PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

The company runs the Centre for Psychoanalysis. The Centre provides accessible, in-depth psychological treatment to the local community. It also provides training: intensive training for those who want to become psychoanalysts and other training in psychological treatment for people locally, especially staff working in local mental health services (South London and Maudsley NHS Trust, Kings College Hospital, Institute of Psychiatry, Psychology and Neuroscience).

During the year, with the help of generous donations, the company carried out a major refurbishment of the building at 10 Windsor Walk in order to make it more suitable for the company's activities.

During the year the Centre's activities continued to benefit the local community in the following ways:

- Access for local people to psychotherapy and psychoanalysis with low fee assessments and treatment available to those in need.
- Access for local psychoanalysts and psychotherapists to rooms in which they can offer psychotherapeutics treatment to the local South London community. (There is a lack of settings in South London)
- Education and training programmes for local mental health staff, therapists and other members of the local community: lecture and clinical discussion groups including the Maudsley Lectures in Psychoanalysis
- Training for mental health nurses working in the South London Partnership: series of weekly afternoon lectures and clinical discussion groups
- Reflective practice group for psychologists working in the local community
- Parent infant therapeutic playgroups: enabling parents in the local community to have psychotherapeutic help with their interactions with their infants. This has been made available to parents and children with mental health difficulties.
- Fathers' group: a group aimed at fathers in the local community offering a setting where they can speak about their role, difficulties and identity.

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

The CIC's stakeholders are:

- The local community; residents of the boroughs of Southwark and Lambeth in London who are suffering psychologically,
- Staff working within the local mental health services: South London and Maudsley NHS Foundation Trust, Kings College Hospital Foundation Trust, Institute of Psychiatry, Psychology and Neuroscience. Also extends to include staff from across the South London partnership.

The Directors and members of the Board and Advisory group live and work in the local community. This Centre has arisen out of their experience and finding out about the experience of mental health users, colleagues and other members of the community.

We have consulted with the Directors of Nursing across the South London Partnership: South London and Maudsley NHS Trust, SWL & St Georges and Oxleas Mental health Trusts. As a result we adapted the training for mental health nurses.

We consulted people interested in training in intensive psychological treatment with the Institute of Psychoanalysis and the building we are operating from is accessible for those working at the Maudsley or in South London. We have furnished the building taking into account the feedback from them.

The local community have also been consulted by leafletting play groups, nurseries, GP surgeries etc. about the need for a father's group and parent and toddler groups.
