NOTES TO THE ABRIDGED ACCOUNTS
FOR THE YEAR ENDED 30 NOVEMBER 2022

1. Accounting policies

Basis of Accounting

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover consists of the invoiced value (excluding V.A.T.) receivable by the company in the ordinary course of business for goods supplied and for services supplied as a principal.

Tangible fixed assets

Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives to the business. Where there is evidence of impairment, fixed assets are written down to receivable amount. Any such write down would be charged to operating profit.
