Profit and loss account		(12,218)	6,003
Shareholders (deficit)/funds		(12,218)	6,003

For the year ending 28 February 2023, the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The director acknowledges their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime.

In accordance with Section 444 of the Companies Act 2006, the income statement has not been delivered.

These financial statements were approved by the board of directors and authorised for issue on 8 March 2023, and are signed on behalf of the board by:

A Czimbalmos

Director

Notes to the Financial Statements

Year ended 28 February 2023

1 GENERAL INFORMATION

The company is a private company limited by shares and is registered in England and Wales. The address of the registered office is Marshall House, Ring Way, Preston, Preston, PR1 2QD, England.

2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in compliance with FRS 102 Section 1A, 'The Financial Reporting Standard applicable to the UK and Republic of Ireland'.

3 ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain assets.

The financial statements are prepared in sterling, which is the functional currency of the company.

TURNOVER

Turnover is measured at the fair value of the consideration received or receivable for goods supplied, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer, usually on despatch of the goods; the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

CURRENT TAX

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

RESEARCH AND DEVELOPMENT

Research expenditure is written off in the period in which it is incurred. Development expenditure incurred is capitalised as an intangible asset only when it is technically feasible to complete the intangible asset so that it

will be available for use or sale; there is the intention to complete the intangible asset and use or sell it; there is the ability to use or sell the intangible asset; the use or sale of the intangible asset will generate probable future economic benefits; there are adequate technical, financial and other resources available to complete the development and to use or sell the intangible asset; and the expenditure attributable to the intangible asset during its development can be measured reliably. Expenditure that does not meet the above criteria is expensed as incurred.

FINANCIAL INSTRUMENTS

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price and are subsequently measured as follows: Debt instruments are subsequently measured at amortised cost and commitments to receive a loan and to make a loan to another entity are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment.

All other financial instruments, including derivatives, are initially recognised at fair value, which is normally the transaction price and are subsequently measured at fair value, with any changes recognised in profit or loss.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

All equity instruments regardless of significance, and other financial assets that are individually significant, are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4 AVERAGE NUMBER OF EMPLOYEES

The average number of persons employed by the company during the year was 1 (2022: 1.00).

5 DEBTORS

	2023	2022
	£	£

Trade debtors	426,782	401,976
Other debtors	100	100
	426,882	402,076

6 CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR

	2023	2022
	£	£
Trade creditors	451,989	421,487
