## PE Castle Holding III Limited

### Strategic report for the year ended 31 December 2022

The directors present their strategic report and unaudited financial statements of PE Castle Holding III Limited (the "Company") for the year ended 31 December 2022.

#### Review of the business

The Company was incorporated on 28 January 2020. The Company was set up as part of the acquisition of the Cision Group (as described below) on 31 January 2020 by certain private equity investment funds sponsored by Platinum Equity, LLC. and advised by Platinum Equity Advisors, LLC.

The Company is part of the Cision group of companies for which Castle Top Holding Limited is the top company.

The Company is an investment holding company that does not carry out a trade.

At the balance sheet date, the Company had net assets of \$355,543,145 (2021: \$388,220,271); this includes an investment in Castle Intermediate Holding II Limited.

No changes are expected to the performance or position of the Company in the foreseeable future.

#### Principal Risk and Uncertainties

As an investment holding company the principal risk that the Company is exposed to is the recoverability of its investment values. The directors carry out an annual assessment for indicators of impairment of these investments and regular performance reviews of their underlying businesses.

#### *The potential impact of the war in Ukraine on the business*

Russia's invasion of Ukraine in Q1-2022 continues to evolve as military activity proceeds and additional sanctions are imposed. The Company is complying with all legal requirements and sanctions and has paused business services in Russia across all product lines. The Company and its subsidiaries have not seen a material impact as a result of these measures.

#### *Evolving macroeconomic environment*

As of December 31, 2022, the impact of interest rate increases, inflation, exchange rate fluctuation, and national and international political instability continues to create significant uncertainty and disruption in the global economy and financial markets. It is reasonably possible that these uncertainties could materially impact management's estimates related to, but not limited to, revenue recognition, allowance for credit losses, and impairments on goodwill and intangible assets. As a result, many of management's estimates and assumptions require increased judgment and carry a higher degree of variability and volatility. Management's estimates may change as new events occur and additional information emerges, and such changes are recognized or disclosed in the consolidated financial statements. Under these circumstances, there may be developments that require the Company to further adjust its operations.

Approved by the Board of Directors  
and signed on behalf of the Board

## Directors' report for the year ended 31 December 2022

The directors present the annual report and the unaudited financial statements of PE Castle Holding III Limited (the "Company") for the year ended 31 December 2022.

### Results and Dividends

The results for the year and the Company's financial position at the end of the year are shown in the attached financial statements. The loss for the year is \$32,677,126 (2021: \$30,607,971). The loss represents interest on two intercompany loans between the Company and Castle Intermediate Holding Limited. These loans are detailed in Note 9.

No dividends were distributed for the year ended 31 December 2022 (2021: \$nil).

### Directors

The directors of the Company, who served during the year and up to the date of this report, unless otherwise stated, were:

F Kalawski  
I Downie  
M Sigler

### Going concern

After making enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

#### *The potential impact of the war in Ukraine on the business*

Russia's invasion of Ukraine in Q1-2022 continues to evolve as military activity proceeds and additional sanctions are imposed. The Company is complying with all legal requirements and sanctions and has paused business services in Russia across all product lines. The Company and its subsidiaries have not seen a material impact as a result of these measures.

#### *Evolving macroeconomic environment*

As of December 31, 2022, the impact of interest rate increases, inflation, exchange rate fluctuation, and national and international political instability continues to create significant uncertainty and disruption in the global economy and financial markets. It is reasonably possible that these uncertainties could materially impact management's estimates related to, but not limited to, revenue recognition, allowance for credit losses, and impairments on goodwill and intangible assets. As a result, many of management's estimates and assumptions require increased judgment and carry a higher degree of variability and volatility. Management's estimates may change as new events occur and additional information emerges, and such changes are recognized or disclosed in the consolidated financial statements. Under these circumstances, there may be developments that require the Company to further adjust its operations.

Based on the circumstances described above, the financial statements are prepared on the assumption that the entity is a going concern.

### Future developments

No change to the Company's activity is expected in the foreseeable future.

### Financial risk management objectives and policies

As an investment holding company the principal risk that the Company is exposed to is the recoverability of its investment values. The directors carry out annual impairment reviews of these investments and regular performance reviews of their underlying businesses.

### Financial instruments

The Company's principal financial instruments comprise amounts owed to and amounts owed by other direct or indirect subsidiaries of Castle Top Holding Limited. The directors consider the risk arising from such assets and liabilities to be immaterial to the financial statements.

## PE Castle Holding III Limited

### Directors' report for the year ended 31 December 2022

#### Qualifying indemnity provision

The directors benefited from the indemnity provisions contained in the Company's Articles of Association, as well as qualifying third-party indemnity provisions in place during the financial year at the date of this report. In addition, the Company and its controlling parent, Castle Top Holding Limited, have arranged and maintained throughout the year liability insurance for the benefit of the Company, its directors and its officers.

#### Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Annual report and financial statements and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising Financial Reporting Standard ("FRS") 101 "Reduced Disclosure Framework", and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

On behalf of the Board of Directors

# PE Castle Holding III Limited

## Notes to the financial statements For the year ended 31 December 2022

### 1. General information

PE Castle Holding III Limited (the “Company”) is a private company limited by shares and it is incorporated in the United Kingdom (“UK”). The address of its registered office is 100 New Bridge Street, London, EC4V 9JA. The registration no. of the Company is 12429874 (registered in England and Wales).

The Company does not trade and its purpose is to hold the investment in the Cision group of companies (collectively, “Cision”). Cision are a leading provider of cloud-based software, media intelligence and distribution services, and other related professional services to the marketing and public relations industry. Communications professionals use Cision’s products and services to identify and connect with media influencers, manage industry relationships, create and distribute content, monitor media coverage, perform advanced analytics and measure the effectiveness of their campaigns. All transactions are denominated in United States dollars (“\$”).

### 2. Statement of compliance

The financial statements of the Company have been prepared in accordance with Financial Reporting Standard 101, ‘Reduced Disclosure Framework’ (“FRS 101”). The financial statements have been prepared under the historical cost convention and in accordance with the Companies Act 2006.

### 3. Summary of significant accounting policies

These financial statements are prepared on the going concern basis and in accordance with the Companies Act 2006 and applicable accounting standards in the UK. The particular accounting policies adopted are described below and have been consistently applied throughout the current year.

#### Basis of preparation

The preparation of financial statements in conformity with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

#### Going concern

The Company’s investments are profitable and report significant positive cashflows from their operations. The Company expects its investment performance profitability to continue. As such, dividend income from investments in subsidiary undertakings are expected to fund the interest obligations in future years. As a result of this review, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The Company therefore continues to adopt the going concern basis in preparing its financial statements.

#### *The potential impact of the war in Ukraine on the business*

Russia’s invasion of Ukraine in Q1-2022 continues to evolve as military activity proceeds and additional sanctions are imposed. The Company is complying with all legal requirements and sanctions and has paused business services in Russia across all product lines. The Company and its subsidiaries have not seen a material impact as a result of these measures.

# PE Castle Holding III Limited

## Notes to the financial statements For the year ended 31 December 2022

### 3. Summary of significant accounting policies (*continued*)

#### Going concern (*continued*)

##### *Evolving macroeconomic environment*

As of December 31, 2022, the impact of interest rate increases, inflation, exchange rate fluctuation, and national and international political instability continues to create significant uncertainty and disruption in the global economy and financial markets. It is reasonably possible that these uncertainties could materially impact Cision's estimates related to, but not limited to, revenue recognition, allowance for credit losses, and impairments on goodwill and intangible assets. As a result, many of Cision's estimates and assumptions require increased judgment and carry a higher degree of variability and volatility. Estimates may change as new events occur and additional information emerges, and such changes are recognized or disclosed in the consolidated financial statements. Under these circumstances, there may be developments that require us to further adjust Cision's operations.

#### Exemptions for qualifying entities under FRS 101

As a qualifying entity, the following exemptions from the requirements of the International Financial Reporting Standards ("IFRS") have been applied in the preparation of these financial statements, in accordance with FRS 101:

- IFRS 7, 'Financial instruments: Disclosures'.
- Paragraphs 91 to 99 of IFRS 13, 'Fair value measurement' (disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities).
- The following paragraphs of International Accounting Standard ("IAS") 1, 'Presentation of financial statements': - 10(d) (statement of cash flows); - 16 (statement of compliance with all IFRS); - 38A (requirement for minimum of two primary statements, including cash flow statements); - 38B-D (additional comparative information); - 111 (statement of cash flows information); and - 134-136 (capital management disclosures).
- IAS 7, 'Statement of cash flows'
- Paragraphs 30 and 31 of IAS 8, 'Accounting policies, changes in accounting estimates and errors' (requirement for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not yet effective)
- Paragraph 17 of IAS 24, 'Related party disclosures' (key management compensation).
- The requirements in IAS 24, 'Related party disclosures', to disclose related party transactions entered into between two or more members of a group.

#### Consolidation

The Company is a subsidiary of its ultimate parent, Castle Top Holding Limited, a company incorporated in England and Wales. The registered number of Castle Top Holding Limited is 12357407 and the registered address of Castle Top Holding Limited is 100 New Bridge Street, London, EC4V 6JA. Results of the Company are included in the consolidated financial statements of Castle Top Holding Limited, which are publicly available at Companies House. The Company is therefore exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements.

#### Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

Dividend income is recognised when the right to receive payment is established.

