NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 28 FEBRUARY 2022

1. STATUTORY INFORMATION

4T Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Turnover

Turnover from services provided by the company is measured at the fair value of the consideration received or receivable. When the outcome of a transaction can be estimated reliably, turnover from medical services is recognised by reference to the stage of completion as at the statement of financial position date. Stage of completion is measured by reference to the date the service is provided.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures, fittings & medical equipment	- 25% on reducing balance
Computer equipment	- 33% on cost

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable and loans with related parties.

Debt instruments that are payable or receivable within one year, such as trade payables or receivables, are measured at the undiscounted amount of the cash or other consideration expected to be paid or received. Debt instruments that are repayable or receivable after one year are initially measured at the present value of the future cash flows and subsequently at amortised cost using the effective interest method.

Financial assets that are measured at cost and amortised cost are assessed at the end of each financial year for evidence of impairment. If objective evidence of impairment is found an impairment loss is recognised in the Income Statement.

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 28 FEBRUARY 2022

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 (2021 - 2) .
