### **Strategic Report for the Year Ended 31 December 2021**

The directors present their strategic report for the year ended 31 December 2021 for Atlanta Investment Holdings Midco B Limited ("the Company"). The Strategic Report provides a review of the business for the financial year and describes how the directors manage risks. The report outlines the performance of the Company during the financial year and its position at the end of the year. The report discusses the developments that have affected the Company and the main trends and factors that could affect its future. Following significant new equity investment as disclosed in note 13, the Company is now part of a new holding company structure. Prior to this and as at 31 December 2021, the Company was part of The Ardonagh Group Limited ("the Group").

#### **Principal activities and business review**

The principal activity of the Company is that of an intermediate holding company.

The results for the Company show turnover of £Nil (2020: £Nil) and profit before tax of £Nil (2020: Loss £1,668) for the year. At 31 December 2021 the Company had net assets of £49,898 (2020: £31,084). The going concern note (part of accounting policies) on page 11 sets out the reasons why the directors continue to believe that the preparation of the financial statements on a going concern basis is appropriate.

#### **Business strategy and objectives**

The Company will continue to act as an intermediate holding company and support the strategic objectives of the group companies of internal growth and target acquisitions.

#### **Outlook**

The directors do not expect there to be any changes in the nature of the business in 2022.

#### **Key performance indicators**

The directors of the Group manage operations on a segmental basis. For this reason, the Company's directors believe that a detailed separate analysis for the Company is not necessary or appropriate for an understanding of the development, performance or position of the business. The development, performance and position of the Group which includes this Company is discussed in the Group's annual report.

The key performance indicator for the Company is the carrying value of its subsidiary, as this is the main asset of the Company. The performance of the subsidiary will determine whether an impairment to the carrying value is required and this is tested on a regular basis. There is no impairment charge in the current year (2020: £Nil).

#### **Principal risks and uncertainties**

A principal risk of this holding Company is the trading performance of its subsidiaries. Trading performance in the subsidiaries could create the need for impairment leading to a reduction in net assets and distributable reserves of the Company. The subsidiaries set performance targets for the year ahead and performance is reviewed regularly against these targets. Reasons for under performance are monitored and mitigating actions are taken. The investment is reviewed for impairment to ensure the appropriate carrying value in the Company's accounts.

## Atlanta Investment Holdings Midco B Limited

### Strategic Report for the Year Ended 31 December 2021 (continued)

The principal risks and their mitigation are as follows:

#### *Financial risk*

There is the risk of an adverse impact on business value or earnings capacity as well as the risk of inadequate cash flows to meet financial obligations. These risks are mitigated by proactive management of the business plan, by regular monitoring of cash flows against risk appetite and by a focus on debt collection.

The Company and Group have demonstrated their resilience from an economic shock and operational and financial resilience in response to the ongoing Covid-19 pandemic. The Company and Group have sufficient liquidity to withstand a period of potential poor trading resulting from a sustained economic decline, although this has not materialised to date and the Group would respond to income declines by seeking cost savings. The Group had available liquidity of £683.3m at 30 June 2022 and closely monitors available liquidity on an ongoing basis.

Insurance broking is a resilient and defensive market, which has historically had limited impact from past economic or capital market downturns. Ardonagh is highly diversified and not materially exposed to a single carrier, customer, or market sector.

Approved by the Board on 19/09/2022 and signed on its behalf by:

C D Ball  
Director

### **Directors' Report for the Year Ended 31 December 2021**

The directors present their annual report and the unaudited financial statements for the year ended 31 December 2021.

#### **Directors of the Company**

The directors, who held office during the year and up to the date of signing, were as follows:

C D Ball

D Cougill

I J Donaldson

#### **Dividends**

The directors do not recommend a final dividend payment to be made in respect of the financial year ended 31 December 2021 (2020: £Nil).

#### **Financial risk management objectives and policies**

Details of financial risk management objectives and policies can be found in the Strategic Report within the 'Principal risks and uncertainties' section on page 2.

