MSDW FIXED INCOME LIMITED

DIRECTORS' REPORT

The Directors present their report and accounts for MSDW Fixed Income Limited (the "Company") for the year ended 30 November 2007.

RESULTS AND DIVIDENDS

The loss for the year, after tax, was \$12,974,000 (2006: \$11,408,000 loss).

During the year, no dividends were paid (2006: \$nil).

PRINCIPAL ACTIVITY AND REVIEW OF THE BUSINESS

The principal activity of the Company is that of an intermediate holding company. The Company is managed and controlled in the UK.

The Company's ultimate parent undertaking and controlling entity is Morgan Stanley which, together with the Company and Morgan Stanley's other subsidiary undertakings, form the Morgan Stanley Group (the "Group").

There have not been any significant changes in the Company's principal activity in the year under review and no significant change in the Company's principal business is expected.

The profit and loss account for the year is set out on page 4. The Company's operating loss has remained consistent with the prior year at \$12,000, and the loss has increased from \$11,408,000 to \$12,974,000.

The balance sheet on page 5 of the financial statements shows that the Company's net liabilities at the end of the year were \$78,391,000 an increase of 20% from the prior year.

There have been no significant events after the balance sheet date.

The performance of the Company is included in the results of the Group which are discussed in the Group's Annual Report on Form 10-K to the United States Securities and Exchange Commission. The Group manages its key performance indicators on a global basis. For this reason, the Company's Directors believe that providing performance indicators for the Company itself would not enhance an understanding of the development, performance or position of the business of the Company.

Risk Management

Risk is an inherent part of the Company's business activity and is managed within the context of the broader Group's business activities. The Group seeks to identify, assess, monitor and manage each of the various types of risk involved in its activities, in accordance with defined policies and procedures.

Market risk

Market risk refers to the risk that a change in the level of one or more market prices, rates, indices, implied volatilities (the price volatility of the underlying instrument imputed from option prices), correlations or other market factors, such as liquidity, will result in losses for a position or portfolio.

The Group manages the market risk associated with its trading activities in consideration of each individual legal entity, but on a global basis, at both a trading division and an individual product level.

Credit risk

Credit risk refers to the risk of loss arising from borrower or counterparty default when a borrower, counterparty or obligor is unable to meet its financial obligations.

The Group manages credit risk exposure in consideration of each individual legal entity, but on a global basis, by ensuring transparency of material credit risks, ensuring compliance with established limits, approving material extensions of credit, escalating risk concentrations to appropriate senior management, and mitigating credit risk through the use of collateral and other arrangements.

Liquidity and cash flow risk

The Group's senior management establishes the overall liquidity and capital policies of the Group. The Group's liquidity and funding risk management policies are designed to mitigate the potential risk that the Group and the Company may be unable to access adequate financing to service its financial obligations when they fall due without material adverse franchise or business impact. The key objectives of the liquidity and funding risk management framework are to support the successful execution of the Group's and the Company's business strategies while ensuring ongoing and sufficient liquidity through the business cycle and during periods of financial distress.

DIRECTORS' REPORT (CONTINUED)

DIRECTORS

The following Directors held office throughout the year:

B Gill (appointed 20 December 2006)

E J Ocampo

M C Slingo (resigned 20 December 2006)

AUDITORS

The Company has in place an elective regime to dispense with the need to hold annual general meetings, lay reports and accounts before the shareholders at a general meeting, and the requirements to re-appoint the auditors, Deloitte & Touche LLP, annually. As such, under Jersey Law, Deloitte & Touche LLP will remain in office until formally removed.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

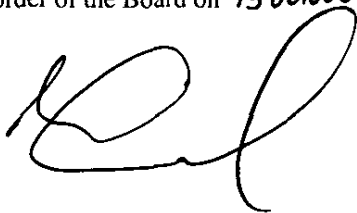

The Directors are responsible for preparing their report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable Jersey law and United Kingdom Generally Accepted Accounting Practice. The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the Directors are required to:

- (a) select suitable accounting policies and then apply them consistently;
- (b) make judgements and estimates that are reasonable and prudent;
- (c) state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- (d) prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

By order of the Board on 15 October 2008

Director

B. GILL

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MSDW FIXED INCOME LIMITED

We have audited the financial statements of MSDW Fixed Income Limited for the year ended 30 November 2007 which comprise the profit and loss account, the balance sheet, and the related notes 1 to 14. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Article 110 of the Companies (Jersey) Law 1991. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies (Jersey) Law 1991. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the Directors' Report for the above year and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 30 November 2007 and of its loss for the year then ended; and
- the financial statements have been properly prepared in accordance with the Companies (Jersey) Law 1991.

