**Notes to the Abbreviated Accounts for the period ended 31 October 2014****1 Accounting Policies****Basis of measurement and preparation of accounts**

The financial statements have been prepared in accordance with United Kingdom generally accepted accounting practice and Northern Irish statute comprising the Companies Act 2006. Accounting Standards generally accepted in the United Kingdom, for preparing financial statements giving a true and fair view are those published by the Institute of Chartered Accountants in Ireland and issued by the Accounting Standards Board.

**Turnover policy**

Turnover is stated net of trade discounts, VAT and similar taxes and derives from the provision of services falling within the company's ordinary activities.

**Tangible assets depreciation policy**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment - 20% straight line

Most of the fixed asset additions are from Ivor Armstrong Associates, which ceased to trade on 13 October 2003. The fixed assets were purchased at the sole trader net book value at 30 November 2003. These fixed assets are depreciated at the above rates on the original cost to the sole trader business.

**Other accounting policies****Stock and Work in progress**

Stocks are stated at the lower of cost and net realisable value. In the case of finished goods and work in progress, cost is defined as the aggregate cost of raw material, direct labour and the attributable proportion of direct production overheads based on a normal level of activity. Net realisable value is based on normal selling price, less further costs expected to be incurred to completion and disposal.

**Deferred Taxation**

Full provision for deferred tax assets and liabilities is provided at current tax rates on differences that arise between the recognition of gains and losses in the financial statements and their recognition in the tax computation, except for differences arising on the revaluation of fixed assets (if no commitment to sell), or gains on any assets sold that will benefit from rollover relief.
