Annual report

To the board of directors of
Anglo American Netherlands B.V.
17 Charterhouse Street
EC1N 6RA London

Haarlem, May 6, 2022

Dear directors,

We hereby send you the report regarding the financial statements for the year 2021 of your company.

1 COMPILATION

In accordance with your instructions we have compiled the annual account 2021 of your company, including the balance sheet with total assets US\$ 1,302,483,776 and the profit and loss account with a negative post-tax result of US\$ 1,698,112,680.

2 ACCOUNTANT'S COMPILATION REPORT

The board of directors

The financial statements of Anglo American Netherlands B.V. at London have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at December 31, 2021 and the profit and loss account for the year 2021 with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, "Compilation engagements", which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with Part 9 of Book 2 of the Civil Code. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Anglo American Netherlands B.V. We have not performed any audit or review procedures which would enable us to express an opinion or a conclusion as to the fair presentation of the financial statements.

During this engagement we have complied with the relevant ethical requirements prescribed by the "Verordening Gedrags- en Beroepsregels Accountants" (VGBA). You and other users of these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

3 NOTES TO THE FINANCIAL STATEMENTS

GENERAL

Activities

The activities of Anglo American Netherlands B.V., with statutory seat in Maastricht, mainly consist of a finance and holding company.

Reporting currency

The Company conducts most of its transactions in US Dollars and has therefore adopted the US Dollar as its functional and reporting currency. Consequently, in accordance with Section 2:362, Paragraph 7 of The Netherlands Civil Code, the financial statements are expressed in US Dollars (US\$).

Registered office, legal form and registration number at the chamber of commerce

The registered and actual address of Anglo American Netherlands B.V. (CoC file 33139747) is 17 Charterhouse Street, EC1N 6RA in London.

Estimates

In applying the principles and policies for drawing up the financial statements, the directors of Anglo American Netherlands B.V. make different estimates and judgments that may be essential to the amounts disclosed in the financial statements. If it is necessary in order to provide the transparency required under Book 2, article 362, paragraph 1, the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

Group structure

In accordance with article 2:408 of the Netherlands Civil Code (intermediate holding exemption) no consolidated annual account have been prepared. The financial statements of the Company and its subsidiaries are included in the consolidated accounts of Anglo American plc, which have been filed with the Trade Register of the Chamber of Commerce in Maastricht.

GENERAL ACCOUNTING PRINCIPLES FOR THE PREPARATION OF THE ANNUAL ACCOUNTS

The financial statements are drawn up in accordance with the provisions of Title 9, Book 2, of the Dutch Civil Code and the Dutch Accounting Standards applicable to small legal entities, as published by the Dutch Accounting Standards Board ('Raad voor de Jaarverslaggeving').

Valuation of assets and liabilities and determination of the result takes place under the historical cost convention. Unless presented otherwise as the relevant principle for the specific balance sheet item, assets and liabilities are presented at nominal value.

Income and expenses are accounted for on accrual basis. Profit is only included when realized on the balance sheet date. Losses originating before the end of the financial year are taken into account if they have become known before preparation of the financial statements.

Foreign currency

Receivables, liabilities and obligations denominated in foreign currency are translated at the exchange rates prevailing at balance sheet date. Transactions in foreign currency during the financial year are recognised in the annual account at the exchange rates prevailing at transaction date. The exchange differences resulting from the conversion as of balance sheet date, taking into account possible hedge transactions, are recorded in the profit and loss account.

Financial instruments

Financial instruments can be both primary financial instruments, such as receivables and payables, and financial derivatives. The accounting principles for primary financial instruments follow the general accounting principles for assets and liabilities stated above. The Company does not have financial derivatives.

ACCOUNTING PRINCIPLES APPLIED TO THE VALUATION OF ASSETS AND LIABILITIES

Financial fixed assets

Participations

Financial fixed assets are valued individually at their acquisition cost less any impairment charges when deemed necessary. Valuation at cost is permitted in the context of the international structure of the group and the fact that the Company has opted for the consolidation exemption in accordance with the provisions of Section 2:408 of The Netherlands Civil Code.

The other securities are valued at fair value.

In the event of an impairment loss, valuation takes place at the realisable value (see also section "Impairment of non-current assets"); an impairment is recognised and charged to the income statement.

Impairment of non-current assets

On each balance sheet date, the Company assesses whether there are any indications that a fixed asset may be subject to impairment. If there are such indications, the realisable value of the asset is determined. If it is not possible to determine the realisable value of the individual asset, the realisable value of the cash-generating unit to which the asset belongs is determined.

An impairment occurs when the carrying amount of an asset is higher than the realisable value; the realisable value is the higher of the realisable value and the value in use. An impairment loss is directly recognised in the income statement while the carrying amount of the asset concerned is concurrently reduced.

Cash and cash equivalents

The cash is valued at face value. If cash equivalents are not freely disposable, then this has been taken into account in the valuation.

Current liabilities

On initial recognition current liabilities are recognised at fair value. After initial recognition current liabilities are recognised at the amortised cost price, being the amount received taking into account premiums or discounts and minus transaction costs. This is usually the nominal value.

ACCOUNTING PRINCIPLES FOR THE DETERMINATION OF THE RESULT

General

The result is defined as the difference between the revenue from services performed, income from participations and other financial activities less the costs, expenses and charges for that year, valued at historical costs.

Financial income and expenses

Interest income and interest expenses

Interest income and expenses are recognised on a pro rata basis, taking account of the effective interest rate of the assets and liabilities to which they relate. In accounting for interest expenses, the recognised transaction expenses for loans received are taken into consideration.

Taxes

Corporate income tax is calculated at the applicable rate on the result for the financial year, taking into account permanent differences between profit calculated according to the annual account and profit calculated for taxation purposes, and with which deferred tax assets (if applicable) are only valued insofar as their realisation is likely.

The Company is centrally managed and controlled from the United Kingdom and is therefore tax resident in the United Kingdom.
