2 Statement of compliance

The financial statements of Malone B3 Property Limited have been prepared in compliance with United Kingdom Accounting Standards including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3 Accounting policies

3.1 Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the entity. The company is a private company limited by shares and is incorporated in Northern Ireland.

3.2 Turnover

The working capital requirements of the company are met by a related party.

3.3 Going concern

The company's creditor is a related party. The director is satisfied that the related party will not demand settlement of its debt for the foreseeable future. On this basis the director has considered it appropriate to prepare the financial statements on the going concern basis.

Should the going concern basis be inappropriate the director is of the opinion that as all liabilities have been provided, no further adjustments would be required to the financial statements.

3.4 Provisions

Provisions are recognised when the Company has an obligation at the reporting date as a result of a past event; it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the statement of financial position and the amount of the provision as an expense.

Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset. When a provision is measured at the present value of the amount expected to be required to settle the obligation, the unwinding of the discount is recognised in finance costs in profit or loss in the period it arises.
