About the World Gold Council

The World Gold Council is the global authority on gold and its uses and the first source of informed opinion and advice for stakeholders and decision makers. We use this knowledge to develop insights into the future role that gold can play across a number of sectors and then in collaboration with partners, intervene to deliver solutions and create new markets, and to increase and sustain the demand for gold.

In the Investment sector we make gold fundamental to investment decision making.

For Governments and Central Banks, we are a trusted advisor to policy makers and reserve asset managers on all matters related to the gold market.

In the Jewellery sector, we create new insights and ideas which increase the allure and significance of gold when given or worn.

In the Technology sector, we work to place gold at the heart of technological advancement, and we are the authority on innovative uses of gold in industry and society.

As the global advocate for gold, we are committed to playing a key role in the development of a responsible gold mining industry. Our members, the leading gold mining companies, regard the management of the local environment and relationships with local communities as paramount considerations during the lifetime of any mine project. Together, we work to ensure the industry as a whole is striving to develop and integrate best practice.

All our work is informed by a deep understanding of the wide role gold has in society and its potential both now and in the future. Through commercial partnerships and industry leading research, we develop a clear understanding of, and insight into, each of its key markets. Using this insight, we create new, relevant and innovative solutions that deliver against clearly identified market needs. Our insight adds value to our partners, and stakeholders across all sectors, and informs each of our programmes and market interventions.

Report of the Chief Executive Officer

The World Gold Council's financial position at the end of 2012 as compared to that at the end of 2011 is included in the financial performance highlights below

Financial performance

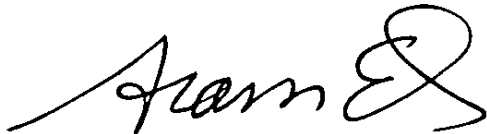

Members' dues for the year amounted to US\$60.2 million (2011: US\$36.2 million) whilst income from the sponsor fees payable by SPDR® Gold Trust in 2012 was US\$104.0 million (2011: US\$93.8 million). Operational expenditure in 2012 totalled US\$117.0 million (2011: US\$108.3 million). Revenue exceeded operational expenditure by US\$52.1 million (2011: US\$25.4 million) before interest, other income, exchange differences and taxation.

The cash holdings of the World Gold Council rose from US\$83.7 million at the end of 2011 to US\$97.3 million at the end of the 2012 financial year.

Net cash inflow from operating activities generated a surplus of US\$13.1 million (2011: US\$18.8 million), whilst investing activities resulted in a net outflow of US\$1.2 million (2011: US\$6.4 million).

Employees

Staff numbers at the end of the year were 82 (2011: 79).

Aram Shishmanian
Chief Executive Officer
24 February 2013

Company Secretarial report

General

The consolidated financial statements of the World Gold Council for the year ended 31 December 2012 are presented. The World Gold Council is an Association established under Swiss Law and carried out its activities during 2012 through a number of subsidiaries, branches and representative offices, which are detailed in note 17 to the consolidated financial statements.

The World Gold Council has voluntarily elected to comply with the International Financial Reporting Standards ("IFRS") in compiling its financial statements for the year ended 31 December 2012.

Membership

Members of the World Gold Council are made up of gold mining and gold royalty companies which are listed on Page 11 of these consolidated financial statements.

Change in Members

At the start of 2012, two new Members were admitted, being Centerra Gold Inc. and Newcrest Mining Limited. Coeur d'Alene Mines Corporation ceased its membership in May 2012.

Governance

Corporate governance refers to what the Board does, how it sets the values and objectives of the World Gold Council and how the Board goes about ensuring that these values and objectives are met. The following briefly explains the individual aspects of the governance that the World Gold Council applies.

Leadership

- The World Gold Council is headed by an effective board which is collectively responsible for its long-term success.
- There is a clear division of responsibilities between the running of the Board and the executive responsibility for the running of the World Gold Council's business.
- The Chairman is responsible for the leadership of the Board and ensuring its effectiveness in all aspects of its role.

Effectiveness

- There is a formal and transparent procedure for the appointment of new directors to the Board as contained in the Articles of Association.
- The Board is to be supplied, in a timely manner, with information in a form and of a quality appropriate to enable it to discharge its duties.

Company Secretarial report (continued)

Accountability

- The Board is responsible for determining the nature and extent of the risks that it is willing for the World Gold Council to take in achieving its strategic objectives
- The Board requires the World Gold Council to maintain sound management and internal control systems
- The Board is responsible for establishing formal and transparent arrangements for considering how they should apply principles for corporate reporting, risk management, internal control and for maintaining an appropriate relationship with the World Gold Council's auditor

Relations with Members

The Directors represent the Members and are selected from the Officers of the companies that they represent

Internal Control

The Board is responsible for the World Gold Council's system of internal control. Internal control is embedded in all key aspects of the World Gold Council's undertakings. In the context of the World Gold Council's business any such system can only reasonably be expected to manage rather than eliminate all risks arising from its operations. It can, therefore, only provide reasonable and not absolute assurance against material loss or misstatement.

The main areas of financial risk are set out in note 5 to the accounts.

The Board of Directors

The Board is responsible for the management, control and direction of the activities, affairs and property of the World Gold Council in accordance with the Articles of Association. The composition of the Board is shown on Page 12. Board Directors, and their Alternate Directors, hold office for one year, which is renewable annually. The Chairman holds office for two years, which is renewable once.

Company Secretarial report (continued)

Responsibilities of the Board

- The Board's role is to provide leadership of the organisation within an internal control framework which enables risks to be assessed and managed
- The Board sets the organisation's strategic aims, and ensures that the necessary financial and human resources are in place for the organisation to meet its objectives whilst reviewing management's performance
- The Board sets the organisation's values and standards and ensures that its obligations to the Members and others are understood and met
- There is a clear distinction between the responsibilities of the Chairman of the Board and the Chief Executive Officer of the World Gold Council
- The Chairman is responsible for the leadership of the Board and ensuring its effectiveness on all aspects of its role and the setting of the Board's agenda
- The Chief Executive Officer is responsible for the day to day operations of the World Gold Council, along with ensuring that the World Gold Council's strategy is met

Meetings of the Board

The Board met either in person or by way of a telephone conference call four times during the year ended 31 December 2012

Election of Directors and Committees

The election of Directors by Members and Associates is governed by the World Gold Council's Articles of Association

Directors and Alternate Directors of the World Gold Council, as at the current date, are listed on Page 12 of these consolidated financial statements

Company Secretarial report (continued)

The Audit Committee

The Audit Committee's role is to assist the Board in meeting its responsibilities in the areas of financial systems and internal control, reporting, ethical standards, and in overseeing the processes by which the World Gold Council identifies, measures and manages risk

The Committee comprises of at least three non-executive Directors. The Committee operates under terms of reference determined by the Board. Reports of the Committee's proceedings are made available to the Board. The Committee has unlimited access to both internal and external auditors. The Committee meets on a regular basis and met three times (2011 five times) during 2012.

