## **XCHANGING B.V.**

### **Notes to the financial statements for the year ended 31 March 2022**

#### **1) Basis of accounting and general information**

Xchanging B.V. ("the Company") is a holding Company and does not trade. Its parent entity is Xchanging Holdings Limited.

Xchanging B.V. is a private limited liability Company, incorporated in the Netherlands, registered with the Dutch Chamber of Commerce under number 34108659 and domiciled in United Kingdom with the Companies House under registered number FC027376. The Company's principal address is Royal Pavilion, Wellesley Road, Aldershot, Hampshire, United Kingdom, GU11 1PZ.

The Company is an indirect subsidiary of DXC Technology (DXC) ("the ultimate Parent Company"), a public listed company incorporated in the United States of America and listed on the New York Stock Exchange. The entities controlled directly or indirectly by the ultimate Parent Company are referred as the Group companies ("Group").

The Company qualifies as a micro-sized company, but reports under the requirements of a small sized company. It is not required to have its accounts audited as per Article 396, Paragraph 6, Part 9, Book 2 of the Dutch Civil Code (Art. 2.396 DCC). The Company have availed exemptions of certain disclosures, including a Management Board's report based on Art. 2.396 DCC.

#### **2) Summary of significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the financial periods presented, unless otherwise stated.

##### **Basis of preparation**

These financial statements have been prepared in accordance with Article 396, Paragraph 6, Part 9, Book 2 of the Dutch Civil Code (Art.2.396 DCC) and the firm pronouncements in the Guidelines for Annual Reporting in the Netherlands as issued by the Dutch Accounting Standards Board. The accounting policies applied for measuring assets and liabilities and the determination of result are based on the historical cost convention, unless otherwise stated in the further principles.

All values are rounded to the nearest thousand pounds (£'000) except where otherwise stated.

##### **Going concern**

The Company meets its day-to-day working capital requirements through a combination of intercompany loans from the Group. Assurance has been given by the ultimate Parent Company by way of letter of support that it will continue to support the operations of the Company for a minimum of twelve months from the date of signing these financial statements.

In relation to COVID-19, Management is continuously monitoring the position and taking all necessary steps to protect its employees, customers and stakeholders. A going concern impact assessment has been completed that analysed DXC's current and future cash resources, access to existing and new financing facilities, including revolving facilities and the customer base of the Group.

The impact of the war in Ukraine and related events are considered to be not material, they do not affect amounts recognised as of 31 March 2022. The directors consider that the war will not have any material impact for a period of at least twelve months from when the financial statements are authorised for issue, since the Company does not have any customers / suppliers / direct investments in Ukraine or Russia.

The Directors have a reasonable expectation that the Company and DXC have adequate resources to continue in operational existence for the foreseeable future. Accordingly, the Directors continue to adopt the going concern basis in preparing the financial statements.

##### **Consolidation**

The Company has taken advantage of the exemption under Article 408, Part 9, Book 2, of the Dutch Civil Code (Art.2.408 DCC) from the requirement to produce consolidated financial statements since the Company itself is a wholly owned subsidiary undertaking of DXC Technology, a Company registered in the United States of America, which itself prepares consolidated financial statements. The financial statements therefore present information as an individual undertaking and not as a Group. A copy of the Group financial statements of DXC Technology will be filed at the Dutch Chamber of Commerce.

##### **Functional currency**

The functional currency and reporting currency is GBP.

##### **Operating profit**

Operating profit is arrived at after deducting other expenses and crediting foreign exchange gain.

## **XCHANGING B.V.**

Notes to the financial statements for the year ended 31 March 2022 (continued)

### **2) Summary of significant accounting policies (continued)**

#### **Finance income**

##### *Dividends*

Dividend income from financial assets is recognised in the income statement when the Company's right to receive payments is established.

##### *Interest income*

Interest income from the loan given to the related parties recognised in the Income statement using the effective interest method

#### **Finance costs**

Finance costs of debt, including interest, premiums payable on settlement and direct issue costs are expensed to the Income statement in the financial year in which they fall due.

#### **Foreign currency transactions**

Foreign currency transactions are measured to the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the measurement at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement, except for the currency translation of share capital denominated in EUR, which is recognised in equity.

#### **Current taxation**

Tax is recognised in the Income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in shareholder's funds.

The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the date of the Statement of financial position in the countries where the Company operates and generates taxable income. Provisions are made where appropriate on the basis of amounts expected to be paid to the tax authorities.

#### **Financial fixed assets**

##### *Investments in subsidiaries and participation*

Participations are stated at acquisition cost, as allowed for intermediate companies using the consolidation exemption allowed by (Art. 2.408 DCC), less allowances for permanent diminution in value, if any.

##### *Impairment of investments*

At the reporting date, the Company reviews the carrying amounts of its investments to determine whether there is any indication that those assets have suffered an impairment and also to ensure investment values are substantiated by their net assets or value in use. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

#### **Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivables are classified as 'Receivables' in the balance sheet.

#### **Cash and cash equivalents**

Cash and cash equivalents include deposits held at call with banks and bank overdrafts. In the Statement of financial position, bank overdrafts are shown within borrowings in current liabilities, if any.

#### **Payables**

Payables represent amount of loan taken and their corresponding interest payables on such outstanding loan amount payable by the related parties as at the year end. Loans and payables are classified as 'Payables' in the balance sheet.

#### **Cash flow statement**

The Company has opted not to disclose a cash flow statement by the exemption allowed under Dutch Accounting Standard 360.104. Copies of the Group financial statements of DXC Technology in which a consolidated cash flow statement is taken up are available from 20408 Bashan Drive, Suite 231, Ashburn, VA 20147, USA, which is the registered office address.

### 3) Critical accounting estimates and judgements

Certain accounting policies are considered to be critical. An accounting policy is considered to be critical if, in the Directors' judgement, its selection or application materially affects the financial position or results. The application of the accounting policies also requires the use of estimates and assumptions that affect the financial position or results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Below is the summary of area in which the estimation is applied primarily in the context of applying critical accounting policies and judgement.

#### *Impairment of investments in subsidiaries*

Determining whether the Company's investment in subsidiaries have been impaired requires estimation of investments value in use. The value in use calculations require entity to estimate future cash flows expected to arise from investments and suitable discount rates in order to calculate present values. The carrying amount of investment in subsidiaries at the balance sheet date was £174,239,000 (2021: £174,239,000) after providing the impairment loss of £nil (2021: £nil) and the reversal of impairment loss of £nil (2021: £nil). It is reasonably possible that outcomes within the next financial year that are different from assumptions could require a material adjustment to the carrying amount of the affected asset or liability.

### 4) Employees and Directors

#### *Employees*

There were no employees of the Company during the current and previous year.

#### *Directors*

During the current year, Director's remuneration was borne by DXC UK International limited.
