PERIOD ENDED 31 DECEMBER 2018

The Directors present their report and the financial statements for the period ended 31 December 2018.

Directors' responsibilities statement

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies for the Company's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Principal activity

The Company was incorporated on the 1 August 2017. The principal activity of the Company during the period is the development and construction of a gas peaking power plant.

The Company changed its financial year end from 31 August to 31 December.

Going concern

The financial statements have been prepared on the going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future.

The Directors believe that the Company will be in a position to meet its financial obligations as they fall due where reliance can be called upon from the parent if necessary.

The Directors confirm that they have complied with the requirements of the Companies Act 2006. Based on the assessment they have made of the Company's financial situation, they have concluded they have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and continue to adopt the going concern basis in preparing the accounts.

Results and dividends

The loss for the period, after taxation, amounted to £45,999.

- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

The Directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditors' Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF HARTMOOR GENERATION LIMITED (FORMERLY HARTGEN LIMITED) (CONTINUED)

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 1, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

HARTMOOR GENERATION LIMITED (FORMERLY HARTGEN LIMITED)

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2018

1. Accounting policies

1.1 Basis of preparation of financial statements

The Company financial statements are prepared for Harelaw Generation Limited for the period ended 31 December 2018. The financial statements are presented in Pound Sterling, the presentation and functional currency of the Company with figures rounded to the nearest pound. The Company is limited by shares and is incorporated in the United Kingdom.

The financial statements have been prepared under the historical cost convention and in accordance with FRS 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006. There are no material departures from these standards.

The Company changed its financial year end from 31 August to 31 December.

1.2 Going Concern

The financial statements have been prepared on the going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future.

The Directors believe that the Company will be in a position to meet its financial obligations as they fall due where reliance can be called upon from the parent if necessary.

The Directors confirm that they have complied with the requirements of the Companies Act 2006. Based on the assessment they have made of the Company's financial situation, they have concluded they have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future and continue to adopt the going concern basis in preparing the accounts.

1.3 Exemption under FRS102

In preparing the separate financial statements of the Company, advantage has been taken of the following disclosure exemptions available in FRS 102:

- No cash flow statement has been presented for the Company;
- Disclosures in respect of the Company's financial instruments have not been presented as equivalent disclosures have been provided in respect of the Group as a whole; and,
- transactions with group undertakings where 100% of the voting rights are controlled within the group.

Refer to Note 13 for more information on where to obtain a copy of the Group accounts.

1.4 Interest payable

Interest income and expenditure relates to cash at bank and loans from other group entities. Interest costs in relation to loans from other group entities are recognised in the income statement as they accrue.

HARTMOOR GENERATION LIMITED (FORMERLY HARTGEN LIMITED)

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2018

1. Accounting policies (continued)

1.5 Loans

Loans with other group entities are considered "basic" financial instruments as defined under FRS 102 par 11.5 and 11.8 and are recognised at amortised cost.

Term facility loans with external borrowers (i.e. Banks) are considered "basic" financial instruments as defined under FRS 102 par 11.5 and 11.8 and are measured at amortised cost using the effective interest method, whilst other term facilities i.e. VAT facilities are recognised at amortised cost.

1.6 Capitalisation of finance costs and interest expense

Interest is capitalised gross of related tax relief and before any effective interest method calculation adjustments during the period of construction where it relates either to the financing of major projects with long periods of development or to dedicated financing of other projects. All other interest is charged against income in the year in which it is incurred.

1.7 Project in development

Costs which are directly attributable to the development of potential gas peaking power plant sites, and which have a reasonable expectation of obtaining the consents required for constructing a gas peaking power plant, and to the extent that those costs do not exceed expected recoverable amounts, are treated as work in progress and not expensed. The main aspects to address during the initial development stage of a gas peaking power plant are planning consent and early grid and gas connection analyses (including feasibility and applications). Once a site has achieved planning consent, the preconstruction stage begins and consists of the selection of appropriate gas engines, the completion of designs for the layout of the site (both civil and electrical), the grid and gas connections. All contracts required for the supply of electricity are also completed. At the same time, negotiations take place with lenders to arrange financing of the gas peaking power plant.

By the end of these phases, the gas peaking power plant will reach financial close and construction can begin, with the assets then classified as assets in construction.

Development costs are capitalised using management's assessment of the likelihood of a successful outcome from each project. Should the gas peaking power plant not reach financial close any capitalised development costs would be expensed.

HARTMOOR GENERATION LIMITED (FORMERLY HARTGEN LIMITED)

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2018

1. Accounting policies (continued)

1.8 Current and deferred taxation

Tax expense for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except that a change attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the balance sheet date.

Deferred tax is accounted for in respect of all timing differences that have originated but not reversed by balance sheet date.

Deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Current and deferred tax balances are not discounted.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the difference between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax.

1.9 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

1.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

1.11 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, the Directors have made the following judgements:

There are not considered to be any indicators of impairment of the Company's tangible assets, including Project in development. Factors taken into consideration in reaching such a decision include economic viability and expected future financial performance of the asset.

Going concern – refer to note 1.2.

HARTMOOR GENERATION LIMITED (FORMERLY HARTGEN LIMITED)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 DECEMBER 2018**

6. Taxation (continued)

The Finance (no 2) Act 2015 included legislation to reduce the main rate of corporation tax in the UK from 20% to 19% with effect from 1 April 2017 and to 18% with effect from 1 April 2020. As these changes were substantively enacted during 2015, they were reflected in the tax charge for the year.

The phased reduction to the main rate of UK corporation tax is expected to have an impact on the future income statement tax charge of the Company as a lower rate is applied to taxable profits, and deferred tax assets and liabilities are adjusted to reflect their reversal at a lower rate of corporation tax.

Deferred Tax

The Company has an unrecognised deferred tax asset of £7,820 in respect of tax losses carried forward. This asset has not been recognised as there is insufficient certainty as to its recoverability against future trading profits.
