### **Director's Report**

*For the year ended 31 December 2021*

The director presents his report and the financial statements for the year ended 31 December 2021.

This report has been prepared in accordance with the special provisions of section 381 of the Companies Act 2006 relating to small companies. The director has taken exemption under this regime not to disclose the strategic report.

#### **Principal activity**

The principal activity of the company is that of an intermediate holding company and provides financing to a group of subsidiaries owning investment properties in the United Kingdom.

#### **Business review**

##### ***Fair review of the business***

The company's financial statements show a loss after tax for the year of £10.6m (2020: loss of £12.8m). The performance and financial position of the company is measured on how it complements the group operations. The company's development to date, performance and the financial position as reflected in the financial statements is satisfactory.

On 9 April 2021, the company received a capital contribution of £12.8m from its parent and on the same day made a capital contribution of £12.8m to its direct subsidiary. On 30 June 2021, the company received a capital contribution of £64.4m from its parent.

#### ***Going concern***

The directors have concluded that the company is a going concern, refer to note 2(d).

#### **Financial instruments**

##### ***Objectives and policies***

The main risks arising from the company's financial instruments are liquidity risks. The Board reviews and agrees policies for managing these risks and is summarized below.

##### ***Liquidity risk***

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities when they fall due without incurring unacceptable losses or risking damage to the group's reputation. The company uses cash flow forecasting tool to monitor its cash flow requirements. The company's investees operate in the hotel industry which generates sufficient liquid cash to meet the group's operating and financing cash outflows.

#### **Dividends**

The directors do not recommend a dividend for the current period. No dividend was paid in the current or prior period.

## **UK Investment Company 210 Limited**

### **Director's Report**

*For the year ended 31 December 2021 (continued)*

#### **Director of the company**

The director, who held office during the year, was as follows:

E Kassianos

#### **Disclosure of information to the auditors**

The director has taken steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information. The director confirms that there is no relevant information that he knows of and of which he knows the auditor is unaware. This confirmation is given and should be interpreted in accordance with the provision of section 418 of the Companies Act 2006.

#### **Reappointment of auditors**

The auditors BDO LLP are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Approved by the Board on 10 August 2022 and signed on its behalf by:

Director

## **UK Investment Company 210 Limited**

### **Statement of Director's Responsibilities**

The director acknowledges his responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101'). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **UK Investment Company 210 Limited**

### **Independent Auditor's Report to the Members of UK Investment Company 210 Limited**

#### **Opinion on the financial statements**

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of UK Investment Company 210 Limited (the 'company') for the year ended 31 December 2021, which comprise the Income Statement, Statement of Financial Position, Statement of Changes in Equity, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Independence**

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

#### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

## **UK Investment Company 210 Limited**

### **Independent Auditor's Report to the Members of UK Investment Company 210 Limited (continued)**

#### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the Annual Report and Financial Statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### **Other Companies Act 2006 reporting**

In our opinion, based on the work undertaken in the course of the audit:

- information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the director was not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions from the requirement to prepare a Strategic report.

#### **Responsibilities of the director**

As explained more fully in the Statement of Directors' Responsibilities, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the director is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the company or to cease operations, or have no realistic alternative but to do so.

## **UK Investment Company 210 Limited**

### **Independent Auditor's Report to the Members of UK Investment Company 210 Limited (continued)**

#### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### ***Extent to which the audit was capable of detecting irregularities, including fraud***

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our sector experience through discussion with the directors and other management (as required by auditing standards).
- We had regard to laws and regulations in areas that directly affect the financial statements including financial reporting (including related company legislation) and taxation legislation. We considered that extent of compliance with those laws and regulations as part of our procedures on the related financial statement items.
- With the exception of any known or possible non-compliance, and as required by auditing standards, our work in respect of these was limited to enquiry of the directors.
- We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.
- Our tests included agreeing the financial statement disclosures to underlying supporting documentation where relevant.
- We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates, in particular impairment reviews for investments and related party receivables, and cash flow forecasts supporting the going concern assessment, are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## **UK Investment Company 210 Limited**

### **Independent Auditor's Report to the Members of UK Investment Company 210 Limited (continued)**

#### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## **UK Investment Company 210 Limited**

### **Notes to the Financial Statements**

*For the year ended 31 December 2021*

#### **1 General information**

UK Investment Company 210 Limited (the company) is a private company limited by shares, incorporated and domiciled in the United Kingdom under the Companies Act 2016 and registered in England. The address of its registered office is disclosed in the company information. The principal activity of the company is described in the Directors' report.