#### Share capital

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

# PE Castle Holding III Limited

## Notes to the financial statements For the year ended 31 December 2022

### 3. Summary of significant accounting policies *(continued)*

#### **Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in creditors: amounts falling due within one year.

#### **Financial assets and liabilities**

Financial assets and liabilities are initially recorded at fair value including, where permitted by IFRS 9, any directly attributable transaction costs.

For those financial assets that are not subsequently held at fair value, the Company assesses whether there is evidence of impairment at each balance sheet date. The Company classifies its financial assets and liabilities into the following categories: financial assets and liabilities at amortised cost, financial assets and liabilities at fair value through profit and loss and financial assets at fair value through other comprehensive income. Where financial assets or liabilities are eligible to be carried at either amortised cost or fair value the Company does not apply the fair value option.

#### **Amounts owed by group undertakings**

Amounts owed by group undertakings are initially measured at fair value and are subsequently reported at amortised cost. Non-interest-bearing trade receivables are stated at their nominal value as they are due on demand. Allowances for expected credit losses are made based on the risk of non-payment, taking into account ageing, previous experience, economic conditions and forward-looking data. Such allowances are measured as either 12-month expected credit losses or lifetime expected credit losses depending on changes in the credit quality of the counterparty.

#### **Amounts owed to group undertakings**

Amounts owed to group undertakings are initially measured at fair value and are subsequently reported at amortised cost. Non-interest-bearing trade payables are stated at their nominal value as they are due on demand. For a number of loans owed to other group companies, the Company has a contractual right of payment beyond one year from the balance sheet date and therefore these amounts are disclosed as non-current liabilities.

#### **Other financial liabilities**

Other financial liabilities are carried at amortised cost unless they are part of a fair value hedge relationship. The difference between the initial carrying amount of the financial liabilities and their redemption value is recognised in the income statement over the contractual terms using the effective interest rate method.

#### **Investments in subsidiaries**

Investments in subsidiaries are stated at historical cost less impairment provisions for any permanent decrease in value. The carrying amounts of the Company's investments are reviewed at each reporting date to determine whether there is an indication of impairment. If such an indication exists, then the asset's recoverable amount is estimated. Losses are recognised in the statement of comprehensive income and reflected in an allowance against the carrying value. Where an event results in the asset's recoverable amount being higher than the previously impaired carrying value, the original impairment may be reversed through the statement of comprehensive income in subsequent periods.

#### **Taxation**

The tax expense for the year comprises current and deferred tax. Tax is recognised in the income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

# PE Castle Holding III Limited

## Notes to the financial statements For the year ended 31 December 2022

### 3. Summary of significant accounting policies *(continued)*

#### Taxation (continued)

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; or arise from initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

#### Critical accounting judgements and key source of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are reasonable under the circumstances. Revisions to accounting estimates are recognised in the year in which the estimates are revised and in any future years affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

#### *Value of investment*

The most significant judgement that management have made in the process of applying the Company's accounting policies is in respect of identifying possible impairment indicators in the investment in a subsidiary undertaking.

The directors have concluded there is no impairment indicator as the net value of the assets and liabilities of the subsidiary exceed the carrying value of the investment in the subsidiary. Furthermore, no other impairment indicators were identified.

Had the Company determined an impairment indicator existed, an impairment review would have been undertaken to estimate the recoverable amount of the investment.

### 4. Operating loss

	2022 \$	2021 \$
Interest payable from group undertakings	32,677,126	30,607,971

# PE Castle Holding III Limited

## Notes to the financial statements For the year ended 31 December 2022

### 5. Information regarding directors

The directors of the Company did not receive remuneration during the years ended 31 December 2022 and 2021 and are not entitled to remuneration under the current governance structure.

### 6. Income tax expense

#### Recognised in the profit and loss account

	2022 \$	2021 \$
<i>UK corporation tax</i>		
Current tax on income for the year	-	-
	<hr/>	<hr/>
Total current tax	-	-
<i>Deferred tax</i>		
Total deferred tax	-	-
	<hr/>	<hr/>
Tax on loss	-	-
	<hr/>	<hr/>

#### Reconciliation of tax expense

The tax in the income statement for the year is calculated on rate of corporation tax in the UK of 19.00% (2021: 19%).

	2022 \$	2021 \$
Loss before taxation	(32,677,126)	(30,607,971)
Tax using the UK corporation tax rate of 19.00% (2021: 19%)	(6,208,654)	(5,815,514)
Effect of:		
Group interest disallowance	871,858	647,958
Group relief surrendered	5,336,796	5,167,556
	<hr/>	<hr/>
Total tax expense / (credit)	-	-
	<hr/>	<hr/>

In the Spring budget 2021, the UK Government announced that from 1 April 2023 the corporation tax rate will increase to 25%. This was substantively enacted on 24 May 2021. Considering there is no deferred tax, no impact is included in these financial statements.
