A50 15/07/2011 COMPANIES HOUSE

116

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2010

The directors present their report and audited financial statements of the company for the year ended 31 December 2010

INCORPORATION

The company was incorporated in Jersey, Channel islands on 14 January 2002

PRINCIPAL ACTIVITY

The principal activity of the company is the ownership, management and development of investment property

BUSINESS REVIEW

The company's results and financial position for the year ended 31 December 2010 are set out in full in the Income Statement, the Balance Sheet, the Statement of Changes in Equity, the Statement of Cash Flows and the notes to the financial statements

The company's performance during the period reflects a satisfactory rental performance, given the prevailing property market conditions. Net rental income was £13.6 million compared to £12.5 million for the previous year. The profit before taxation was £21.6 million, compared with a loss of £17.5 million for the previous year. A revaluation surplus of £16.2 million was recorded during the year (2009 revaluation deficit of £22.0 million) reflecting the continuation in the recovery of property values which began in the second half of 2009. Total equity at 31 December 2010 was £90.3 million, an increase of £21.5 million from the 31 December 2009 figure of £68.8 million.

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business

As the company's ultimate parent company is Capital Shopping Centres Group PLC, the company faces largely those risks and uncertainties faced by the group. These risks and uncertainties, including financial risks and the management thereof, are disclosed in the group financial statements.

The company's ultimate parent Liberty International PLC announced on 9 March 2010 its intention to reorganise by way of demerger into two distinct companies, Capital Shopping Centres Group PLC and Capital & Counties Properties PLC As a result on 7 May 2010, the company's ultimate parent changed its name from Liberty International PLC to Capital Shopping Centres Group PLC

DIVIDENDS

The directors do not recommend a final dividend for the year (2009 £nil)

INVESTMENT AND DEVELOPMENT PROPERTY

The movements in investment and development property are set out in note 7

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2010

DIRECTORS

The directors who held office during the year or until the date of this report are given below

K E Chaldecott resigned 11 March 2011

D A Fischel

C Kirby resigned 11 March 2011 L Woodhouse resigned 18 June 2010

T Pereira appointed 13 August 2010, resigned 11 March 2011

M Roberts appointed 13 August 2010

M Ellis appointed 13 August 2010, resigned 11 March 2011

M Butterworth appointed 11 March 2011
J Wilkinson appointed 11 March 2011

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Jersey company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under Jersey company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- · select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991 They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information of which the auditors are unaware and each director has taken all reasonable steps to make himself or herself aware of any relevant audit information and to establish that the auditors are aware of that information

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2010

AUDITORS

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office. The directors will reappoint PricewaterhouseCoopers LLP as auditors at the next board meeting.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BELSIDE LIMITED

We have audited the financial statements of Belside Limited (Jersey registered company no 81844) for the year ended 31 December 2010 which comprise the Income Statement, the Balance Sheet, the Statement of Changes in Equity, the Statement of Cash Flows and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union

Respective responsibilities of directors and auditors

As explained more fully in the statement of Directors' responsibilities set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Article 113A of the Companies (Jersey) Law 1991 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2010 and of its profit and cash flows for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies (Jersey) Law 1991

Opinion on other matter

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF BELSIDE LIMITED

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies (Jersey) Law 1991 requires us to report to you if, in our opinion.

- proper accounting records have not been kept, or
- the financial statements are not in agreement with the accounting records, or
- we have not received all the information and explanations we require for our audit

Parwinder Purewal (Senior Statutory Auditor) for and on behalf of PricewaterhouseCoopers LLP Chartered Accountants London 27 June 2011

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. Principal accounting policies

These financial statements have been prepared in accordance with International Financial Reporting Standards, as adopted by the European Union (IFRS), IFRIC interpretations and with the Companies (Jersey) Law 1991 These are the Company's first financial statements to be prepared under IFRS and IFRS 1 (First-time adoption of International Financial Reporting Standards) has been applied

The comparative information presented in these accounts has been restated and represented under IFRS Further details on the restatement of comparative information and conversion to IFRS are given in note 18

