### Strategic Report

The directors of Exterion Leasing (BDA) Limited ("the Company") present their strategic report for the 15 month period ended 31 March 2020.

### Review of Business

The principal activity of the Company is that of an investment company.

The Company holds 85% financing in Exterion Partner (BDA) GP (a partnership incorporated in Bermuda). The directors do not foresee any change to the principal activity of the Company. Exterion Leasing (UK) Limited (a company within the Global Media & Entertainment Limited Group) has contributed the remaining 15% into the partnership.

The Company has extended its reporting period to align with other group companies, therefore the current period is made up of 15 months from 1 January 2019 to 31 March 2020, with the comparative period representing the 12 months to 31 December 2018.

The Company's loss after tax, for the financial period, which is the only key performance indicator, amounted to £9k (2018: £9k).

The directors are satisfied that the financial statements give a fair reflection of the results of the Company and of its position at the period end. The directors are not aware of any future developments that will impact the Company.

### Principal risk and uncertainties

The principal risk and uncertainty that the Company is exposed to arises from the investments that it holds. As the Company is part of a larger group, the management of the Company does not involve the use of key performance indicators (other than the profit or loss for the year) in measuring the development, performance or the position of the Company. The principal risks and uncertainties are integrated with the principal risks of Global Media & Entertainment Limited. For information on the development, performance, risks, uncertainties and position of Global Media & Entertainment Limited and its subsidiaries and of the key performance indicators used, refer to the Strategic Report included in Global Outdoor Media & Entertainment Limited Annual Report and Accounts for 2020, which do not form part of this report.

### **Directors' report**

The directors of Exterion Leasing (BDA) Limited present their directors' report and financial statements for the period ended 31 March 2020.

#### **Directors**

The directors of the Company who were in office during the year and up to the date of signing the financial statements were:

Anthony Booker

Leon Taviansky (appointed 11 June 2019)

Rupa Patel (resigned 21 May 2019)

No Director held any disclosable interest in the issued share capital of the Company during the period. The Company maintains liability insurance, which includes indemnity for its Directors and Officers, which is a qualifying third party indemnity provision for the purposes of the Companies Act 2006, and was in force during the entire financial year and as of the date of approval of the financial statements.

#### **Dividends**

No dividends were paid during the financial period (2018: £nil).

#### **Going concern**

The company's business activities, together with the factors likely to affect its future development its financial position, financial risk management objectives, details of its financial instruments, and its exposure to interest rate, currency and liquidity risks are described in the Strategic Report on page 4.

The Directors have received suitable representations from Global Media & Entertainment Limited that it will continue to provide sufficient financial support for at least twelve months from the date of approval of the Company's financial statements and thereafter for the foreseeable future, to enable the Company to continue to meet its liabilities as they fall due and to carry on its business

Based on this and other undertakings by its fellow group company, the Directors believe that it currently remains appropriate to prepare the financial statements on a going concern basis.

On behalf of the Board

A Booker

Director

3 December 2020

### **Statement of Directors' Responsibilities**

The directors are responsible for preparing the Strategic Report, the Director's Report and the financial statements in accordance with applicable UK law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 101 'Reduced Disclosure Framework.' Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on a going concern basis, unless they consider that to be inappropriate.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Company's financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### Notes to the financial statements

#### 1. Authorisation of financial statements and statement of compliance with FRS 101

The financial statements of Exterion Leasing (BDA) Limited (the "Company") for the period ended 31 March 2020 were authorised for issue by the board of directors on 3 December 2020 and the balance sheet was signed on the board's behalf by Anthony Booker. Exterion Leasing (BDA) Limited is incorporated and domiciled in Bermuda. The Company is registered in the United Kingdom. The Company has taken advantage of the modifications and exceptions from disclosures that are set out in the Overseas Companies Regulations 2009.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with the requirements of the Companies Act 2006.

The financial statements have been prepared under the historical cost convention. Historical cost is generally based on the fair value of the consideration given in exchange for the assets. The accounting policies that follow have been consistently applied to all years presented. Where retrospective restatements were required as a result of the implementation of new accounting standards or changes to existing accounting standards, these have been applied to all comparative years presented.

The Company's presentation and functional currency is Pound Sterling.

These financial statements are separate financial statements. The Company has taken advantage of the exemption under s400 of the Companies Act 2006 not to prepare group accounts as it is a wholly owned subsidiary of Global Media & Entertainment Limited, which prepares group financial statements (see Note 10).

The principal accounting policies adopted by the Company are set out in Note 2.