Details of the Members of the Audit Committee of the World Gold Council, as at the current date, are listed on Page 12 of these consolidated financial statements.

The Audit Committee is responsible for

- Monitoring the integrity of the financial statements of the organisation and any formal announcement relating to the organisation's financial performance and reviewing significant financial reporting judgements contained therein
- Reviewing the organisation's financial controls and the internal control and risk management systems
- Monitoring and reviewing the effectiveness of the organisation's internal audit function
- Making recommendations to the Board on the appointment and approval of the terms of engagement of the external auditors and their remuneration
- Developing and implementing a policy on the engagement of the external auditors to supply additional non audit services, taking into account relevant guidance regarding the provision of non audit services by an external audit firm
- Reviewing and monitoring the external auditors' independence and objectivity, the effectiveness of the audit process, whilst taking into consideration the relevant professional and regulatory requirements

As a general rule the World Gold Council ensures that the external auditor only undertakes functions for the World Gold Council that the World Gold Council believes does not impair their independence. The World Gold Council has employed different professional firms to undertake the functions of

- External Auditor
- Internal Auditor
- Tax advisor

Company Secretarial report (continued)

The Remuneration Committee

The World Gold Council has established a Remuneration Committee, which operates under terms of reference determined by the Board, comprises of at least three directors. The Chief Executive Officer is a standing member of the Committee. However, no director plays a part in any discussion about their own remuneration. Details of the members of the Remuneration Committee of the World Gold Council, as at the current date are to be found on Page 12 of these consolidated financial statements. The Remuneration Committee met twice in 2012 (2011 two times).

The Committee is responsible for all aspects of remuneration policy, bonuses, retirement and all other benefit arrangements. The Committee determines the individual remuneration packages of the Chief Executive Officer and members of the Leadership Team.

The Investment Committee

In 2012 the World Gold Council established an Investment Committee, which operates under terms of reference determined by the Board, comprising six directors. The Chief Executive Officer is a standing member of the Committee. The Committee is responsible to oversee and report to the Board on capital investments and commitments entered into by WGC or its subsidiaries to prescribed funding limits set by the Board. The Investment Committee met twice in 2012.

Employees and the World Gold Council's Treatment of Employees

The World Gold Council is committed to managing its people with great care and throughout 2012 has continued its commitment to recruit high calibre individuals.

The World Gold Council's overall policy is to consult and discuss with employees through meetings, both formal and informal, those matters most likely to affect employees' interests.

Employees are incentivised directly through the World Gold Council's bonus scheme, performance reviews, training and development opportunities. The World Gold Council's aim is to recruit and retain sufficiently skilled and motivated employees to meet the needs of the business.

It is the World Gold Council's policy to give full and fair consideration to all applications for employment from disabled persons, having regard to their particular aptitudes and abilities and to encourage the training and career development of all personnel employed by the World Gold Council. Should an employee become disabled, the World Gold Council would, where practicable, seek to continue the employment making all adaptations required.

Robin Lee
CFO, Treasurer and Company Secretary
24 February 2013

Going concern statement

The Directors of the World Gold Council have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the World Gold Council has adequate resources to continue in operational existence for the foreseeable future. For this reason the Directors continue to adopt the going concern basis in preparing these financial statements.

The Directors' judgement is based on the following:

- The revenue generated from SPDR® Gold is independent of the level of membership and covers a significant proportion of the World Gold Council's fixed costs
- There is a substantial asset in the form of deferred consideration receivable in gold which is paid in instalments each year
- There are no material contractual obligations, except property leases, that are longer than one year
- The World Gold Council has no borrowings and maintains a strong cash position that is adequate for ongoing working capital requirements
- The World Gold Council aims to operate a balanced budget where income equals or exceeds expenditure. The World Gold Council continuously monitors expenditure commitments to ensure compliance. Variances of actual spend against budgeted spend are analysed on a monthly basis.

Directors' Responsibilities

The Directors are responsible for preparing the consolidated financial statements in accordance with applicable laws and regulations. In preparing these consolidated financial statements, the Directors are required to:

- Select suitable accounting policies and apply them consistently
- Make judgements and estimates that are reasonable and prudent
- Present information including the accounting policies in a manner that provides relevant, reliable, comparable and understandable information
- Maintain proper books and records that show and explain the World Gold Council's financial position
- Prepare the consolidated financial statements of the World Gold Council on a going concern basis

Going concern statement (continued)

Directors' Responsibility Statement

We confirm to the best of our knowledge that

- The consolidated financial statements, which are prepared in accordance with IFRS, give a true and fair view of the assets, liabilities, financial position and reserves of the World Gold Council, its branches and subsidiary undertakings
- The various reports included with the annual financial statements include a fair review of the development and performance of the business and the position of the World Gold Council, its branches and subsidiary undertakings, together with a description of the principal risks and uncertainties that the World Gold Council faces in carrying out its activities

Notes to the consolidated financial statements

For the year ended 31 December 2012

1. Reporting entity

The World Gold Council, an Association is established under Swiss law. The location of the World Gold Council's principal place of business is London. The consolidated financial statements of the World Gold Council as at and for the year ended 31 December 2012 include the financial statements of the World Gold Council, its branches and its wholly-owned subsidiaries (see note 17).

Under the Articles of Association, the Board of Directors fix the dues to be paid to World Gold Council by each category of member in order to defray the known and anticipated expenses of the World Gold Council, and to provide a financial reserve against future contingencies.

The World Gold Council is organised for the purposes of

- Promoting the use of gold for jewellery, investment, and industrial applications and as a store of value
- Research and development leading to new uses of gold and gold products
- Collecting and disseminating information about gold

2. Basis of preparation

Statement of compliance

The World Gold Council prepares its consolidated financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the International Accounting Standards Board. The financial statements have been prepared on a going concern basis as explained on pages 9 and 10.