The financial statements have been prepared under the historical cost convention as modified by the revaluation of properties and derivative financial instruments. A summary of the accounting policies is set out below

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates. Where such judgements are made they are included within the accounting policies given below

The following standards and interpretations have been issued and adopted by the EU but are not effective for the year ended 31 December 2010 and have not been adopted early

- IAS 24 Related Party Transactions,
- IAS 32 Financial Instruments Presentation (amendment),
- IFRIC 14 IAS 19 The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction (amendment), and
- IFRIC 19 Extinguishing Financial Liabilities with Equity Instruments

These pronouncements are not expected to have a material impact on the financial statements, but will result in changes to presentation or disclosure where they are applicable

In concluding that the going concern basis of preparation is appropriate to adopt, the directors considered the level of financial support that may be made available to the company by its ultimate parent, Capital Shopping Centres Group PLC. The directors took into account the consolidated financial statements of its immediate parent, Capital Shopping Centres PLC for the year ended 31 December 2010, which were prepared on a going concern basis. The directors have also considered the risk of the company's immediate parent company, Capital Shopping Centres PLC, requesting settlement of the balance due to it.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. Principal accounting policies (continued)

Investment and development property

Investment and development property is owned by the company and held for long-term rental income and capital appreciation

The company has elected to use the fair value model Property is initially recognised at cost and subsequently revalued at the Balance Sheet date to fair value as determined by professionally qualified external valuers on the basis of market value Valuations conform with the Royal Institution of Chartered Surveyors ("RICS"), Valuation Standards 6th Edition and IVS1 of International Valuation Standards

The main estimates and judgements underlying the valuations are in relation to market rent, taking into account forecast growth rates and yields based on known transactions for similar properties and likely incentives offered to tenants

Property held under leases is stated gross of the recognised finance lease liability

The cost of investment and development property includes capitalised interest and other directly attributable outgoings incurred during development, except in the case of properties and land where no development is imminent, in which case no interest is included. Interest is capitalised (before tax relief), on the basis of the average rate of interest paid on the relevant debt outstanding, until the date of practical completion.

Gains or losses arising from changes in the fair value of investment property are recognised in the Income Statement Depreciation is not provided in respect of investment property

Revenue

The company recognises revenue on an accruals basis, when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the company

Rental income receivable is spread evenly over the period from lease commencement to expiry Directly attributable lease incentives are recognised within net rental income on the same straight-line basis as rental income

Contingent rents, being those lease payments that are not fixed at the inception of a lease, for example increases arising on rent reviews or rents linked to tenant revenues, are recorded as income in the periods in which they are earned

Rent reviews are recognised as income from the date of the rent review, based on management's estimates, when they can be measured reliably Estimates are derived from knowledge of market rents for comparable properties determined on an individual property basis and updated for progress of negotiations

Service charge income is recognised on an accruals basis in line with the service being provided

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. Principal accounting policies (continued)

Taxation

Current tax is the amount payable on the taxable income for the year and any adjustment in respect of prior years. It is calculated using rates that have been enacted or substantively enacted by the Balance Sheet date.

Exceptional items

Exceptional items are those items that in the Directors' view are required to be separately disclosed by virtue of their size or incidence to enable a full understanding of the company's financial performance

Leases

Leases are classified according to the substance of the transaction. A lease that transfers substantially all the risks and rewards of ownership to the lessee is classified as a finance lease. All other leases are normally classified as operating leases.

- Company as lessee:

Finance leases of investment property are accounted for as finance leases and recognised as an asset and an obligation to pay future minimum lease payments. The investment property asset is included in the Balance Sheet at fair value, gross of the recognised finance lease liability.

Other finance lease assets are capitalised at the lower of the fair value of the leased asset or the present value of the minimum lease payments and depreciated over the shorter of the lease term and the useful life of the asset

Lease payments are allocated between the liability and finance charges so as to achieve a constant financing rate

Rentals payable under operating leases are charged to the Income Statement on a straight-line basis over the lease term.