#### 2. Accounting policies

##### 2.1 Basis of preparation

The accounting policies which follow set out those policies which apply in preparing the financial statements for the period ended 31 March 2020.

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- (a) the requirements of IFRS 7 *Financial Instruments: Disclosures*,
- (b) the requirements of paragraphs 10(d), 10(f), 39(c) and 134-136 of IAS 1 *Presentation of Financial Statements*;
- (c) the requirements of IAS 7 *Statement of Cash Flows*;
- (d) the requirements in IAS 24 *Related Party Disclosures*; and
- (e) the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 *Impairment of Assets*

### **Notes to the financial statements (continued)**

#### **2. Accounting policies (continued)**

##### **2.2 Judgements and key sources of estimation uncertainty**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements:

##### ***Taxation***

Management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies. Further details are contained in Note 6.

##### **2.3 Significant accounting policies**

##### ***Foreign currency translation***

The company's financial statements are presented in pound sterling, which is also the company's functional currency.

##### ***Transactions and balances***

Transactions in foreign currencies are initially recorded in the entity's functional currency by applying the spot exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to the income statement.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

##### ***Investments***

Investments in subsidiaries, associates and joint ventures are held at historical cost less any applicable provision for impairment.

##### ***Financial instruments – initial recognition and subsequent measurement***

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

##### ***Financial assets***

##### ***Initial recognition and measurement***

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit and loss. The Company initially measures a financial asset at its fair value. In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are "solely payments of principal and interest (SPPI)" on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

**Notes to the financial statements (continued)**

**2. Accounting policies (continued)**

**2.3. Significant accounting policies (continued)**

***Subsequent measurement***

The category that is most relevant to the Company is the financial assets at amortised cost. The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method ("EIR") and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Company's financial assets at amortised cost includes intercompany and other receivables.

***Impairment of financial assets***

The Company recognises an allowance for expected credit losses (ECLs) for financial assets at amortised cost through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

The Company considers a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows after exhausting all collection and legal efforts.

***Financial liabilities***

***Initial recognition and measurement***

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instrument in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The relevant category for the Company is loans and borrowings. The Company's financial liabilities include intercompany and other payables.

***Subsequent measurement***

Interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

***Derecognition***

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Notes to the financial statements (continued)**

**2. Accounting policies (continued)**

**2.3. Significant accounting policies (continued)**

***Impairment of non-financial assets***

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount in order to determine the extent of the impairment loss. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses on continuing operations are recognised in the income statement in those expense categories consistent with the function of the impaired asset.

For assets where an impairment loss subsequently reverses, the carrying amount of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, not to exceed the carrying amount that would have been determined, net of depreciation, had no impairment losses been recognised for the asset or cash generating unit in prior years. A reversal of impairment loss is recognised immediately in the income statement, unless the asset is carried at a revalued amount when it is treated as a revaluation increase.

***Cash at bank and in hand***

Cash and short term deposits in the balance sheet comprise cash at banks and in hand and short term deposits with an original maturity of three months or less.

***Income taxes***

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

***Finance income and expenses***

Interest income and interest expense is recognised in profit or loss as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

#### 6. Tax

##### (a) Tax on loss for the period

The tax charge for the period is made up as follows

	2020 £000	2018 £000
<b>Recognised in the income statement:</b>		
UK corporation tax on the losses for the period at 19% (2018: 19%)	-	-
Current tax expense	-	-
Deferred tax expense	-	-
	<hr/>	<hr/>
Tax expense in income statement	-	-
	<hr/>	<hr/>

##### (b) Factors affecting current tax for the year

The tax assessed for the period differs from the standard rate of corporation tax in the UK of 19% (2018: 19%). The differences are explained below:

	2020 £000	2018 £000
Loss before tax	(9)	(9)
Tax credit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2018: 19%)	(2)	(2)
<b>Effects of:</b>		
Surrender of losses of group relief for nil payment	2	2
	<hr/>	<hr/>
Tax expense in income statement	-	-
	<hr/>	<hr/>

##### (c) Deferred tax

There are no deferred tax assets or liabilities (2018: Nil).

##### (d) Factors that may affect future tax charges

The standard rate of corporation tax in the UK changed from 20% to 19% with effect from 1 April 2017. Changes to UK corporation tax rates were substantially enacted as part of the Finance Bill 2020 (on 22 July 2020). These include cancellation of a planned reduction in the main rate of corporation tax, which now remains at 19% instead of reducing to 17% from 1 April 2020. Accordingly, the effective rate of 19% has been used in the computation of current tax.