The consolidated financial statements were authorised for issue by the Board of Directors on 24 February 2013.

Notes to the consolidated financial statements

For the year ended 31 December 2012

2. Basis of preparation (continued)

Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis, except for the following material items in the consolidated statement of financial position

- **Gold holdings – gold reserve**
Gold held is fair valued at current prices at the end of each financial year with the fair value adjustment going through the consolidated statement of comprehensive surplus

- **Deferred consideration**

The consideration receivable is based on a discounted cash flow projection utilising the closing price of gold, the gold curve for a maximum period of ten years, an estimate of the gold forward curve beyond 10 years and an applied relevant discount factor over the period of the deferred consideration. Fair value is determined by multiplying each instalment of the deferred income by the forward price of gold and discounting the resulting value at an appropriate rate to determine the net present value. The London PM fix (or AM fix if no PM fix) is used as the fair value per ounce of gold.

Functional and presentation currency

These financial statements are presented in the functional currency of the World Gold Council which is United States Dollars ("US\$") as a substantial portion of the World Gold Council's revenue and expenditure incurred is denominated in US\$.

Critical accounting judgements required and key sources of estimation uncertainty

The preparation of the consolidated financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. These judgements and estimates are based on the Directors' best knowledge of the relevant facts and circumstances, having regard to previous experience and actual results may differ from these estimations.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on amounts recognised is included in the accounting policies and/or the Notes to the financial statements.

Notes to the consolidated financial statements

For the year ended 31 December 2012

2. Basis of preparation (continued)

Areas of judgement that have the most significant effect on the amounts recognised in the financial statements are

- The fair value of the deferred consideration receivable in gold – note 13
- The valuation of investment in Bullionvault – note 20
- The valuation of intangible assets – note 7

Changes in accounting policies

There were no changes in accounting policies from the prior year applied to these financial statements

New standards and interpretations

There were no applicable standards due to be adopted in 2012 that had an impact on the financial statements of the World Gold Council

A number of new standards, amendments to standards and interpretations were effective for annual periods beginning after 1 January 2012, which have not been applied in preparing these consolidated financial statements. None of these are expected to have a significant effect on the consolidated financial statements of the World Gold Council

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies

Basis of consolidation

- **Subsidiaries**

Subsidiaries are entities controlled by the World Gold Council. Control is achieved where the company has the power to govern the financial and operating policies of an investee entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until that date that control ceases. All intergroup transactions and balances have been eliminated.

- **Foreign currency transactions**

The individual financial statements of each group entity are recorded in the currency of the primary economic environment in which it operates (i.e. its functional currency). Foreign currency transactions in the World Gold Council's entities are accounted for at the average year to date exchange rates at that time. Gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive surplus. The resulting balances are translated at year-end exchange rates. Non-monetary items that are measured in terms of historic cost in a foreign currency are not retranslated.

- **Foreign operations**

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition which are reported in these consolidated financial statements, are translated to US\$ at exchange rates at the reporting date. The income and expenses of foreign operations are translated into US\$ at the average exchange rates for the year. Foreign currency differences are recognised in other comprehensive income, and presented in the foreign currency translation reserve (translation reserve) in equity. When a foreign operation is disposed of such that control or significant influence is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified in the statement of comprehensive surplus as part of the gain or loss on disposal. When the World Gold Council disposes of part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the World Gold Council disposes of only part of its investment in an associate that includes a foreign operation while retaining significant influence, the relevant proportion of the cumulative amount is reclassified as surplus or deficit.

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

Financial instruments

- **Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand, cash balances and deposits with maturities of less than three months

- **Derivative financial instruments – hedging policy**

The World Gold Council may enter into foreign exchange forward contracts to match anticipated future cash outflows in foreign currencies. The World Gold Council's policy is to enter into foreign exchange forward contracts up to a maximum of 100% of the anticipated foreign currency expenditures for up to 12 months in advance limited to the approved annual expenditure budget for those currencies. The World Gold Council does not use derivative financial instruments for speculative purposes.

Property, plant and equipment

- **Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.

- **Depreciation**

Depreciation is based on the cost of an asset less its residual value. Depreciation is recognised in profit or loss on a straight line basis over the estimated useful lives of each component of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term or their useful lives unless it is reasonably certain that the World Gold Council will obtain ownership by the end of the lease term.

The estimated useful lives for the current and comparative years are as follows

| | |
|------------------------|------------------------------|
| Leasehold Property | Over the period of the lease |
| Furniture and Fittings | 5 to 7 years |
| Office Equipment | 3 to 5 Years |
| Computer Equipment | 3 years |
| Motor Vehicles | 3 years |

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

Leased assets

Leases in terms of which the World Gold Council assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments.

Other leases are operating leases and are not recognised in the World Gold Council's statement of financial position.

Deferred consideration in gold

On the basis that the value of the consideration is dependent on the market price of gold, it is considered that the deferred consideration is akin to a financial instrument.

Deferred consideration in gold receivable in connection with the sale of the Gold Bullion Holdings subsidiary entities in 2008 is measured at fair value. Movements in the fair value of the deferred consideration are recognised in the consolidated statement of comprehensive surplus.

Gold holdings

Within the financial statements, gold holdings are broken down into gold reserve, research and development gold, and other gold.

- **Gold reserve**
Gold received relates to gold bullion bars which are recorded at fair value based on the London PM Fix (or the AM Fix where the PM Fix is not available) on the date that it is received. Subsequent to initial recognition the gold reserve is carried at its revalued amount, being fair valued based on the London PM Fix on the date of revaluation. Management of the World Gold Council believes that the use of fair value is the most appropriate valuation approach to take in relation to gold reserve.
- **Research and development gold**
Gold held for the research and development process is valued at cost. This asset is considered to be a non-current asset due to the usage rate in the research and development process.
- **Other gold**
Other gold comprises holdings of gold in physical bars, coins or jewellery. This asset is considered to be a non-current asset due to the long-term promotional nature and use of the asset.

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

Impairment

- **Non-derivative financial assets**

A financial asset not carried at fair value through profit or loss is assessed at each reporting date, to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

- **Loans and receivables**

An impairment loss in respect of a financial asset measured at amortised cost is calculated, and the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in the consolidated statement of surplus, being reflected in an allowance account against loans and receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in the impairment loss is reversed through the consolidated statement of comprehensive surplus.

