Notes to the Financial Statements for the Year Ended 30 June 2022

1. STATUTORY INFORMATION

Onyer Sports Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. There were no material departures from that standard.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

The principal accounting policies adopted in the preparation of the financial statements are set out below and remain unchanged from the previous period, and also have been consistently applied within the same accounts.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Patents and licences are being amortised evenly over their estimated useful life of ten years.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

Basic financial instruments with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in administrative expenses. Loans and borrowings are initially recognised at the transaction price including transaction costs.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

3. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Going concern

The company has retained losses of £19,674 (2021 - £11,771). It also has net current liabilities of £19,114 (2021 - £11,266) and net liabilities of £18,674 (2021 - £10,771). The company cannot continue to make losses of this significance while still meeting its obligations as they fall due.

The company is reliant on the continuing financial support of its creditors and while there are no reasons to doubt that this support will continue, inherently there can be no certainty in relation to these matters. On this basis, and having regard to the company's anticipated future revenues and costs including repayment of debt where appropriate, together with the expected availability of working capital, the director considers it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from an inability to meet obligations as they fall due.

4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2021 - NIL).