- Company as lessor:

Properties are leased out under operating leases, with rental income being recognised on a straight-line basis over the lease term. For more detail see the revenue recognition policy

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. Principal accounting policies (continued)

Impairment of assets

The company's assets are reviewed at each Balance Sheet date to determine whether events or changes in circumstances exist that indicate that their carrying amount may not be recoverable. If such an indication exists, the asset's recoverable amount is estimated. The recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. An impairment loss is recognised in the Income Statement for the amount by which the asset's carrying amount exceeds its recoverable amount. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (referred to as cash generating units).

Trade receivables

Trade receivables are recognised and subsequently measured at amortised cost

The Directors exercise judgement as to the collectability of the trade receivables and determine if it is appropriate to impair these assets. Factors such as days past due, credit status of the counterparty and historical evidence of collection are considered.

Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, deposits with banks, whether restricted or unrestricted and other short-term liquid investments with original maturities of three months or less

Trade payables

Trade payables are recognised and subsequently measured at amortised cost

Borrowings

Borrowings are recognised initially at their net proceeds on issue and subsequently carried at amortised cost. Any transaction costs and premiums or discounts are recognised over the contractual life using the effective interest rate method.

Current/non-current classification

Current assets include assets held primarily for trading purposes, cash and cash equivalents, and assets expected to be realised in, or intended for sale or consumption in, the course of the company's operating cycle. All other assets are classified as non-current assets.

Current liabilities include liabilities held primarily for trading purposes, liabilities expected to be settled in the course of the company's operating cycle and those liabilities due within one year from the reporting date. All other liabilities are classified as non-current liabilities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

2. Revenue and net rental income

Revenue arose in the United Kingdom from continuing operations and in the opinion of the directors the company carries on only one class of business

	2010 £m	2009 £m
Rent receivable Service charge income	19 5 2 6	18 7 2 6
	22 1	21 3
Rent payable Service charge and other non-recoverable costs	(4 3) (4 2)	(4 3) (4 5)
Net rental income	13 6	12 5

3. Operating profit

The Operating profit for the year ended 31 December 2010 of £29.8 million (2009 loss of £9.5 million) did not include any fees in respect of auditors' remuneration or directors' remuneration (2009 £nil) No deduction is made for the auditors' remuneration of £2,900 (2009 £3,400), which was settled on behalf of the company by its ultimate parent company Capital Shopping Centres Group PLC and has not been recharged

There were no employees during the year (2009 nil)

4. Finance costs

	2010 £m	2009 £m
On obligations under finance leases	0.8	0.8
On amounts due to group undertakings	7 4	7 2
	82	8 0

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

5. Taxation

Jersey

The standard rate of income tax in Jersey applying to the company is 0%

United Kingdom

The company's principal income arises from property in the United Kingdom and therefore the company is subject to UK corporation tax at 28% on its profits not covered by the REIT exemption

The total taxation charge of £0 1 million (2009 £0.1 million) is all in respect of current taxation. The tax charge for the year is lower (2009 - higher) than the standard rate of corporation tax in the UK. The differences are explained below.

	2010 £m	2009 £m
Profit/(loss) before taxation	21 6	(17 5)
Profit/(loss) before tax multiplied by the standard rate of tax in the UK of 28% (2009 28%)	6 0	(4 9)
Capital allowances	(0 1)	-
Transfer pricing	-	(0 1)
Change of accounting policy	0 3	(0 1)
REIT exemption – corporation tax	(1.7)	(10)
REIT exemption – deferred tax	(4.5)	6 1
REIT exemption – entry charge	01	01
Taxation	01	01

6. Investment in subsidiary undertaking

The company owns 100% of the issued share capital of Cribbs Mall Nominee (2) Limited comprising 2 ordinary shares of £1 each

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

7. Investment and development property

	Freehold	Leasehold	Total
	£m	£m	£m
At 1 January 2009	43 5	183 7	227 2
Additions	09	06	1 5

