**Notes to the Financial Statements  
for the Year Ended 31 March 2023**

**1. STATUTORY INFORMATION**

RO St Leonards Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

**Going Concern**

The company has net current liabilities of £6,077,859 (2022 : £5,997,818) and total liabilities of £6,103,866 (2022 : £6,004,667) at the balance sheet date. The accounts have been prepared under the going concern concept because the ultimate parent undertaking, RO Trading Limited, has confirmed its willingness and ability to provide adequate funds for the company to meet its liabilities for at least one year from the date of the approval of the financial statements.

**Related party exemption**

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

**Turnover**

Turnover, stated net of VAT and trade discounts, represents rent receivable in the UK in respect of the company's investment properties.

**Investment property**

Investment properties are revalued annually. Surplus or deficits on individual properties are transferred to the profit and loss account. Depreciation is not provided in respect of freehold investment properties or of leasehold investment properties where the unexpired term of the lease is more than 20 years.

The surplus or deficit over the carrying value of an investment property realised on disposal is dealt with through the profit and loss account. Any previous revaluation surplus is transferred from the revaluation reserve to the profit and loss reserve.

**Taxation**

Corporation tax is provided at amounts expected to be paid using the tax rates and laws that have been enacted by the Statement of Financial Position date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the Statement of Financial Position date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (or similar fair value adjustments) of fixed assets, and gains on disposals of fixed assets that have been rolled over into replacement assets, only to the extent that, at the Statement of Financial Position date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the Statement of Financial Position date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the Statement of Financial Position date.