#### **2 Accounting policies**

##### **(a) Basis of preparation**

The company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements' issued by the Financial Reporting Council. These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework.

The financial statements have been prepared on the historical cost basis and in accordance with the Companies Act 2006.

The presentation and functional currency of the company is pounds sterling. The financial statements are presented in thousands of pounds (£'000) unless stated otherwise.

##### **(b) Summary of disclosure exemptions**

The following exemptions from the requirements of IFRS have been applied in preparation of these financial statements, in accordance with FRS 101:

- The following paragraphs of IAS 1 Presentation of financial statements:
  - 10(d) statement of cash flows
  - 16 statement of compliance with all IFRS
  - 134-136 capital management disclosures,
- Paragraph 30 and 31 of IAS 8, disclosure and impact of new IFRSs that has been issued but not yet effective, and
- The requirements in IAS 24 of Related party disclosures, to disclose related party transactions entered between two or more members of a group.

Where relevant equivalent disclosures have been given in the consolidated financial statements of Vivion Investments Sarl which will be available to the public and can be obtained from 155 rue Cents, L-1319, Luxembourg.

## **UK Investment Company 210 Limited**

### **Notes to the Financial Statements**

*For the year ended 31 December 2021 (continued)*

#### **2 Accounting policies (continued)**

##### **(c) Consolidation exemption**

The financial statements contain information about UK Investment Company 210 Limited as an individual company and do not contain consolidated financial information as the parent of a group.

The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its parent, Vivion Investments Sarl, a company incorporated in Luxembourg.

##### **(d) Going concern**

The company assesses its going concern basis of preparation on a group wide basis. The group meets its day to day working capital requirements from normal trading activities through its investment in a portfolio of hotels. The directors have prepared cash flow forecasts for the group headed by Jersey Investment Company 210 Limited for a period of 12 months from the date of signing these accounts. These forecasts show that the group is expected to be able to meet its obligations and liabilities as they fall due for the next 12 months.

The company's subsidiary and fellow subsidiary undertakings have confirmed that they will not call for repayment of balances due to them for a period of 12 months from the date of signing these financial statements unless the company is able to make such repayment and still continue in operation in meeting its liabilities as and when they fall due. In addition, the company has received confirmation from a fellow subsidiary undertaking that they will continue to provide such finance as the company requires for the next 12 months in order to continue in operational existence and to meet its obligations and liabilities as they fall due.

In view of the above the Directors have therefore concluded that they consider it appropriate for the financial statements to be prepared on a going concern basis.

##### **(e) Foreign currencies**

In preparing these financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

##### **(f) Investments**

Investments in subsidiary undertakings are stated at cost less provision for impairment.

## **UK Investment Company 210 Limited**

### **Notes to the Financial Statements**

*For the year ended 31 December 2021 (continued)*

#### **2 Accounting policies (continued)**

##### **(g) Financial instruments**

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value.

The company's non-derivative financial instruments include loans and receivables and other financial liabilities.

##### ***Loans and receivables***

Loans and receivables are non-derivative financial assets with fixed or determinable payments. These include:

##### ***Other receivables***

Other receivables are initially recognised at fair value, based upon discounted cash flows at prevailing interest rates for similar instruments, or at their nominal amount less expected credit losses if due in less than 12 months. Subsequent to initial recognition, other receivables are valued at amortised cost less expected credit losses.

##### ***Other financial liabilities***

Other financial liabilities (including loans and borrowings and other payables) are subsequently measured at amortised cost using the effective interest method.

##### ***Other payables***

Other payables are initially recognised at fair value, based upon the nominal amount outstanding. Subsequent to initial recognition, they are recorded at amortised cost.

##### ***Effective interest method***

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

##### ***Impairment of financial assets***

The company always recognises expected credit losses for other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. The carrying amount of the financial asset is reduced by the impairment loss.

## **UK Investment Company 210 Limited**

### **Notes to the Financial Statements**

*For the year ended 31 December 2021 (continued)*

#### **2 Accounting policies (continued)**

##### **(g) Financial instruments (continued)**

###### ***Offsetting of financial instruments***

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

###### ***De-recognition of financial assets***

The company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. Any interest in such transferred financial assets that is created or retained by the company is recognised as a separate asset or liability.

