for the Period 23 February 2021 to 28 February 2022

1. STATUTORY INFORMATION

The ESG Foundation Community Interest Company is a private company, limited by guarantee, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

BASIS OF PREPARING THE FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

TAXATION

Taxation for the period comprises current and deferred tax. Tax is recognised in the Profit and Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

FINANCIAL INSTRUMENTS

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

BASIC FINANCIAL ASSETS

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

CLASSIFICATION OF FINANCIAL LIABILITIES

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

BASIC FINANCIAL LIABILITIES

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

GOING CONCERN

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the period was 3.

PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

The ESG Foundation exists to encourage senior leadership teams to implement an ESG strategy, regardless of the size of the organisation in which they work, and whether it is privately or publicly owned.

We believe measuring progress of environmental, social and governance metrics is an essential prerequisite to creating employers with purpose, who inspire their staff, clients and suppliers and are open and transparent in their dealing with others. For business owners in particular ESG best practice will be increasingly demanded by potential investors, Gen Z recruits and as proof that sufficient steps are being taken to achieve a Net Zero footprint by 2030.

The Foundation strives to be a go-to platform for business leaders, with the hope that ESG reporting will be universal by 2030, across all organisations. We undergo a wide range of projects with the intention to build and celebrate a diverse, intergenerational and interdisciplinary community.

These projects can be divided into three areas of focus

1. Showcasing current ESG activity, via the Foundation's website
 - ESG Reports Showcase – a growing library of ESG reports from around the world.
 - The ESG Podcast – currently attracting 10,000 downloads a month via Apple Play & Spotify.
 - Keeping Current webpage – a curated section of the best, most topical ESG articles.
2. Supporting ESG academic and commercial research
 - Ongoing funding to create a £1m Endowment Fund – to fund 10 PhDs.
 - The ESG Scorecard for small businesses – an online tool to capture ESG metrics for SMEs
3. Engaging with Graduates and young people
 - Graduate Interns – 25 volunteers all found full time roles through working with us in 2021.
 - ESG Scout and Girlguiding 'Badge' – creating an ESG badge.

Our Special Advisers

Supporting the impact and growth of the ESG Foundation are five working groups, comprising 60 subject matter experts, which are coordinated by ESG Foundation Graduates overseen by the founder. The Five Working Groups are:

1. ESG Policy Development and Research, Academia & Commerce
2. International ESG
3. SMEs, entrepreneurship, and start-ups
4. Corporate Governance.
5. Strategy and Development of the Foundation

The ESG Foundation is a community interest company, a social enterprise in which all the profits of the Foundation are reinvested to promote ESG in the future. Our two streams of income are through corporate sponsors of relevant website sections and the Friends of the Foundation, which currently includes 134 individuals from around the world.

Fundraising

To become a Friend of the Foundation, businesses or individuals can support the ESG Foundation through one of four tiers depending on turnover.

Additionally 10 corporate sponsors of the Foundation's website sections are being confirmed shortly. Each of the sponsors are leaders in their field either promoting ESG or exemplifying best practice through their behaviours.

In addition to their sponsorship of a website section each of the corporate sponsors is invited to participate in two ESG podcasts per year and submit four articles to the Keeping Current page.

Priorities for 2022/23

1. Launch the ESG Scorecard for SMEs.
2. Sponsor 10 PhDs.
3. Publish outputs from 5 Special Advisers' Working Groups.
4. Collaborate with 10 more commercial sponsors.
5. Help new 50 graduate interns secure ESG related careers.

(If applicable, please just state "A social audit report covering these points is attached").

(Please continue on separate continuation sheet if necessary.)

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

Monthly online meetings have taken place with our directors and the Special Advisers. Essentially due to the economic headwinds in the UK we have scaled back our planned conference and training activities until 2023..

Everyone has worked on a voluntary basis to date but once commercial sponsors for the ESG Scorecard can be confirmed we hope to recruit an administrator to help us step up our planned activities.

(If applicable, please just state "A social audit report covering these points is attached").

PART 3 – DIRECTORS' REMUNERATION – if you have provided full details in your accounts you need not reproduce it here. Please clearly identify the information within the accounts and confirm that, "There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed" (See example with full notes). If no remuneration was received you must state that "no remuneration was received" below.

No director receives remuneration.

PART 4 – TRANSFERS OF ASSETS OTHER THAN FOR FULL CONSIDERATION – Please insert full details of any transfers of assets other than for full consideration e.g. Donations to outside bodies. If this does not apply you must state that "no transfer of assets other than for full consideration has been made" below.

No transfers of assets have been made.

(Please continue on separate continuation sheet if necessary.)
