The courts of England have exclusive jurisdiction to settle any dispute arising out of or in

connection with this Deed (including a dispute regarding the existence, validity or termination of this Deed) (a "**Dispute**").

- 32.1 The Parties agree that the courts of England are the most appropriate and convenient courts to settle Disputes and accordingly neither Party will argue to the contrary.
- 32.2 This clause 32 is for the benefit of the Security Agent only. As a result, the Security Agent shall not be prevented from taking proceedings relating to a Dispute in any other courts with jurisdiction. To the extent allowed by law, the Security Agent may take concurrent proceedings in any number of jurisdictions.
- 32.3 Without prejudice to any other mode of service allowed under any relevant law, Holdings:
 - 32.3.1 irrevocably appoints Hipgnosis Holdings UK Limited, or, if different, its registered office as its agent for service of process in relation to any proceedings before the English courts in connection with this Deed; and
 - 32.3.2 agrees that a failure by the process agent to notify it of the process will not invalidate the proceedings concerned.
- 32.4 If the appointment by Holdings of the person mentioned in clause 31.3 ceases to be effective, it shall immediately appoint another person in England as its agent for service of process in relation to any proceeding before the English courts in connection with this Deed. If it fails to do so (and that failure continues for a period of not less than 15 Business Days), the Security Agent shall be entitled to appoint such a person by notice to Holdings r.