###### ***De-recognition of financial liabilities***

The company derecognises financial liabilities when, and only when, the company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

##### **(h) Taxation**

Tax expense represents the sum of the tax currently payable and deferred tax.

###### ***Current tax***

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'profit before tax' as reported in profit and loss account because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### **3 Critical accounting judgements and key sources of estimation uncertainty**

In the application of the company's accounting policies, the directors of the company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

###### ***Key sources of estimation uncertainty***

The key source of estimation uncertainty at the balance sheet date, that may have a significant risk of causing a material adjustment to the carrying amounts of assets within the next financial year, are discussed below.

## UK Investment Company 210 Limited

### Notes to the Financial Statements

For the year ended 31 December 2021 (continued)

#### 3 Critical accounting judgements and key sources of estimation uncertainty (continued)

##### Impairment of investment in subsidiary undertakings

Determining whether the company's investment in subsidiary undertakings have been impaired requires estimations of the investment's values in use. The value in use calculations require the entity to estimate the future cash flows expected to arise from the investment and suitable discount rates in order to calculate present values. Based on the assessment made during the year, the investment in subsidiary undertakings is not considered to be impaired, refer to note 9.

##### Impairment of related party receivables

The recoverability of related party receivables are assessed based on factors specific to each individual receivable. Based on the assessment made during the year related party receivables are not considered to be impaired, refer to note 10.

#### 4 Operating profit/(loss)

The company had no employees and incurred no staff costs in the current or prior period.

#### 5 Finance costs

	2021 £ 000	2020 £ 000
Interest expense on related party loans	10,636	12,454

#### 6 Directors' remuneration

The directors received no emoluments or benefits from the company for their services in the current or prior period.

#### 7 Auditors' remuneration

Auditor's remuneration of £4,300 (2020: £4,100) has been borne by a fellow group undertaking in the current and prior year.

#### 8 Income tax

Tax charge in the income statement:

	2021 £ 000	2020 £ 000
Current taxation	-	-
Total tax expense/(credit) in the income statement	-	-

## UK Investment Company 210 Limited

### Notes to the Financial Statements

*For the year ended 31 December 2021 (continued)*

#### 8 Income tax (continued)

##### *Factors affecting current tax charge for the period*

The tax on profit before tax for the year on ordinary activities is higher than the standard rate of corporation tax in the UK (2020: higher than the standard rate of corporation tax in the UK) of 19% (2020: 19%).

The differences are reconciled below:

	2021 £ 000	2020 £ 000
Loss before tax	(10,633)	(12,759)
Corporation tax at standard rate	(2,020)	(2,424)
<i>Effects of:</i>		
Expenses not deductible for tax purposes	-	10
Deferred tax asset not recognised	2,020	2,414
<b>Total tax charge/(credit)</b>	<b>-</b>	<b>-</b>

##### *Factors affecting the tax charge in future years*

The standard rate of corporation in the UK was changed from 20% to 19% with effect from 1 April 2017. In the 2016 Budget, the government announced a further reduction in the rate to 17% for the financial year beginning from 1 April 2020. This reduction was overturned by legislation passed in March 2020 with the effect that the corporation tax rate remained at 19%.

In its 2021 Budget, the government announced an increase in the standard rate of corporation tax from 19% to 25%, taking effect from 1 April 2023. The deferred tax balance as at the balance sheet date is recognised at this rate.

No deferred tax asset has been recognised in respect of corporate interest restriction disallowance as it is not certain that there will be sufficient taxable profits to utilise them.

#### 9 Investments

Subsidiaries	£ 000
<b>Cost</b>	
At 1 January 2021	271,352
Capital contribution	12,800
<b>At 31 December 2021</b>	<b>284,152</b>
<b>Net book value</b>	
<b>At 31 December 2021</b>	<b>284,152</b>

## UK Investment Company 210 Limited

### Notes to the Financial Statements

*For the year ended 31 December 2021 (continued)*

#### 9 Investments (continued)

Details of the subsidiaries as at 31 December 2021 are as follows:

Name of subsidiary	Principal activity	Ownership interest in ordinary shares (%)	
		2021	2020