#### **Future developments**

Details of future developments can be found in the Strategic Report within the 'Outlook' section on page 2.

#### **Political donations**

The Company has not made any political donations during the year (2020: £Nil).

#### **Subsequent events**

Details of subsequent events can be found in the Notes to the financial statements within the 'Subsequent events' section on page 18.

#### **Going concern**

The Company's business activities, together with the factors likely to affect its future development are described in the Strategic Report on page 2. The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for a period of at least twelve months from the date of approval of the financial statements. As at 31 December 2021 the Company has net current liabilities of £1,351 (2020: £1,351). In reaching their view on the preparation of the Company's financial statements on a going concern basis, the directors have also considered the letter of support provided by Ardonagh Midco 3 Plc. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements. Further details of this assessment can be found in note 2 to these financial statements.

#### **Directors' indemnities**

All directors of the Company and fellow Group companies benefit from qualifying third-party indemnity provisions, subject to the conditions set out in the Companies Act 2006, which were in place during the financial year and at the date of this report.

Approved by the Board on 19/09/2022 and signed on its behalf by:

C D Ball  
Director

## **Atlanta Investment Holdings Midco B Limited**

### **Statement of Directors' Responsibilities**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 "Reduced Disclosure Framework".

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021**

#### **1 General information**

The Company is a private company limited by share capital, that is incorporated and registered in England, United Kingdom. The details of the Company's registered office address can be found on page 1. The principal activity of the Company is disclosed on page 2 within the 'Strategic Report' section.

These financial statements for the year ended 31 December 2021 were authorised for issue by the Board on 19/09/2022 and the Statement of Financial Position was signed on the board's behalf by C D Ball.

#### **2 Accounting policies**

##### **Summary of significant accounting policies and key accounting estimates**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### **Basis of preparation**

These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework'.

The financial statements are presented in GBP sterling (£), which is also the Company's functional currency.

These financial statements have been prepared under the historical cost convention, as modified to use a different measurement basis where necessary to comply with FRS 101.

The Company was a wholly owned subsidiary of The Ardonagh Group Limited for the year ended 31 December 2021 and so has taken advantage of the exemption under section 400 of the Companies Act 2006 not to prepare group financial statements. Its results are included in the consolidated financial statements of its ultimate parent.

No amendments to standards and interpretations that are mandatorily effective for annual periods beginning on 1 January 2021 have had a material effect on the Company's financial statements.

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)**

#### **2 Accounting policies (continued)**

##### **Summary of disclosure exemptions**

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the UK ("UK-adopted IFRS"), but makes amendments where necessary in order to comply with companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

In these financial statements, the Company has taken advantage of the following disclosure exemptions under FRS 101, where relevant:

- the requirements of paragraphs 45(b) and 46 to 52 of IFRS 2 Share-based Payment concerning details of the number and weighted average exercise price of share options and how the fair value of goods or services received was determined;
- the requirements of IFRS 7 Financial Instruments: Disclosures and of paragraphs 91-99 of IFRS 13 Fair Value Measurement;
- the requirements in paragraph 10(d) and 111 of IAS 1 Presentation of Financial Statements to prepare a Cash flow statement and the requirements in IAS 7 Statement of Cash Flows regarding the same;
- the requirements of paragraphs 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134 to 136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 in IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors regarding disclosure of new IFRS standards not yet effective at the reporting date and their potential impact;
- the requirements in paragraphs 17 and 18A of IAS 24 Related Party Disclosures and the requirements in IAS 24 to disclose related party transactions entered into between two or more members of the Group, provided that any subsidiary which is party to the transaction is wholly owned by such a member; and
- the requirements of paragraphs 130(f)(ii) -(iii), 134(d) - 134(f) and 135(c) - 135(e) of IAS 36 Impairment of Assets in respect of disclosure of valuation techniques, assumptions on which projections used in the impairment review are based and sensitivity analysis.

