DIRECTORS' RESPONSIBILITY STATEMENT

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 Reduced Disclosure Framework. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis of accounting unless it is inappropriate to presume that the Company will continue in business.

DIRECTORS' REPORT (continued)

DIRECTORS' RESPONSIBILITY STATEMENT (continued)

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

GOING CONCERN

The financial statements for the financial year have been prepared on a going concern basis of accounting notwithstanding the fact that the Company has net liabilities of **£1,704,229** (2018: net liabilities of £1,704,229) at the balance sheet date. Of the Company's liabilities **£1,704,229** (2018: £1,704,229) is owed to group companies. The Directors have reviewed the Company's present financial position and, as a result of the availability of the financial support of its parent group, are satisfied that it is appropriate to prepare the financial statements on a going concern basis of accounting.

IMPACT OF BREXIT

The UK's withdrawal from the EU has the potential to significantly change the terms of trade which currently exist between the EU and Great Britain. The Company will continue to monitor the ongoing political situation and upcoming trade negotiations. While the outcome of these talks is difficult to predict, the Company has considered a number of different scenarios and appropriate mitigation plans have been developed.

EVENTS AFTER THE BALANCE SHEET DATE

The identification and spread of Covid-19 subsequent to the year-end is a non-adjusting event, its post year end impact has not been taken account of in the recognition and measurement of the Company's assets or liabilities at 31 December 2019. As the wide spread of Covid-19 since the beginning of 2020 is a fluid and challenging situation facing all industries, the Company, at this juncture, is unable to reliably estimate the financial impact of Covid-19 on the Company's results for the next financial period. The Company will continue to monitor the situation, and take appropriate and timely actions to minimise the impact. There have been no other significant events, outside the ordinary course of business, affecting the Company since 31 December 2019.

Signed on behalf of the Board:

Ronan Deasy, Director
