## GOLD DIAMOND D MANCHESTER AIRPORT 2005 LTD (FORMERLY GOLD DIAMOND E MANCHESTER AIRPORT 2005 LTD) STRATEGIC REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2013

#### Principal activities

The principal activity of the company continued to be the operation of a hotel in the United Kingdom

#### **Business Review**

The company has reported an operating profit of £1,156,735 (2012 - £843,409) for the underlying business before adjusting for impairment of £592,576 (2012 - £531,837) and the forgiveness of debt of £47,079,941 (2012 - £nil) After adjusting for these items the company reported an operating profit, before finance charges and taxation, of £47,644,100 (2012 - £311,572)

A former intermediate parent undertaking of the company, Professional Ventures Corporation, breached the banking covenants in its credit facilities on 31 December 2008

On 14 June 2011 the Royal Bank of Scotland Pic appointed Alan Bloom and Roy Bailey, of Emst & Young LLP and Emst & Young Limited as Joint Administrative Receivers to Professional Ventures Corporation. The company continued to trade and was unaffected by the administrative receivership but as a consequence the company was sold on 15 February 2013.

Under the terms of the sale, the company was refinanced, its obligations as a guaranter to the credit facilities of Professional Ventures Corporation extinguished and the net indebtedness between the company and the Professional Ventures Corporation Group forgiven, resulting in a credit to the profit and loss account of £47,079,941 (2012 - £nil) Following the sale £3 092,382 of the new debt was converted to equity

The directors consider the key financial indicators are as follows

	2013	2012
Gross profit margin percentage	51 25%	50 37%
Operating profit margin percentage before impairment, bad debts & incentive fees	14 84%	11 37%
Profit/(loss) after tax	£46,855,685	(£3,254,411)
Impairment tangible assets	(£592,576)	(£531,837)

#### Principal risks and uncertainties

The company is subject to a variety of risks, which may have an adverse impact on the business, its operating results, turnover, profit, assets, and reserves

Listed below are the main risks which, in the opinion of the directors, could significantly affect the company's business

#### Competitive risks

The directors review the hotel against a self selected group of competitor hotels. These reports allow the hotel to compare accommodation occupancy percentage, average rate, RevPAR and its competitive position in market penetration, average rate and revenue generation against the competitive group.

#### Currency risks

The hotel business is affected by the strength of sterling, with strong sterling increasing the effective room rates to international guests

#### Legislative risks

Health and safety regulations are constantly reviewed and to this effect the hotel has an appointed Health and Safety Manager to carry out all legally required training and to ensure all health and safety policies are communicated and adhered to

## GOLD DIAMOND D MANCHESTER AIRPORT 2005 LTD (FORMERLY GOLD DIAMOND E MANCHESTER AIRPORT 2005 LTD) STRATEGIC REPORT (CONTINUED)

### FOR THE YEAR ENDED 31 DECEMBER 2013

#### Economic development

The company operates in a competitive environment influenced by the UK economy. Adverse economic and financial market developments, including recession and currency fluctuations could lead to lower revenues and reduced income. Recent expenence shows a recession lessens both leisure and business travel and negatively affects rooms' rates and/or occupancy levels and other income-generating activities such as food and beverage sales. This may result in worsening of operating results and potentially reduce the value of properties.

#### Events that impact domestic or international travel

Room rates and occupancy levels of the company could be negatively affected by events that reduce domestic and/or international travel. These include events such as acts of terrorism, epidemics, travel-related industrial action and increased fuel costs all of which could result in a fall in both domestic and worldwide travel. Such events may lead to a fall in demand for hotel rooms that would have a subsequent impact on the company's operations and financial results.

#### Technology and systems

The company is reliant upon certain IT systems for the smooth and efficient running of its business and any disruption to those IT systems could have a detrimental effect on the running of the business. If the company does not keep up-to-date with new IT developments it runs the risk of becoming uncompetitive, which could result in a loss of customers and a failure to attract new customers.

## GOLD DIAMOND D MANCHESTER AIRPORT 2005 LTD (FORMERLY GOLD DIAMOND E MANCHESTER AIRPORT 2005 LTD) DIRECTORS' REPORT

#### FOR THE YEAR ENDED 31 DECEMBER 2013

The directors present their report and financial statements for the year ended 31 December 2013

#### **Fixed Assets**

The directors have considered the value of the company's hotel asset restating it at 31 December 2013 to reflect a valuation by Christies LLP dated 05 February 2014 which was commissioned by the company's immediate parent, Silver Diamond TEHC Sarl. The valuation was carried out in accordance with the RICS Valuation Standards – Global and UK (7th Edition).

#### Going concern

The directors believe that, following the sale of the company on 15 February 2013, the company has sufficient financial resources to meet its trading obligations as and when they fall due and accordingly these accounts have been prepared on a going concern basis. Further details of the adoption of the going concern basis can be found in the statement of accounting policies in the financial statements.

#### Financial risk management objectives and policies

The activities of the company expose it to a number of financial risks including credit risk and liquidity risk

#### Credit risk

The company's principal financial assets are bank balances and cash, trade and other receivables. The company's credit risk is primarily attributable to its trade receivables which are stated net of allowances for doubtful receivables and, where there is an identified loss event, impairment

The company has no significant exposure to currency or legislative risk. Credit risk is spread over a large number of counterparties and customers.

#### Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the company uses short term debt from its immediate parent undertaking

#### Results and dividends

The results for the year are set out on page 5

An interim dividend of £179,573 was declared on 4 December 2013, (2012 - £nil) The directors do not recommend a final dividend

## Future Developments

The company is endeavouring to improve performance

The directors expect the hotel to continue to trade profitably and benefit from an improving market in 2014

#### Directors

The directors who served during the year were

## GOLD DIAMOND D MANCHESTER AIRPORT 2005 LTD (FORMERLY GOLD DIAMOND E MANCHESTER AIRPORT 2005 LTD) DIRECTORS' REPORT (CONTINUED)

#### FOR THE YEAR ENDED 31 DECEMBER 2013

#### Statement of directors' responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that the give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- · make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregulanties.

Director

#### FOR THE YEAR ENDED 31 DECEMBER 2013

#### 1 Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and the preceding year, except as specifically noted in note 1.9.

#### 11 Basis of preparation

The financial statements have been prepared on the going concern basis and under the historical cost convention as modified to include the revaluation of tangible fixed assets

#### 12 Going concern

For the reasons discussed in the Directors' Report, the directors believe that following the sale of the company on 15 February 2013 and the subsequent recapitalisation, the company has sufficient financial resources to meet its trading obligations as and when they fall due and accordingly these accounts have been prepared on a going concern basis

#### 13 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

#### 1.4 Turnover

Turnover is the value of goods and services sold, within the United Kingdom, as part of the company's continuing ordinary activities after deducting sales based taxes

#### 15 Revenue recognition

Revenue is recognised on room sales and guest services when rooms are occupied and services have been rendered

#### 16 Tangible fixed assets and depreciation

Tangible fixed assets include freehold hotels. Land and hotel buildings are stated at fair value, and hotel fixtures, fittings and equipment are stated at cost. Hotel refurbishment costs are capitalised in the period in which they are incurred. Repairs and maintenance costs are expensed as incurred.

A full valuation is carned out by a qualified external valuer every year. Revaluation gains are taken to the Statement of Total Recognised Gains and Losses. Revaluation losses are recognized in the Statement of Total Recognised Gains and Losses to the extent that they offset previous revaluation gains. All other losses, including those incurred by a clear consumption of economic benefit, are charged to the Profit and Loss Account. On revaluation of assets carned at fair value, accumulated depreciation at the date of valuation is taken to the Statement of Total Recognised Gains and Losses.

Freehold land is not depreciated. Depreciation on hotel buildings, fixtures, fittings and equipment is provided at rates calculated to write off the value/cost less estimated residual value of each asset over its expected useful life, as follows:

Freehold buildings

Lesser of estimated useful life and 50 years

Leasehold land & buildings

Lesser of unexpired term of lease estimated useful life and 50

years on building element

Fixtures, fittings & equipment Between 3 and 25 years

The carrying value of fixtures, fittings and equipment is reviewed for impairment if events or changes in circumstances indicate that the carrying value may not be recoverable. Any impairment in the value of assets below depreciated cost is charged to the profit and loss account.

#### FOR THE YEAR ENDED 31 DECEMBER 2013

#### 17 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term

#### 18 Stock

Stock is valued at the lower of cost and net realisable value

#### 19 Change in accounting policy

Gold Diamond D Manchester Airport Ltd has historically deemed the cost of sales to be 15% of the total costs incurred by the entity. In 2013 the entity has reviewed this calculation and considered the model applied by other participants in the same business sector. As it can reliably estimate the cost of sales, and therefore a true and fairer gross profit, the entity has changed its accounting policy to present more reliable and relevant information to the users of the financial statements. The change only impacts the Gross Profit and not the overall performance of the entity. This change has been applied to the current period and prior period. The change has resulted in a gross profit of £3,995,023 (2012 - £3,735,676) compared to £6,799,210 (2012 - £6,430,344) under the previous policy. These changes are in accordance with FRS 18, Accounting Policies and FRS 3, Reporting Financial Performance.

#### 1 10 Taxation

Corporation tax payable is provided on taxable profits at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred taxation is provided in full respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. Deferred tax assets are recognised to the extent that they are regarded as recoverable. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements. The deferred tax balance has not been discounted. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply in periods in which the timing differences are expected to reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date.

#### 1 11 Foreign currency translation

Transactions denominated in foreign currencies are recorded at the rate of exchange ruling at the date of the transactions. Assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. All foreign exchange differences are taken to profit and loss account in the year in which they arise.

#### 2 Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom

## FOR THE YEAR ENDED 31 DECEMBER 2013

#### 12 Deferred taxation

A deferred tax asset of £1 1m ansing from trading losses and other timing differences has not been recognised as there is insufficient evidence of future taxable profits to confirm recoverability in the foreseeable future. The UK corporation tax rate will reduce to 21% with effect from 1 April 2014 but the revised rate will have no significant impact in these financial statements. The March 2013 UK budget also announced subsequent reductions in the UK corporation tax rate 20% from April 2015.
