Statement of Directors' Responsibilities

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Bermudan company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Accounting Standards and applicable law). Under Bermudan company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of the affairs of the Company and of its profit or loss for that period.

In preparing those financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Bermuda Companies Act 1981 and the Overseas Companies Regulations 2009. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

1. ACCOUNTING POLICIES

a) Statement of compliance

The individual financial statements of the Company have been prepared in compliance with FRS 102, being applicable UK GAAP accounting standards, as well as Bermuda Company Law and The Overseas Companies Regulations 2009. The Company is incorporated in Bermuda, and has a UK establishment. The financial statements of the Company are separate to those of its subsidiaries.

b) Basis of preparation

The financial statements for the year ended 31 December 2021 were approved for issue by the board of directors on 06 December 2022. The financial statements are prepared in US Dollars which is the presentational and functional currency of the Company.

The directors note the following:

- The Company meets the definition of a UK establishment and is subject to The Overseas Companies Regulations 2009;
- The financial statements have been prepared in accordance with UK GAAP;
- The financial statements have been audited in accordance with International Standards on Auditing (UK) (ISAs (UK)) as promulgated by the Financial Reporting Council (FRC).

The Company has taken advantage of the following exemptions:

- As a wholly owned subsidiary of RenaissanceRe Holdings Ltd. (RRH Ltd.), which prepares
 consolidated financial statements including the Company and its subsidiaries, which are publicly
 available, the Company has taken advantage of the exemption in FRS 102 section 9 from the
 requirement to prepare consolidated financial statements:
- As a wholly owned subsidiary of RRH Ltd. which prepares group accounts which are publicly available, the Company has taken the advantage of the exemption in FRS 102 from the requirement to prepare a cash flow statement;
- The Company has also taken advantage of the exemption in FRS 102 section 33 not to disclose transactions with other group companies which meet the criteria that all subsidiary undertakings which are party to the transactions are wholly owned by the ultimate controlling parent.

The directors have considered the Company's current financial position, its likely future developments and the resultant cash flow risks and have concluded that they have a reasonable expectation that the Company has adequate resources to continue in operational existence for a period of at least twelve months from when the financial statements are authorised for issue. Accordingly they continue to adopt the going concern basis in preparing the annual report and accounts.

c) Judgments and key sources of estimation uncertainty

The preparation of the financial statements conforms with UK GAAP and requires management to make estimates and assumptions that affect the reported and disclosed amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ materially from those estimates. The Company's key source of estimation uncertainty relates to the impairment of investment in subsidiaries, which is detailed in notes 1f and 7, and unrecognised tax losses, detailed in note 6.

d) Dividend income

Dividend income represents amounts received, by way of dividend income, from the Company's subsidiary undertakings. Dividend income is recognised when the Company's right to receive payment is established.

e) Financing expense

Financing expense represents amounts expensed in relation to the unwinding of the deep discount note and interest payable in relation to the loan note payable. Financing expense is recognised as the liability unwinds in relation to the deep discount note and as interest is due in relation to the loan note.

1. ACCOUNTING POLICIES (Continued)

f) Investment in subsidiaries

Investments in subsidiaries are recorded at cost less accumulated impairment losses. Where there are indicators of impairment, the Company performs impairment tests based on fair value less costs to sell or a value in use calculation. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction on similar assets or observable market prices less incremental costs of disposing of the asset. The value in use calculation is based on a discounted cash flow valuation. The Company recognises any impairment loss, and any reversal of previous impairment, through the Statement of Comprehensive Income.

g) Debtors/creditors - amounts due within one year

The amounts shown in the balance sheet are stated at cost.

All debtors balances are with fellow RenRe companies or internal debtors. These are therefore not deemed to require impairment.

h) Deferred taxation

Deferred taxation is recognised in respect of all timing differences arising as a result of transactions included within those financial statements which are treated in different accounting periods for taxation purposes, except that deferred tax assets are recognised only to the extent that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

i) Foreign currencies

The Company's functional currency and presentational currency is US Dollars. Transactions denominated in currencies other than the functional currency are initially recorded in the functional currency at the exchange rate ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the exchange rate ruling on the reporting date.

j) Cash and cash equivalents

Cash and cash equivalents compromise cash at bank and in hand and short term deposits with an original maturity date of three months or less.

k) Dividends

Dividends on ordinary shares are recognised as a liability and deducted from equity in the period in which they are approved by the shareholders.