At 31 December 2009	45_4_	<u>161 3</u>	206 7
At 1 January 2010	45 4	161 3	206 7
Additions	(0 7)	-	(0 7)
Surplus on revaluation	56	106	16 2
At 31 December 2010	50 3	<u> 171 9</u>	222 2
Adjustment in respect of tenant incent	ıves		1 5
Adjustment in respect of headleases		_	(3 2)
Madedon			222 5
Market value			220 5

The fair value of the company's investment and development property as at 31 December 2010 was determined by independent external valuers at that date. The valuation conforms with the Royal Institution of Chartered Surveyors (RICS) Valuation Standards 6th edition and with IVS1 of Internal Valuation Standards, and was arrived at by reference to market transactions for similar properties

Investment property represents the company's interest in The Mall, The Retail Park, the Former BT Building and Site 4, Cribb's Causeway

8. Trade and other receivables

2010 £m	2009 £m
1 7	4 2
5 2	0 3
0 2	0 1
12	17
83	63
13 _	1 2
	£m 17 52 02 12 83

Included within prepayments and accrued income are tenant lease incentives of £1 5m (2009 £1.4m)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

9. Trade and other payables

	2010 £m	2009 £m
Current		
Amounts due to immediate parent company	134 8	133 0
Rents received in advance	38	4 4
Accruals and deferred income	3 2	47
Other payables	06	0 5
Other taxation and social security	2 3	2 4
	144 7	145 0
Non-current		,,
Other payables		0.8

Amounts due to the immediate parent company are unsecured and repayable on demand.

10. Operating leases

The company earns rental income by leasing its investment properties to tenants under operating leases

In the UK the standard shopping centre lease is for a term of 10 to 15 years Standard lease provisions include service charge payments, recovery of other direct costs and review every five years to market rent. Standard turnover based leases have a turnover percentage agreed with each lessee which is applied to a retail unit's annual sales and any excess between the resulting turnover rent and the minimum rent is receivable by the company

The future minimum lease amounts receivable under non-cancellable operating leases for continuing operations are as follows:

	2010 £m	2009 £m
Not later than one year	17.7	17 3
Later than one year and not later than five years	42 4	49 9
Later than five years	38.6	43 0
	98 7	110 2

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

11. Finance leases

	2010 £m	2009 £m
(a) Minimum lease payments under finance leases fall due:		
Not later than one year	0 8	0 8
Later than one year and not later than five years	3 4	3 4
Later than five years	20 9	20 9
	25 1	25 1
Future finance charges on finance leases	(21 9)	(21 9)
Present value of finance lease liabilities	32	32
	2010 £m	2009 £m
(b) Present value of minimum finance lease obligations		
Not later than one year	0.8	0.8
Later than one year and not later than five years	22	22
Later than five years	02	0 2
	32	3 2

Finance lease liabilities are in respect of leasehold investment property

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

12. Financial risk management

Market risk

The company is exposed to a variety of risks arising from the company's operations being principally market risk (including interest rate risk and market price risk), liquidity risk and credit risk

The majority of the company's financial risk management is carried out by Capital Shopping Centres Group PLC's treasury department and the group's policies for managing each of these risks as they apply to the company and the principal effects of these policies on the results for the year are summarised below

Interest rate risk

Interest rate risk comprises of both cash flow and fair value risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates

Liquidity risk

Liquidity risk is managed to ensure that the company is able to meet future payment obligations when financial liabilities fall due. Liquidity analysis is conducted to ensure that sufficient headroom is available to meet the operational requirements and committed investments. The group treasury policy aims to meet this objective through maintaining adequate cash, marketable securities and committed facilities to meet these requirements. The group's policy is to seek to optimise its exposure to liquidity risk by balancing its exposure to interest rate risk and to refinancing risk. In effect the group seeks to borrow for as long as possible at the lowest acceptable cost.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

12. Financial risk management (continued)

The tables below set out the maturity analysis of the company's financial liabilities based on the undiscounted contractual obligations to make payments of interest and to repay principal

			2010

	37	16	26	20 9	28 8

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

12. Financial risk management (continued)

Credit risk

Credit risk is the risk of financial loss if a tenant or counterparty fails to meet an obligation under a contract. Credit risk arises primarily from trade receivables relating to tenants but also from the company's holdings of assets with counterparties such as cash deposits and loans.

Credit risk associated with trade receivables is actively managed, tenants are managed individually by asset managers, who continuously monitor and work with tenants, anticipating and, wherever possible, identifying and addressing risks prior to default

Prospective tenants are assessed via a review process, including obtaining credit ratings and reviewing financial information which is conducted internally. As a result deposits or guarantors may be obtained. The amount of deposits held as collateral at 31 December 2010 is £nil (2009 £nil)

Due to the nature of tenants being managed individually by asset managers, it is Company policy to calculate any impairment specifically on each contract

The ageing analysis of these trade receivables is as follows

	2010 £m	2009 £m
Up to three months	17	42
Trade receivables	17	4 2

In 2010 trade receivables impaired amounted to £0.5 million (2009 £0.8 million), this is considered to be within an acceptable range given current economic conditions

The credit risk relating to cash, deposits and derivative financial instruments is actively managed centrally by Capital Shopping Centres Group PLC, the ultimate parent. Relationships are maintained with a number of tier one institutional counterparties, ensuring compliance with Capital Shopping Centres Group PLC Group policy relating to limits on the credit ratings of counterparties (between BBB+ and AAA)

Excessive credit risk is avoided through adhering to authorised limits for all counterparties

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

12. Financial risk management (continued)

Classification of financial assets and liabilities

The table below sets out the company's accounting classification of each class of financial assets and liabilities, and their fair values at 31 December 2010 and 31 December 2009

2010	Carrying value £m	Fair value £m	Gain/(loss) to income statement £m

18. Conversion to International Financial Reporting Standards

Following the company's adoption of IFRS, the 2009 comparative information in these financial statements has been restated and represented under IFRS. Set out below are reconciliations of the profit for the year ended 31 December 2009 from UKGAAP to IFRS and for total equity under UKGAAP at 1 January 2009 and 31 December 2009 to total equity under IFRS. Additionally the Balance Sheet as at 1 January 2009 is presented under IFRS. More detailed explanations of the key adjustments are set out below these tables.

Reconciliation of profit for the year from UKGAAP to IFRS

Notes

a) Lease incentives

Under UKGAAP (UITF Abstract 28 Operating Lease Incentives), the cost of lease incentives given is recognised as a reduction of rental income over the period until the next rent review date. Under IFRS (SIC Interpretation 15 Operating Leases - Incentives) the costs of incentives are recognised as a reduction of rental income over the full length of the lease. The market value of the property is analysed between investment property and lease incentives in the Balance Sheet so net assets are not impacted by this adjustment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

18. Conversion to International Financial Reporting Standards (continued)

b) New letting costs

Under UKGAAP the company's policy was to expense costs directly incurred in negotiating and arranging leases. Under IFRS (IAS 17 Leases) it is required to recognise these as an expense over the lease term on the same basis as lease income. As a result the loss for the year ended 31 December 2009 is debited by £0.6 million and a Balance Sheet asset of £1.0 million is recognised on conversion.

c) Revaluation of investment property

The company's policy under UKGAAP was to revalue investment property to market value at the Balance Sheet date. This continues to be the case under IFRS. Under IFRS the revaluation gain or loss is shown through the Income Statement rather than reserves. No separate revaluation reserve is maintained under IFRS. Due to the presentation of investment property and lease incentives, the impact on the Income Statement by the lease incentives adjustment set out in note a) is also reflected by an equal and opposite change in the gain or loss on revaluation.

d) Head lease

Under IFRS the head lease is treated as a finance lease while under UKGAAP this was treated as an operating lease. The finance lease liability is separated from the investment property in the Balance Sheet. In the Balance Sheet this is a presentational change and does not impact net assets.
