# Directors' report for the period from incorporation on 20 December 1999 to 28 February 2001

The directors present herewith their report and audited financial statements for the period ended 28 February 2001. The company was incorporated in the Isle of Man on 20 December 1999.

### Principal activity

The principal activity of the company is freight services.

### Results for the year

The results for the period and their appropriation are set out in the profit and loss account on page 4.

#### Dividend

The directors do not propose payment of a dividend for the period.

#### Directors

The directors of the company holding office throughout the period were:

G M Evans

G Evans

#### Secretary

The secretary of the company at 28 February 2001 was G Evans who had served throughout the period.

### Auditors

PricewaterhouseCoopers were appointed as auditors by the directors. At the next Annual General Meeting approval of the shareholders will be sought to ratify their appointment, and reappointment for the next year.

By order of the board

Secretary

22 October 2001

## Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Acts 1931 to 1993. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

By order of the board

## Report of the auditors to the members of Panther Express Limited

We have audited the financial statements on pages 4 to 9.

### Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and financial statements. As described on page 2, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the Isle of Man by statute, the Auditing Practices Board in the United Kingdom and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Isle of Man Companies Acts 1931 to 1993. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the other information contained in the directors' report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

### Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board in the United Kingdom. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs at 28 February 2001 and of its loss for the period then ended and have been properly prepared in accordance with the Isle of Man Companies Acts 1931 to 1993.

The financial statements on pages 4 to 9 were approved by the board of directors on 2 Lockober 2001 and signed on their behalf by:

Director

# Notes to the financial statements for the period ended 28 February 2001

## 1 Principal accounting policies

The financial statements have been prepared in accordance with applicable accounting standards in the United Kingdom. A summary of the more important accounting policies, which have been applied consistently, is set out below.

### **Basis of accounting**

The financial statements are prepared in accordance with the historical cost convention.

#### Turnover

Turnover is stated net of VAT and discounts allowed and represents the invoiced value of services supplied.

### Depreciation

Depreciation is calculated so as to write off the cost of tangible fixed assets, less their estimated residual values, on a straight line basis over the expected useful economic lives of the assets concerned. The principal annual rates used for this purpose are:-

Plant and machinery	15%
Office equipment	15%
Furniture	20%
Computers & equipment	25%

### Finance leases and hire purchase contracts

Assets held under leasing agreements which transfer to the company substantially all the benefits and risks of ownership are treated as if they had been purchased outright. The assets are included in fixed assets and the capital element of the leasing commitments is shown as obligations under finance leases. The lease rentals are treated as consisting of capital and interest elements. The capital element is applied to reduce the outstanding obligations and the interest element is charged against profit in proportion to the reducing capital element outstanding. Assets held under finance leases are depreciated over the shorter of the lease terms and the useful lives of equivalent owned assets.

### **Deferred taxation**

Provision is made for deferred taxation, using the liability method, on all material timing differences.

# 2 Going concern

The company's ability to continue as a going concern depends on the company's principal shareholder, Mr G M Evans. Mr Evans has indicated that he will provide such support as is necessary for the company to operate in the foreseeable future.