I) Financial instruments

The Company has chosen to account for its financial instruments in accordance with Sections 11 and 12 of FRS 102. The Company's financial instruments comprise of a loan note and deep discount note.

Basic financial instruments are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the liability represents the present value of the future payments discounted at a market rate of interest.

Basic financial liabilities, other than short term payables, are subsequently carried at amortised cost, using the effective interest rate method. The effective interest rate amortisation is included in finance expense in the income statement.

2. DIRECTORS' EMOLUMENTS

The directors of the Company are also directors of the Renaissance Group Companies. Only the directors of the Company are considered to be key management personnel. The directors received total remuneration paid in the year of £3,575,590 (2020: £4,093,546), all of which was paid by RenaissanceRe Services (UK) Limited. The directors do not believe that this is practical to apportion this amount between their services as directors of the Company and their services as directors or employees of other group companies.

3. STAFF COSTS

The Company employed no staff in 2021 (2020: nil).

4. FINANCING EXPENSE

The financing expense is broken down as follows. Note 10 provides further information on these loans.

| | 2021 | 2020 |
|---|------------|------------|
| | \$ | \$ |
| Deep discount note | 32,348,211 | 30,398,864 |
| Loan note | 12,000,000 | 12,000,000 |

| 5. PROFIT ON ORDINARY ACTIVITIES BEFORE TAXATION | 2021 \$ | 2020 \$ |
| The profit on ordinary activities before taxation is stated after charging: | | |
| Auditors' remuneration - audit of financial statements | 54,940 | 54,680 |
| Foreign exchange (gain)/loss | 17,372 | 297,790 |

6. TAX ON PROFIT ON ORDINARY ACTIVITIES

| | 2021 \$ | 2020 |
|---|-------------|-------------|
| Current tax | | |
| UK Corporation tax at 19% (2020: 19%) | (2,152,105) | (7,208,977) |
| Tax under/overprovided in previous years | <u> </u> | (196,324) |
| Total current tax | (2,152,105) | (7,405,301) |
| Deferred tax | | |
| Origination and reversal of timing differences | | |
| Effect of decreased tax rate on opening liability | <u> </u> | <u> </u> |
| Total deferred tax | | |

Factors affecting the total tax charge

The tax assessed on the profit on ordinary activities for the year is lower than the standard rate of corporation tax in the UK of 19% (2020: 19%). The differences are reconciled below:

| Profit on ordinary activities before taxation | 470,388,374 | 390,544,196 |
|---|--------------|--------------|
| Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020: 19%) | 89,373,791 | 74.203.397 |
| , , , , | , , | |
| Dividend income exemption | (97,845,344) | (82,187,484) |
| Disallowed expenditure | _ | (196,506) |
| Unrecognised finance expense carried forward | 3,246,903 | 971,616 |
| Unrecognised losses carried forward | 3,072,545 | _ |
| Tax over provided in previous years | _ | (196,324) |
| Group relief surrendered | _ | |
| Deferred tax | _ | _ |
| Current tax benefit | (2,152,105) | (7,405,301) |

Factors that may affect future tax charges

In the Spring Budget 2021, the Government announced that from 1 April 2023 the corporation tax rate will increase to 25%. This result in an overall \$6.5m increase to the unrecognised deferred tax asset, to \$33.7m.

The company has unused tax losses arising in the UK of \$71.5m (2020: \$55.3m) that are available indefinitely for offset against future taxable profits of the Company. A deferred tax asset has not been recognised in respect of these losses. Additionally, the company is not recognising a deferred tax asset of \$17.8m (2020: \$10.3m) in respect of deferred finance expense of \$71.1m (2020: \$54.0m). There is insufficient evidence that the deferred tax assets will be recoverable based on the company's taxable losses in prior years.

7. INVESTMENT IN SUBSIDIARIES

The Company's subsidiary undertakings are:
