ACCOUNTING POLICIES

for the year ended 30 April 2014

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Companies Act 2006 and the Financial Reporting Standard for Smaller Entities (effective April 2008). The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Turnover

Turnover comprises the invoice value of services rendered by the company, exclusive of trade discounts and value added tax.

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Full provision is made for obsolete and slow moving items. Net realisable value comprises actual or estimated selling price (net of trade discounts) less all further costs to completion or to be incurred in marketing and selling.

Taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the balance sheet date.

NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

for the year ended 30 April 2014

1. GOING CONCERN

At the balance sheet date, the liabilities of the company exceed its assets. The financial statements have been prepared on a going concern basis. The validity of this assumption is dependant on the continued support from the company directors and banker. No additions have been made to the financial statements should this assumption not be valid.

2. SHARE CAPITAL
