1. Accounting policies

Company information

Signature Legends (Belfast) Limited is a private company limited by shares, registered in England and Wales and incorporated in the United Kingdom under the Companies Act. The address of the registered office is Kingsway House, Hatton Garden, Liverpool, Merseyside, England.

Accounting convention

The principal accounting policies are summarised below. The financial statements are prepared in accordance with FRS 102 'The financial reporting standard applicable in the UK and the Republic of Ireland' (FRS 102) and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure was necessary to show a true and fair view of the accounts for the period ending 31 March 2019.

The financial statements have been prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

Reporting period

The reporting period for the financial statements is from the date of incorporation to 31 March 2019. A period of 15 months.

Going concern

After making enquires, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Financial assets and liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially measured at transaction price and, where applicable, are subsequently measured at amortised cost.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held on call with banks, other short term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within current liabilities.

Taxation

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Critical accounting judgements and key sources of estimation uncertainty

The Director does not consider there to be any key sources of estimation uncertainty or material judgements used in the preparation of these accounts.