- **Non-financial assets**

The carrying amounts of the World Gold Council's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised in the consolidated statement of comprehensive surplus.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss has been recognised. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in income.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

Employee benefits

- **Post employment medical benefits**

The World Gold Council's obligation in respect of post employment medical benefit premiums for Geneva retirees is calculated using the projected unit method

The actuarial method employed for the valuing of this liability projects forward the known current year premiums allowing for future premium growth and the anticipated mortality of the retirees using agreed upon rates for inflation and discount. The resulting cash flows are then discounted back to the measurement date using the discount rate to derive the total liability that is recorded in these financial statements

The discount rate that has been applied to this valuation is that of the Swiss SBI AA Rated over 10 year corporate bond index. This index is used as all of the retirees are Geneva based and the medical premiums are Swiss denominated. For further information see note 12

- **Other long term benefits**

The World Gold Council's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior years at present value

Provisions

A provision is recognised if, as a result of a past event, the World Gold Council has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows where the effect is material at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

- **Onerous contracts**

A provision for onerous contracts is recognised when the expected benefits to be derived by the World Gold Council from a contract are lower than the unavoidable cost of meeting its obligation under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the World Gold Council recognises any impairment loss on the assets associated with that contract.

Revenue

- **Members' dues**

Members' dues are assessed and recognised quarterly on an accruals basis. These revenues are recorded at their estimated net collectible amounts.

- **Sponsor fees**

This represents the fee payable to the World Gold Council's subsidiary, World Gold Trust Services, LLC, ("WGTS") by the SPDR® Gold Trust. This fee is recognised on an accruals basis in accordance with the terms of the Trust Indenture governing the administration of the Trust. This revenue is recorded at its collectible amount. Further information on WGTS's duties in respect of the Trust can be found in note 19 to these consolidated financial statements.

- **Other income**

This primarily represents royalty fees recognised on an accruals basis in accordance with the substance of the underlying agreement relating to GBS/ETFS products.

Market development expenditure

Market development expenditure comprises all project related costs including marketing, promotions, PR campaigns, advertisement and publications.

Lease payments

Payments made under operating leases are recognised in the statement of comprehensive surplus on a straight line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

Notes to the consolidated financial statements

For the year ended 31 December 2012

3. Significant accounting policies (continued)

Income tax

The World Gold Council provides for income taxes on the basis of taxable earnings for the year. The tax expense represents the sum of the tax currently payable and deferred tax. The tax currently payable is based on taxable profit for the year and imputed return on annual expenditure.

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws relevant to the various jurisdictions in which the World Gold Council operates.

Deferred income tax is provided using the liability method for all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the consolidated statement of comprehensive surplus.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced by the value that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. For the purpose of presenting consolidated financial statements, the assets and liabilities of the group's foreign operations are translated at exchange rates prevailing on the statement of financial position date. Income and expenditure are translated at the average exchange rates for the period. Exchange differences arising if any are recognised in other comprehensive income and accumulated in reserves.

4. Activities

The World Gold Council's activities can be broken down into five areas, being investment, jewellery, technology, government affairs and infrastructure. Currently these activities are carried out by the World Gold Council in India, the Far East, Europe and the USA.

Notes to the consolidated financial statements

For the year ended 31 December 2012

5. Financial risk management

Risk management is carried out by the World Gold Council and management gives consideration to capital, currency, credit, market, interest rate and liquidity risks. Capital is regarded as the retained reserves attributable to members.

The World Gold Council operates a balanced budget methodology whilst ensuring that programme related costs do not exceed revenue received.

The Group's policy is to ensure that its net exposure to expenditure denominated in foreign currencies is kept to an acceptable level through appropriate treasury management.

The deferred consideration in gold and gold received in lieu of cash pertaining to the sale of the GBS entities in 2008 was classified having regard to IAS 39 ('Financial Instruments Recognition and Measurement'). Management believe that there is limited credit risk in respect of the deferred consideration and their view of this risk is reflected in the discount rate used in the valuation of the receivable. The value of the deferred consideration will vary directly in line with changes in the gold price, the discount factor used and the gold yield curve.

Management believe that the World Gold Council's exposure to interest rate risks is limited.

Notes to the consolidated financial statements

For the year ended 31 December 2012

6. Property, plant and equipment

| | Leasehold improvements US\$000's | Furniture and fittings US\$000's | Office equipment US\$000's | Computer equipment US\$000's | Motor vehicles US\$000's | Total US\$000's |

*The leasehold improvements disposal reflects a contribution by the landlord of the New York office on improvements capitalised in 2011

Notes to the consolidated financial statements

For the year ended 31 December 2012

7. Intangible assets

| | 2012 US\$ 000s | 2011 US\$ 000s |
|-------------------------|-------------------|-------------------|
| Cost | | |
| 1 January | 3,667 | - |
| Additions | - | 3,667 |
| 31 December | 3,667 | 3,667 |
| Amortisation | | |
| 1 January | - | - |
| Realised | 1,000 | - |
| 31 December | 1,000 | - |
| Carrying amounts | | |
| At 1 January | 3,667 | - |
| At 31 December | 2,667 | 3,667 |

Realised

Additions of \$3.7 million in 2011 were for gold catalytic patents, applications and license rights of gold based catalytic converter technology ('Gold Technology'). In 2012 the World Gold Council received US\$1.0 million for a sale of license rights of Gold Technology to a third party which is included as other income in the consolidated statement of comprehensive surplus on page 17 of these consolidated financial statements. The basis of the original \$3.7 million value paid has not materially changed in 2012, accordingly \$1.0 million of the original value has been realised.

Notes to the consolidated financial statements

For the year ended 31 December 2012

8. Gold holdings

This is made up of gold held for research and development purposes, gold reserves which arise from the receipt of the deferred consideration and royalties settled in gold, and other gold which comprise bars, coins and jewellery

| | 2012 US\$ 000s | 2011 US\$ 000s |
|--------------------------------------|-------------------|-------------------|
| Non-current | | |
| Research and development gold - cost | 65 | 65 |
| Other gold - cost | 758 | 805 |
| At 31 December | 823 | 870 |
| Current | | |
| Gold reserve – market value | 35,109 | 19,865 |

Research and development gold market value at 31 December 2012 was US\$0.3 million (2011 US\$0.3 million). Other gold market value at 31 December 2012 was US\$1.3 million (2011 US\$1.3 million).

The gold reserve represents a level 1 fair value measurement as this is derived from quoted gold prices.