MSDW FIXED INCOME LIMITED

NOTES TO THE ACCOUNTS

Year ended 30 November 2007

1. ACCOUNTING POLICIES

a) Accounting convention

The accounts are prepared under the historical cost convention and in accordance with applicable Jersey law and United Kingdom accounting standards.

The Company is not required to prepare consolidated accounts by virtue of the exemption under Companies (Jersey) Law 1991. The results of the Company are included within the accounts of Morgan Stanley International Limited, a company registered in England and Wales, which will prepare consolidated accounts for the year to 30 November 2007. The accounts therefore present information about the Company as an individual entity and not about its group.

b) Functional currency

The accounts are prepared in US dollars, the currency of the primary economic environment in which the Company operates.

All currency amounts in the Directors' report, accounts and the notes to the accounts are rounded to the nearest thousand US dollars.

c) Foreign currencies

All monetary assets and liabilities denominated in currencies other than US dollars are translated into US dollars at the rates ruling at the balance sheet date. Transactions in currencies other than US dollars are recorded at the rates ruling at the dates of the transactions. Translation differences are taken through the profit and loss account.

d) Interest income and interest expense

Interest income and interest expense is recognised on an accruals basis

e) Fixed asset investments

Fixed asset investments are stated at cost, less provision for any impairment. Monetary fixed asset investments denominated in currencies other than US dollars are revalued to US dollars at the rates ruling at the balance sheet date, as described in note 1(c) above.

f) Taxation

UK Corporation tax is provided at amounts expected to be paid / recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Full provision has been made for deferred tax assets and liabilities arising from timing differences. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised to the extent that it is regarded as more likely than not likely that they will be recovered. Deferred tax assets and liabilities are not discounted.

The Company has been granted exempt company status under Article 123A of the Income Tax (Jersey) Law 1961. This status is renewable annually. The Company plans to maintain this status for as long as it is available pending the introduction of a general zero rate of corporate income tax which will be introduced as from 1 January 2009. In order to hold exempt status an annual fee of £600 is payable. This fee has not been included within the accounts as it has been borne by the Company's parent.

g) Offsetting of financial assets and financial liabilities

Where there is a legally enforceable right to set off the recognised amounts and an intention to settle on a net basis or to realise the asset and the liability simultaneously, financial assets and financial liabilities are offset and the net amount is presented on the balance sheet. All other amounts are presented on a gross basis.

1. ACCOUNTING POLICIES (CONTINUED)

h) Cash flow statement

The Company's ultimate parent undertaking produces a cash flow statement. Accordingly, the Company, which is a wholly owned subsidiary, has elected to avail itself of the exemption provided in FRS 1: (Revised 1996) *Cash Flow Statements* and not produce a cash flow statement.

2. SEGMENTAL REPORTING

The Company has only one class of business as described in the Directors' report and operates in one geographic market, the United Kingdom.

3. OPERATING LOSS

UK corporation tax at 30% (2006: 30%)		
- Current year	-	-
Tax on loss on ordinary activities	<u>-</u>	<u>-</u>

Factors affecting the tax charge for the year

The current year UK taxation charge is higher than that resulting from applying the standard UK corporation tax rate of 30% (2006: 30%). The main differences are explained below:

	2007 \$'000	2006 \$'000
Loss on ordinary activities before tax	<u>(12,974)</u>	<u>(11,408)</u>
Loss on ordinary activities multiplied by the standard rate of corporation tax in the UK of 30% (2006: 30%)	(3,892)	(3,423)
Effects of:		
Group relief surrendered for nil consideration	<u>3,892</u>	<u>3,423</u>
Current tax charge for the year	<u>-</u>	<u>-</u>

The Company continues to have tax losses carried forward at nil value. The potential deferred tax asset of \$826,286 (2006: \$826,286) has not been recognised due to uncertainty regarding the level of future profits.
