PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

The company's stakeholders are residents of and visitors to Brighton and Hove Seafront that swim in the sea, members of the Salty Seabird community group and local people with poor mental health in the surrounding area. The directors of the company have lived in Brighton and Hove for a number of years and developed the business model for their webshop and wild swim group based on their experience of talking to other sea swimmers, watersports providers and mental health workers.

The two Seabirds Directors are member of the Network of Admins of Outdoor Swimming Society Wild Swim Groups. We have built links and friendships with other swim groups and swimmers to enable best practice sharing. We regularly reach out to our community group members to understand the requirements of the group and how we can better meet their needs. We provide regular blogs and talks with advice on sea swimming and wellbeing. These have been adapted for covid with the introduction of free online webinars.

We ask everyone who has completed a water and wellbeing course with us to fill in a short questionnaire about their experience and emotions. This has helped us to build up a profile of participant needs and what we can do to meet them effectively. Our research has enabled us to identify that childcare, transport and confidence are the biggest barriers preventing people from swimming in the sea to improve their wellbeing.

Our focus in 2021 will be on those who are unable to swim and do not identify with the current swimming community and work with other organisations to increase the diversity of the group to encourage all members of our local community to access the sea as a way of managing their wellbeing. We have signed up to the Black Swimming Association DIPER Charter and have a lot of work to do to make our swim group membership better reflect our whole community. We hope to achieve this by funding courses of swimming lessons in local pools and provision of swim kit for both children and adults that are underrepresented in the outdoor swimming community.

We specifically set up confidence and technique swim lessons in small groups with qualified swimming teachers and coaches. We initiated "Introduction to Sea Swimming" courses as a way of providing specific safety tips and advice to effectively provide a holding hand for people interested in swimming in the sea but were too nervous to join an established group.