Amounts received in respect of the deferred consideration and licence fees were 6,567 ounces (2011 6,567 ounces) and 2,003 ounces (2011 1,829 ounces) respectively. As at 31 December 2012, 21,099 oz (2011 12,529 oz) of gold was held in reserves.

Sensitivity to movement in Gold Price – gold reserve

For every US\$10 movement in the gold price, the World Gold Council is subject to an approximate US\$211,000 (2011 US\$125,000) fluctuation in the value of its gold reserve holdings.

Notes to the consolidated financial statements

For the year ended 31 December 2012

9. Other non-current assets

| | 2012 US\$ 000s | 2011 US\$ 000s |
|---------------------------------------|-------------------|-------------------|
| Other non-current assets | | |
| Lease and utility deposits | 1,009 | 1,190 |
| Other non current assets | 401 | 108 |
| Total other non-current assets | 1,410 | 1,298 |

10. Other current assets

| | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------|-------------------|-------------------|
| Other current assets | | |
| Dues receivable from members | 8,137 | 2,863 |
| Receivable from SPDR Gold Trust | 9,319 | 8,609 |
| Trade partner receivables | 189 | 185 |
| VAT receivable | 2,947 | 1,729 |
| Other current assets | 2 968 | 331 |
| Total other current assets | 23,560 | 13,717 |

11. Creditors and accrued expenses

| | 2012 US\$ 000s | 2011 US\$ 000s |
|---------------------------------------------|-------------------|-------------------|
| Creditors | 4,373 | 6 853 |
| Accrued expenses | 25,714 | 23,745 |
| Other taxes payable | 230 | - |
| Deferred income | - | 14 |
| Other payables | 572 | 87 |
| Total creditors and accrued expenses | 30,889 | 30,699 |

Notes to the consolidated financial statements

| Non-current liabilities | 1,201 | 4,995 | 889 | 7,085 |
| Balance at 31 December 2012 | 1,250 | 8,921 | 1,064 | 11,235 |

IAS 19 ('Employee Benefits') movements include interest costs of US\$10 000, exchange loss of US\$8 000 and actuarial loss of US\$39 000.

Notes to the consolidated financial statements

For the year ended 31 December 2012

12. Provisions (continued)

Post employment medical benefits

There are currently 11 (2011 11) Geneva retirees. Each year the World Gold Council pays a maximum of 50% of total medical insurance premiums for the retirees.

In 2011 the World Gold Council obtained a third party actuarial valuation of its liability in this respect, which brings into account inflation, discount rates and longevity assumptions.

There are no assets in the Scheme. Benefits are met out of future company cash flow.

The provision for retiree benefits (present value of scheme benefits) increased by an overall US\$8,000 during the year (2011 US\$6,000 increase).

The principal assumptions around the 2012 valuation are the same as for the 2011 actuarial valuation with inflation of 4% and the use of a liability discount rate of 1.95%.

| Amounts recognised in the balance sheet | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------------|-------------------|-------------------|
| Present value of scheme liabilities | (1,250) | (1,242) |
| Related deferred tax asset | 288 | 311 |
| Net liability | (962) | (931) |

The council expects to contribute US\$49,000 (2011 US\$79,000) to the scheme during the year ending 31 December 2013.

Long term incentive plans (LTIPs)

During the financial years ended 31 December 2012 and 2011, a Long Term Incentive Plan was in place for a number of members of the Leadership Team.

An LTIP has been in operation since the Remuneration Committee approved the plan for senior employees in 2003. During the current year there was a net increase in this provision of US\$1.7 million (2011 US\$3.7 million). The total amount provided at 31 December 2012 is US\$8.9 million (2011 US\$7.2 million). The terms of the LTIP are such that US\$3.9 million (2011 US\$2.6 million) will vest within the next financial year with the balance vesting in subsequent periods.

Other provisions

Other provisions include an onerous lease contract in New York for a non-cancellable lease for office space.

The provisions have been calculated with reference to the net rental costs to the end of the lease term in accordance with IAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

Notes to the consolidated financial statements

For the year ended 31 December 2012

13. Deferred consideration

Deferred consideration overview

During 2004 the World Gold Council invested US\$74,817 in exchange for 39% of Gold Bullion Holdings Limited ("GBH") which, in turn, owned 100% of Gold Bullion Securities Limited ("GBSJ"). Both companies are registered in Jersey, Channel Islands. GBH acquired 100% of Gold Bullion Securities Limited ("GBSA"), a company registered in Australia, on 1 January 2005. Both GBSJ and GBSA were set up in order to issue gold-backed securities, which are listed on the London and Australian Stock Exchanges respectively.

On 11 July 2008, the World Gold Council acquired the 28% of GBH owned by Gold Bullion Investment Trust ("GBIT") for deferred cash consideration of US\$10.0 million making GBH a 67% subsidiary of the WGC. The remaining 33% interest in GBH was owned by Exchange Traded Fund Securities Limited ("ETFS"). The US\$10 million is payable in instalments through to December 2019 and the investment was accounted for at its fair value at the time of purchase of US\$8.8 million. The 28% shareholding is in a class of shares which only entitles the holders to 5% of the economic interest in GBH.

On 18 July 2008 GBH completed the sale ("the Disposal") of its subsidiaries, GBSJ and GBSA, to ETFS for deferred consideration in gold of 492,500 ounces payable, in equal instalments every 6 months, between 2008 and 2058 (the "Deferred Consideration").

On 18 July 2008, GBH cancelled the 33% shareholding in GBH which belonged to ETFS by transferring one third of the proceeds of the Disposal to them (164,167 ounces payable between 2008 and 2058 – a result of this series of transactions, GBH became a 100% subsidiary of the World Gold Council and would receive Deferred Consideration totalling 328,333 ounces ("deferred consideration receivable").

