Dear Sir / Madam

**Telecom Funding Limited - Company Number NF002815**

I refer to the above Company, registered as a place of business in Northern Ireland in 1989. From registration, all details and records submitted were a duplication of those for company number 02324048, registered in England and Wales. This company was dissolved in 2006.

Following the integration of the Registrar of Companies of Northern Ireland with that of England and Wales in 2009, it would seem appropriate to close the registration in Northern Ireland.

I therefore give permission to Companies House to administratively close the place of business registration of the Company registered under company number NF002815.

Many thanks for your assistance.

Yours faithfully  
For and on behalf of Telecom Funding Limited

Carolyn Down (nee Whittaker)  
Secretary