Equivalent disclosures are included in the Group's consolidated financial statements, as required by FRS 101 where exemptions have been applied.

Judgements made by the directors in the application of these accounting policies that have a significant effect on the financial statements, and estimates with a significant risk of material adjustment in the next year, are discussed in the Critical accounting judgements and key sources of estimation uncertainty disclosure on page 14.

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)**

#### **2 Accounting policies (continued)**

##### **Going concern**

As shown in account note 12, the Company was a member of a group ("the Group") of which The Ardonagh Group Limited ("TAGL") was the ultimate parent company and the highest level at which results were consolidated for the year ended 31 December 2021.

The financial statements of the Company have been prepared on a going concern basis. At 31 December 2021 the Company had net assets of £49,898 (2020: £31,084) and net current liabilities of £1,351 (2020: £1,351). The net current liabilities include amounts receivable from related parties of £Nil (2020: £Nil), and amounts due to related parties of £1,668 (2020: £1,668). The Company reported a loss before tax of £Nil (2020: £1,668).

In reaching their view on the preparation of the Company's financial statements on a going concern basis, the directors have considered the letter of support provided by Ardonagh Midco 3 Plc.

The directors have assessed the Group's financial position and its ability to meet its obligations as and when they fall due. In making the going concern assessment the Directors have taken into account the following:

- The Group's capital structure, operations and liquidity.
- Base case and stressed cash flow forecasts over the calendar years 2022 and 2023.
- The impact on the base case and stressed cashflow forecasts arising from subsequent material acquisitions.
- The principal risks facing the Group, and its systems of risk management and internal control.
- Actual trading and cashflows of the Company and Group since the Company's incorporation, including those of the group of companies previously owned by TAGL.

Key assumptions that the directors have made in preparing the base case cash flow forecasts are that:

- The Group will continue to benefit from a £191.5m Revolving Credit Facility that is not drawn at the date of this report.
- Client retention and renewal rates remain robust, despite the current economic uncertainty, as the 2022 trading performance continues to demonstrate resilience across the Group, including that of the group of companies previously owned by TAGL.

## Atlanta Investment Holdings Midco B Limited

### Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)

#### 2 Accounting policies (continued)

Key stress scenarios that the Directors have considered include cumulative stresses to the base plan as a result of:

- Shortfalls in base case projected income throughout 2022 and 2023.
- Deterioration in base case cash conversion rates over and above the shortfalls in income.
- Mitigating actions within management control including delayed capital expenditure, a reduction in discretionary spend and measured reductions in employee headcount and remuneration.
- The impact of increasing interest rates.

The directors have also modelled reverse stress scenarios, including assessing those that result in a default on the Group's term debt facilities that would require a technical repayment obligation and those that would exhaust available liquidity. The stresses needed for these outcomes to happen significantly exceed the key stress scenarios above and the directors consider such conditions to be a remote possibility. Other mitigations which may be possible in the stress scenarios but have not been included in the analysis include seeking shareholder support, securitising premium receivables and further incremental and more prolonged cost reductions.

The directors continue to consider the wider operational and financial consequences and ramifications of global political and economic tensions (including related to the Ukrainian conflict, inflation and increasing interest rates). In particular:

- Insurance broking is a resilient and defensive market, which has historically had limited impact from past economic or capital market downturns. The Group is highly diversified and not unduly exposed to a single carrier, customer or market sector.
- Although economic developments remain fluid, the stress testing demonstrates the Group's financial resilience and operating flexibility.
- As a result of Russia invading Ukraine, we have seen significant new sanctions legislation from a range of legislators (including the US, EU and UK), with newly sanctioned entities and individuals, and new (or wider in scope) sectoral sanctions targeting Russia (and Belarus). The Ardonagh Group has no appetite for potential breaches of applicable sanctions regimes and applies appropriate controls including automated screening of clients against relevant sanctions lists. We continue to actively monitor the situation as it develops and will respond accordingly as new sanctions are enacted.

Following the assessment of the Company and Group's financial position and its ability to meet its obligations as and when they fall due, including the further potential financial implications of economic uncertainty included in stress tests, the directors are not aware of any material uncertainties that cast significant doubt on the Company's ability to continue as a going concern.

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)**

#### **2 Accounting policies (continued)**

##### **Investments in subsidiaries**

A subsidiary is an entity over which the Company has control. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Investments in subsidiaries are accounted for at cost less, where appropriate, impairment.

##### **Impairment of investment**

The carrying amount of the Company's assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Comprehensive Income.

##### *Calculation of recoverable amount*

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows.

##### **Financial liabilities**

Financial liabilities are initially measured at fair value plus directly attributable transaction costs. The Company's financial liabilities include trade and other payables. Trade and other payables represent amounts due to other Group companies. They are initially recognised at fair value and are subsequently measured at amortised cost.

##### **Share-based payments**

The Company operates equity-settled share-based payment schemes. For equity-settled share-based payment schemes, the fair value of the services received in exchange for the grant of the shares is recognised as an expense, measured based on the grant date fair value of the shares and recognised on a straight-line basis over the vesting period, which generally depends on service and performance conditions being met.

The shares issued under the schemes generally have no dividend or voting rights and cannot be sold. The shares of an equity-settled share-based payment scheme are normally convertible to ordinary shares of the Group on the occurrence of a crystallisation event, being the earlier of a liquidity event, an Initial Public Offering (IPO) and a winding-up. The Company has the option to repurchase the shares if an employee leaves the Company prior to the occurrence of a crystallisation event.

##### **Share capital**

Ordinary shares are classified as equity. Incremental cost directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

##### **Taxation**

The tax expense for the period comprises tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

##### *Current tax*

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

## **Atlanta Investment Holdings Midco B Limited**

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)**

#### **3 Critical accounting judgements and key sources of estimation uncertainty**

Estimates and judgements used in preparing the financial statements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable. The resulting accounting estimates will, by definition, seldom equal the related actual results.

There are no critical accounting judgements that would have a significant effect on the amounts recognised in the Company's financial statements or key sources of estimation uncertainty at the Statement of Financial Position date that would have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### **4 Operating loss**

For the year ended 31 December 2021, the Company has taken the exemption under s479 of the Companies Act 2006 from the requirement to obtain an audit of their separate financial statements. The guarantee of the outstanding liabilities as at 31 December 2021 has been provided by Ardonagh Midco 2 plc, a fellow Group company. As a result, no audit fee has been incurred (2020: £Nil).

#### **5 Staff costs**

The Company had no employees in the current or preceding year. All administration is performed by employees of the Group, for which no recharge is made to the Company.

#### **6 Directors' remuneration**

The emoluments of all directors are paid by other Group companies, which make no recharge to the Company. These directors were directors of The Ardonagh Group Limited and/or other fellow subsidiaries as at 31 December 2021. Their total emoluments are included in the consolidated financial statements of The Ardonagh Group Limited.

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2021 (continued)**

#### **13 Subsequent events**

Following the satisfaction of closing conditions on 31 May 2022, Ardonagh has obtained a significant new equity investment into the Group led by existing long-term shareholders MDP and HPS, alongside new co-investors through accounts managed by MDP and HPS. Under the terms of the transaction, funds affiliated with MDP have increased their shareholding in the Group, and HPS has reinvested in the Group. Co-investors, including a wholly owned subsidiary of Abu Dhabi Investment Authority and several other large global institutions, have also acquired more than USD1 billion equity through accounts managed by MDP and HPS as part of the transaction, which gives an enterprise valuation for Ardonagh of USD7.5 billion.

The new equity investment has resulted in The Ardonagh Group Limited merging into a newly created company Tara Topco Limited ('Tara') on 31 May 2022 following which the Ardonagh Group activities became overseen by a newly created subsidiary of Tara from 1 June 2022, Ardonagh Group Holdings Limited.