Notes to the consolidated financial statements

For the year ended 31 December 2012

13. Deferred consideration (continued)

The whole deferred consideration contract was designated at the time of the transaction akin to a financial asset measured at fair value through profit and loss, accordingly movements in the fair value of the contract will be taken to the consolidated statement of comprehensive surplus over the life of the deferred consideration

The deferred consideration represents a level 3 fair value measurement as this is derived from a combination of quoted gold prices and inputs other than quoted prices. At the end of December 2012 the number of ounces payable to World Gold Council Holdings Limited by ETFS is 298,784 ounces after 3,283 ounces had been received in both March 2012 and September 2012

Statement of financial position

| | 2012 US\$ 000s | 2011 US\$ 000s |
|------------------------------------|-------------------|-------------------|
| At 1 January | 114,473 | 170,651 |
| Gold received | (11 191) | (10 737) |
| Fair value adjustment | (2,037) | (56,694) |
| Exchange and unwinding of discount | 16,405 | 11,253 |
| At 31 December | 117,650 | 114,473 |
| Current assets | 10 375 | 9 344 |
| Non-current assets | 107,275 | 105,129 |
| Total receivables | 117,650 | 114,473 |

Deferred consideration receivable

The accounting treatment adopted for the deferred consideration receivable for the GBS entities is based on a discounted cash flow projection. The present value of each instalment of the Deferred Consideration is valued by multiplying the number of ounces of gold receivable by a gold forward price and discounting the resulting value at an appropriate discount rate that reflects the current market assessments of the time value of money and the risks specific to the deferred consideration. The value of the Deferred Consideration will vary in line with changes in gold spot and forward prices along with the discount factor used.

The gold forward price for the next 10 years is an observable input into the valuation of Deferred Consideration, based on market data. Thereafter, no observable market data in respect to gold forward prices is available, consistent with the lack of liquidity in the market for gold beyond 10 years. At 31 December 2012, the present value of Deferred Consideration receivable within the next 10 years is US\$70.3 million (2011: US\$66.2 million) representing 60% (2011: 58%) of the present value of total deferred consideration receivable.

To calculate the gold forward price for years 11 to 46, a forward rate of 1.94% has been used, which approximates the 10-year Gold Forward Offered Rate ("GOFO").

Notes to the consolidated financial statements

For the year ended 31 December 2012

13. Deferred consideration (continued)

Valuation techniques that rely to a greater extent on unobservable inputs require a higher level of management judgement to calculate a fair value than those based wholly on observable inputs relating to the discount rate and the gold forward price. The valuation of Deferred Consideration is highly sensitive to changes in assumptions relating the gold forward prices beyond 10 years.

Sensitivity analysis has been performed in respect of the GOFO beyond 10 years. The value of deferred consideration based on the maximum and minimum historical rolling average estimated 10-year gold forward price of 1% and 7% would be US\$109.5 million (2011 US\$103.1 million) and US\$206.9 million (2011 US\$199.0 million) respectively, which highlights the sensitivity of the calculation. The present value of Deferred Consideration receivable recognised at 31 December 2012 of US\$117.7 million is considered to be a reasonable approximation of fair value.

Given the uncertainty and subjective nature of valuing financial instruments at fair value, it is possible that the outcomes in the next financial year could differ from that of the current year, due to the assumptions used. Differences in assumptions used could result in a material adjustment in the carrying amount of the Deferred Consideration measured at fair value. Movements in fair value will be taken to the consolidated statement of comprehensive surplus over the life of the Deferred Consideration.

A discount rate of 11.54% (2011 11.41%) has been applied, which reflects a risk free rate (referenced to LIBOR), a risk premium (which reflects the Association's assumed cost of funding) and a credit risk premium for ETFS (to estimate the credit risk associated with lending to ETFS for a remaining period of circa 46 years). At 31 December 2012 and to the date of this report, the assets of ETFS are more than sufficient to permit payments to be made.

The table below highlights the sensitivity of the valuation of the Deferred Consideration to changes in other significant assumptions at the reporting date.

| Sensitivity Summary (US\$ millions) | 2012 | 2011 |
|-------------------------------------|---------------|---------------|
| Discount rate sensitivity | | |
| 1% Increase | 10.1 decrease | 10.5 decrease |
| 1% Decrease | 12.1 increase | 12.7 increase |
| Gold price movement | | |
| US\$10 increase | 0.7 increase | 0.7 increase |
| US\$10 decrease | 0.7 decrease | 0.7 decrease |
| 1% increase | 1.2 increase | 1.1 increase |
| 1% decrease | 1.2 decrease | 1.1 decrease |

In the event of liquidation of ETFS after 31 March 2012, the right of World Gold Council to receive payments in gold would revert to GBSJ and GBSA (i.e. GBSJ and GBSA would become liable to continue making the payments to Gold Bullion Holdings Limited).

Notes to the consolidated financial statements

For the year ended 31 December 2012

13. Deferred consideration (continued)

Deferred consideration payable

The deferred liability using a discount rate of 2.79% is broken down as follows

| | 2012 US\$ 000s | 2011 US\$ 000s |
|--------------------------|-------------------|-------------------|
| Amount payable to GBIT | 6,119 | 5,968 |
| Effective interest | 137 | 151 |
| Payments during the year | (1,500) | - |
| At 31 December | 4,756 | 6,119 |
| Current Liabilities | 629 | 1,363 |
| Non-current Liabilities | 4,127 | 4,756 |
| Total Liabilities | 4,756 | 6,119 |

| | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------------|-------------------|-------------------|
| Fair Value Adjustment on Gold | | |
| Fair value on deferred consideration | (2,037) | (56,694) |
| Fair value adjustment on gold holdings* | 10,819 | 11,662 |
| | 8,782 | (45,032) |

*Fair value adjustment on gold holdings reflects receipt of gold as part of the deferred consideration and changes in the gold price for gold holdings held (where these are revalued)

Notes to the consolidated financial statements

For the year ended 31 December 2012

14. Operating expenditure

| | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------------------------|-------------------|-------------------|
| Media and promotional expenditure | 28,367 | 27,340 |
| Research and consultancy costs | 17,550 | 14,227 |
| Marketing and development costs | 13,296 | 16,476 |
| Total market development expenditure | 59,213 | 58,043 |
| Key management personnel compensation* | 10,666 | 11,661 |
| Other personnel expenditure | 22,500 | 20,074 |
| Total personnel expenditure | 33,166 | 31,735 |
| Facility costs | 7,585 | 5,775 |
| Membership governance | 97 | 1,464 |
| Professional fees | 9,224 | 5,755 |
| Travel and other costs | 7,724 | 5,390 |
| Total general and administrative expenditure | 24,630 | 18,384 |
| Office closure costs | - | 96 |
| Total office closure costs | - | 96 |
| Total operational expenditure | 117,009 | 108,258 |

* Key management personnel compensation is comprised of short-term employee benefits of US\$7.2 million (2011: US\$7.4 million), post-employment benefits of US\$29,000 (2011: US\$42,000), long-term employee benefits of US\$3.1 million (2011: US\$2.9 million) and termination benefits of US\$0.3 million (2011: US\$1.3 million).

