Valuation information and policy

Stocks are stated at the lower of cost and net realisable value. In establishing cost, stocks and work in progress have been valued on a first in first out basis. Cost comprises, in the case of raw materials, the purchase price and in the case of work in progress, direct materials, direct labour, and direct expenses. Net realisable value is based on estimated selling price after taking into account all further costs expected to be incurred to completion and disposal.
