The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the period ended 31 December 2020.

The members have not required the company to obtain an audit of its financial statements for the period ended 31 December 2020 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Statement of Income and Retained Earnings has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 14 April 2021 and were signed on its behalf by:

K Catterall - Director

The notes form part of these financial statements

**Notes to the Financial Statements
for the Period 2 December 2019 to 31 December 2020**

1. STATUTORY INFORMATION

Coin Investment Group Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements cover the company as an individual entity and are presented in Pounds Sterling (£) being the functional currency.

The financial statements have been prepared on a going concern basis on the assumption that the company has adequate resources to continue in operational existence for the foreseeable future. The directors have made this assessment with regard to the company's current and expected performance. Particular consideration has been given to the impact of the Coronavirus on the company's ability to operate for the foreseeable future.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, after discounts, returns and rebates, excluding value added tax and other sales taxes.

Rendering of services

Turnover from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract and when all of the following conditions are satisfied:

- the amount of turnover can be measured reliably;
- it is probable that the company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

Usually, turnover from the sale of services is recognised over the period in which the contract is in force.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 20% on reducing balance
Computer equipment	- 25% on cost

Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment losses.

Financial instruments

Basic financial assets and liabilities are initially measured at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of future cash flows discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in profit or loss.

**Notes to the Financial Statements - continued
for the Period 2 December 2019 to 31 December 2020**

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the period was 2 .