| The surplus for the year has been arrived at after charging: | 2012 US\$ 000s | 2011 US\$ 000s |
|--------------------------------------------------------------|-------------------|-------------------|
| Depreciation of fixed assets | 967 | 811 |
| Office closure costs | - | 96 |
| Loss on disposal of assets | 1 | 13 |

Notes to the consolidated financial statements

For the year ended 31 December 2012

14. Operating expenditure (continued)

| Amounts receivable by auditors and their associates in respect of: | 2012 US\$ 000s | 2011 US\$ 000s |
|--------------------------------------------------------------------|-------------------|-------------------|
| Audit of these financial statements | 262 | 275 |
| Audit of financial statements of subsidiaries of the company | 117 | 48 |
| Taxation compliance services | 169 | 472 |
| Other assurance services | 47 | - |
| All other services | 186 | 311 |
| Total fees | 781 | 1,106 |

| Employee numbers | 2012 No. | 2011 No. |
|---------------------------------|-------------|-------------|
| Number of employees at year end | 82 | 79 |

| Contributions to retirement plans (all staff) | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------------------|-------------------|-------------------|
| Contributions made to retirement plans | 1,320 | 1,541 |

In addition to the above numbers the compensation charge in respect of the LTIPs (Long Term Incentive Plans) are set out in note 12

Office closure costs

Office closure costs for 2011 represent the movement of the New York head office in the third quarter of 2011, the closure of the office in Dubai during the first quarter of 2011, and the release of the onerous lease provision for the old London office following the successful assignment of the lease

Notes to the consolidated financial statements

For the year ended 31 December 2012

15. Taxation

The World Gold Council is an Association registered in Switzerland and operating worldwide across a number of fiscal jurisdictions with varying tax legislation and rates

In 2012 US\$25.1 million (2011 US\$14.9 million) of the World Gold Council's tax charge resulted from revenues generated in the US at an effective tax rate of 60% (2011 45%). A further tax charge of US\$8.7 million is in relation to UK Corporation Tax at an effective rate of 53%. The effective rates in both tax jurisdictions are higher than their associated UK and US corporation tax rates due to permanent disallowable expenses

The World Gold Council has a mutual status for UK Corporation Tax. As a result of this, the charge to UK Corporation Tax is levied only on its non-mutual trading income

| Analysis of tax charge | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------|-------------------|-------------------|
| Current taxes on profit for year | 32,964 | 23,768 |
| Current taxes adjustment for prior years | (340) | 214 |
| Deferred taxation on profit for year | 679 | (1,215) |
| Deferred taxation adjustment for prior years | 280 | - |
| Taxation for the year | 33,583 | 22,767 |

| Reconciliation of taxation – current liability | UK Tax US\$ 000s | Foreign Tax US\$ 000s | Total US\$ 000s |
|---------------------------------------------------------------------|---------------------|--------------------------|--------------------|

| Credit for current year | (959) | (959) |
| Exchange difference | (6) | (6) |
| Balance at 31 December 2012 | 389 | 389 |

Notes to the consolidated financial statements

For the year ended 31 December 2012

15. Taxation (continued)

The Group's tax charge on ordinary activities is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The geographical complexity of the Group's structure makes the degree of estimation and judgement more challenging. The resolution of issues is not always within the control of the Group and it is often dependent on the efficacy of the legal processes in the relevant tax jurisdictions in which the Group operates.

16. Financial commitments and guarantees

| | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------------------------------------------------------------|-------------------|-------------------|
| (a) Capital commitments at the end of the financial year which are contracted but not provided for | 212 | - |

(b) Total commitments under non-cancellable operating lease rentals payable are as follows

| | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------------------|-------------------|-------------------|
| Due within one year | 2,966 | 2,084 |
| Due between 2 and 5 years | 9,925 | 8,740 |
| Due beyond 5 years | 7,032 | 8,613 |
| Total non-cancellable operating lease commitments | 19,923 | 19,437 |

The commitments for 2012 include the gross commitment of US\$2.2 million (2011: US\$2.5 million) in regards to the office space that is no longer required. The obligation for the discounted future payment, net of expected rental income as an onerous lease provision is recorded in the 2012 financial statements.

Bank guarantees

The World Gold Council has bank guarantees totalling US\$1,430,000 (2011: US\$1,040,000) which it holds in the normal course of its operations and in addition holds a letter of credit totalling US\$517,500 (2011: US\$517,500) in favour of the lessor for the office space in New York.

Notes to the consolidated financial statements

For the year ended 31 December 2012

17. Subsidiaries, branches and representative offices

The consolidated financial statements incorporate the assets, liabilities, revenue and expenditure (other than intra-group items) of the following subsidiaries, branches and representative offices through which the World Gold Council conducts its operations

| Subsidiaries (100% owned) | Location |
|------------------------------------------------|--------------------------|
| World Gold Council Srl | Italy |
| WGC (US) Holdings Inc | USA |
| World Gold Trust Services, LLC | USA |
| WGC USA Inc* | USA |
| World Gold Council KK | Japan |
| World Gold Council (Far East) Pte Limited | Singapore |
| WGC Financial Services SA | Switzerland |
| WGC Holdings Limited | Jersey |
| Gold Bullion Holdings Limited | Jersey |
| World Gold Council (IOM) Limited | Isle of Man |
| World Gold Council Holdings Technology Limited | Jersey |

| World Gold Council (India) Private Limited | India |
| World Gold Council China Co Limited* | China |
| Exchange Traded Gold Limited | United Kingdom (Dormant) |
| Gold Bullion Nominees Limited | Hong Kong (Dormant) |
| Gold Bullion Securities Limited | Hong Kong (Dormant) |
| World Gold Council Inc | USA (Dormant) |
| *Formed during 2012 | |

| Branches and representative offices | Location |
|-------------------------------------|----------------------|
| United Kingdom | London |
| China | Beijing and Shanghai |
| India | Mumbai and Chennai |

Notes to the consolidated financial statements

For the year ended 31 December 2012

18. Interests in associates

The World Gold Council sold its 39% shareholding in Dubai Gold Investments for nil consideration to Dubai Multi Commodities Centre Authority during 2011. The investment had previously been fully impaired.

19. Related party transactions

In accordance with IAS 24 ('Related Party Disclosures') the Directors believe that the following are related party transactions in respect of internal and external dealings that the World Gold Council may have.

