### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2012**

##### **1.1 Basis of preparation of financial statements**

The Company was incorporated on 13 September 2007 in the Republic of Panama. It is tax resident in Great Britain and was registered as a UK Establishment on 26 October 2007.

The Company is not required to prepare audited accounts under Panamanian law. The unaudited financial statements have been prepared under the historic cost convention and in accordance with applicable UK accounting standards and section 396 of the Companies Act 2006 applicable to overseas companies. ##### **1.2 Cash flow**

##### **1.3 Deferred taxation**

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events have occurred that will result in an obligation to pay more, or right to pay less or to receive more tax, with the following exceptions:

- Provision is made for tax on gains arising from the revaluation of fixed assets (and similar fair value adjustments), or gains on disposal of fixed assets only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made when, on the basis of all the available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax when the replacement assets are sold.

- Deferred tax assets are recognised only to the extent that the directors consider it more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

##### **1.4 Interest income**

Revenue is recognised as interest accrues using the effective interest method.