Trading transactions

Transactions between the World Gold Council, its subsidiaries and its branches, are eliminated on consolidation and are not disclosed in this note. Transactions with members of the World Gold Council are disclosed separately below.

Transactions with trading partners who are joint shareholders in investments that the World Gold Council holds are disclosed below.

| Members' Dues | 2012 US\$ 000s | 2011 US\$ 000s |
|-----------------------------------------|-------------------|-------------------|
| Top 10 Members' dues | 55,030 | 33,992 |
| Percentage of total Members' dues | 91.45% | 93.79% |
| Amounts due from members at 31 December | 8,137 | 2,863 |

Total Members' dues in 2012 amounted to US\$60.2 million (2011: US\$36.2 million).

| Trading transactions with Gold Bullion Investment Trust (GBIT) | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------------------------|-------------------|-------------------|
| Accrued liability / loan to GBIT | 136 | 165 |
| Deferred consideration paid to GBIT | 1,500 | - |
| Deferred consideration current liability | 629 | 1,363 |
| Deferred consideration non-current liability | 4,127 | 4,756 |

The members of Gold Bullion Investment Trust ("GBIT") include a number of the Members of the World Gold Council. However, the World Gold Council is unable to influence the actions of GBIT. As a result, the operations of GBIT are seen as distinct from that of World Gold Council and are not consolidated in the World Gold Council's results.

The above note represents all transactions with World Gold Council Holdings Limited and GBIT. At the end of 2012, World Gold Council Holdings Limited owed US\$136,000 (2011: US\$165,000) to GBIT.

Notes to the consolidated financial statements

For the year ended 31 December 2012

19. Related party transactions (continued)

Other significant trading parties

The following parties are significant for the underlying operations of the World Gold Council. The World Gold Council does not exert influence over these parties, but due to the nature, significance and timeframe of the relationship the transactions are detailed below.

| Trading transactions with ETF Securities | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------------|-------------------|-------------------|
| Participation fee from ETFS | 3,822 | 3,112 |
| Participation fee receivable from ETFS at year end | 746 | 261 |
| Semi-annual capital gold received | 11,191 | 10,737 |

The above represents transactions with ETF Securities ("ETFS") in 2012. ETFS was the third party that the subsidiaries of Gold Bullion Holdings Limited were sold to in 2008. The above transactions represent a flow of income to the World Gold Council and World Gold Council Holdings Limited as a result of the 2008 transaction. World Gold Council Holdings Limited currently receives gold from ETFS by way of the semi-annual payment until March 2058. The royalty fee is received monthly in gold.

ETFS has been included in the related party analysis due to the magnitude and nature of the receivable, along with the timeframe over which the gold will be received.

| Trading transactions with SPDR® Gold Trust | 2012 US\$ 000s | 2011 US\$ 000s |
|----------------------------------------------|-------------------|-------------------|
| Sponsor fees from the Trust | 104,038 | 93,793 |
| Amount receivable from the Trust at year end | 9,319 | 8,609 |

The above relates to all the transactions undertaken with the SPDR® Gold Trust by the World Gold Council's US based subsidiary World Gold Trust Services LLC ("WGTS").

WGTS, a company wholly owned by the ultimate parent company the World Gold Council, is the sponsor of SPDR® Gold Trust (the "Trust"), an investment trust whose shares are traded on NYSE Arca Inc. The shares of the SPDR® Gold Trust are also listed on the Singapore Exchange, the Mexican Stock Exchange (Bolsa Mexicana de Valores), the Tokyo Stock Exchange and the Stock Exchange of Hong Kong.

WGTS was responsible for establishing the Trust and for the registration of the Trust's shares. WGTS generally oversees the performance of the Trustee (The Bank of New York Mellon) and the Trust's principal service providers, but does not exercise day-to-day oversight over the Trustee or such service providers. WGTS regularly communicates with the Trustee to monitor the overall performance of the Trust. WGTS, with the assistance and support of the Trustee, is responsible for preparing and filing periodic reports on behalf of the Trust with the United States Securities and Exchange Commission, along with that of the Tokyo stock exchange and will provide any required certification for such reports. WGTS will designate the independent registered public accounting firm of the Trust and from time to time employs legal counsel for the Trust. WGTS maintains a public website on behalf of the

Notes to the consolidated financial statements

For the year ended 31 December 2012

Trust, which contains information about the Trust and the Trust's shares, and oversees certain shareholder services, such as prospectus fulfilment

Fees are paid to the Sponsor as compensation for services performed under the trust indenture and for services performed in connection with maintaining the Trust's website

20. Investments

| | 2012 US\$ 000s | 2011 US\$ 000s |
|-------------------------------|-------------------|-------------------|
| Investment in BullionVault | 9,270 | 9,270 |
| Other investments | 80 | 80 |
| Balance at 31 December | 9,350 | 9,350 |

BullionVault

World Gold Council through its Jersey based subsidiary WGC Holdings Limited holds 39,971 shares in Galmarly Limited trading as BullionVault com. This represents 11.45% of the issued share capital of Galmarley Limited.

WGC Holdings Limited purchased the shares on 17 June 2010 for a consideration of £6,249,865 plus fees of £18,785 (US\$9,270,467).

BullionVault provides investors with an around-the-clock on-line platform which can be used to buy, sell, and own 100% physical gold bullion. BullionVault is the global leader in this rapidly growing segment - storing over US\$1 billion of physical gold for more than 36,000 users. The investment in BullionVault is aligned with World Gold Council's mission to stimulate and sustain the demand for gold.

A review of the carrying value of its shareholding for the year ended 31 December 2012 has indicated that the investment value is a good proxy for the director's best estimate of the fair value of the stake held.

Other investments

This represents the value invested in a gold technology start up company by World Gold Council Holdings Limited.

21. Subsequent events

There are no events subsequent to balance sheet date that affect this financial report.

Locations of the World Gold Council

The World Gold Council network covers the USA, Europe, India and the Far East including China and Japan. This network provides us with expertise in every aspect of the gold market and is fundamental to creating local and increasingly global initiatives with partners. Strong contacts with local governmental organisations and trade bodies enable the World Gold Council to play a leading role in liberalising markets.

Strong local trade contacts have also allowed the development of joint marketing initiatives with retailers, manufacturers and trade organisations. Local offices develop the relationships with the key partners helping to create demand for specific partner pieces and to improve the image of gold.
