Members' report

for the year ended 31 March 2013

The Members present their report and financial statements for the year ended 31 March 2013

Principal Activity

The principal activity of the Partnership is the provision of services of its Members to Marex Financial Limited in transacting and market making of agricultural products. The profit for the year before Members' remuneration and profit shares was £8,649,939 (2012 - £7,416,579).

Profits earned from the principal positions held at Marex Financial Limited, are apportioned between the Members, including Marex Financial Limited, in the relevant ratios stated in the partnership agreement

Designated Members

The following were Designated Members during the year

M A Scarlett (resigned 25 July 2012) I T Lowitt (appointed 25 July 2012) Marex Financial Limited

Members' Capital and Interests

The Partnership maintains capital appropriate to the requirements of the business Details of Members' interests are set out on page 20 of these financial statements

Members' Profits and Drawings

Profits are allocated for division amongst the Members in accordance with the proportions and percentages set out in the Partnership Agreement Partners' profits are distributed, to the extent drawn, within 20 working days following the end of each quarter to which they relate.

Going concern

After reviewing the Partnership's annual budget, liquidity requirements, plans and financial arrangements, the Members are satisfied that the Partnership has adequate resources to continue to operate for the foreseeable future and confirm that the Partnership is a going concern. For this reason they continue to adopt the going concern basis in preparing these financial statements.

Risks and uncertainties

The Members consider that the principal risks to the performance of the partnership and the execution of the partnership's strategy are the volatility and volumes levels of the market in which that the Members transact, competition and retention of key personnel

Markets

To earn profits from their market making and proprietary trading activity, the Members of the Partnership are looking for healthy trading volume and volatility in the markets. Any decline in these could result in a decrease in trading profits. Also risk parameters are set for each individual partner and any trading beyond these parameters could result in an unacceptable increase in risks and reduce profits being earned.

Members' report (Continued) for the year ended 31 March 2013

Markets (Continued)

These risks are addressed by continuous monitoring of the markets and continuous monitoring of the risk and positions, against agreed parameters, that the individual partners have undertaken

Financial risk management objectives and policies

The partnership's financial risk management and policies are disclosed in note 7

Auditors

A resolution proposing that Ernst & Young LLP be re-appointed as auditors will be put to the next Members' meeting

Statement of Members' responsibilities in respect of the Financial Statements

The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 made under the Limited Liability Partnerships Act 2000 require the Members to prepare the financial statements for each financial year which give a true and fair view of the state of affairs of the Partnership and of the profit or loss of the LLP for that year

In preparing these financial statements, the Members are required to

- select suitable accounting policies in accordance with IAS8 Accounting Policies, Changes in Accounting Estimates and Errors and then apply them consistently,
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information,
- provide additional disclosure when compliance with the specific requirements in IFRSs is insufficient to
 enable users to understand the impact of particular transactions, other events and conditions on the
 financial position and financial performance,
- state that the company has complied with IFRSs, subject to any material departures disclosed and explained in the Financial Statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

Regulations 2008 They are also responsible for safeguarding the assets of the partnership and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Members' report (Continued) for the year ended 31 March 2013

Statement of Members' responsibilities in respect of the Financial Statements (Continued)

The Members are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the partnership and to enable them to ensure that the financial statements comply with the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) These responsibilities are exercised by the Designated Members on behalf of the Members

Members' statement as to disclosure of information to auditor

All of the current Members have taken all the steps that they ought to have taken to make themselves aware of any information needed by the partnership's auditors for the purposes of their audit and to establish that the auditors are aware of that information The Members are not aware of any relevant audit information of which the auditors are unaware

04 DECEMBER 2013

Independent auditor's report to the Members of Carlton Commodities 2004 LLP

We have audited the Partnership's financial statements ('the financial statements') for the year ended 31 March 2013 which comprise the Profit and loss account, the balance sheet, statement of cash flows and the related notes 1 to 11. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union

This report is made solely to the Members, as a body, in accordance with the Chapter 3 of Part 16 of the Companies Act 2006 as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 Our audit work has been undertaken so that we might state to the Members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Members as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of Members and auditors

As explained more fully in the Members' Responsibilities Statement set out on page 5, the Designated Members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Partnership's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the Designated Members, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the accounts to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Partnership's affairs as at 31 March 2013 and of its result for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006 as applied to limited liability partnerships by the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Members' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

Independent Auditors Report to the Members of Carlton Commodities 2004 LLP (Continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of Members' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Robert McCracken (Senior Statutory Auditor)

The notes on pages 12 to 20 form part of these financial statements

Notes to the financial statements

for the year ended 31 March 2013

1 Accounting policies

Basis of preparation

The financial statements are prepared on the historical cost basis

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS and IFRIC interpretations) issued by the International Accounting Standards Board (IASB) as adopted by European Union and with those parts of the Companies Act 2006 as applicable to limited liability partnerships by the Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 preparing their accounts under IFRS

The Members of the partnership were engaged in a single line of business as a commodity dealer throughout the year ended 31 March 2013

Revenue

Revenue comprises profits earned on commodities dealing, which are recognised on a fair value basis

Interest Income

Interest income is recognised on an accruals basis

Taxation

The taxation payable on profits during the year is the personal liability of the Members and is not provided for by the LLP

Members' remuneration

Profits are allocated for division amongst the Members in accordance with the proportions and percentages set out in the Partnership Agreement Partners' profits are distributed within 20 working days following the end of each quarter to which they relate.

Members' capital

Loans and other debts due to Members represents profits that are to be paid out to Members In the event of a winding up, Members' capital ranks after unsecured creditors

Foreign currency translation

The financial statements are presented in sterling, which is the functional currency of the Partnership

Transactions entered into by the partnership in a currency other than the currency of the primary economic environment in which it operates (the "functional currency") are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the balance sheet date. Exchange differences arising on the retranslation of unsettled monetary assets and liabilities are similarly recognised immediately in the income statement.

Notes to the financial statements (Continued)

for the year ended 31 March 2013

1 Accounting policies (Continued)

Financial assets

The partnership classifies its financial assets as Loans and receivables

These assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (trade debtors), but also incorporate other types of contractual monetary asset. They are recognised initially at fair value and are carried at amortised cost using the effective interest method less any provision for impairment.

A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in the income statement within 'administrative costs'. When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited against 'administrative costs' in the income statement.

Financial liabilities

The partnership's classifies financial liabilities include the following item

 Trade payables and other short-term monetary liabilities, which are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method

Netting of financial assets and liabilities — financial assets and liabilities are offset with a counterparty if a valid contractual netting agreement is in place and the company has an intention and ability to settle on a net basis with that counterparty This creates a single obligation to pay (or receive) a net sum of cash

Critical accounting estimates and judgements

No estimates and assumptions have been made that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year

Notes to the financial statements (Continued)

for the year ended 31 March 2013

1 Accounting policies (Continued)

Standards and Interpretations issued by the IASB and not endorsed by the EU

At 31 March 2013, there were a number of amendments to standards and interpretations issued by the IASB but not endorsed by the EU However, our assessment is that none of these amendments are applicable to this entity, and that these changes will not have a material impact on the Company's financial statements

New and amended standards and interpretations

None of the amendments to IFRS effective as of 1 January 2012 has any effect on the presentation of its financial statements

Notes to the financial statements (Continued)

for the year ended 31 March 2013

6 Due from Marex Financial Limited

This balance represents a proprietary trading account and comprises all recognised and unrecognised trading profits and losses earned by the Partnership

7 Financial Instruments

Financial risk management objectives and policies

The Partnership's activities expose it to the following principal financial risks

- market risk (foreign currency risk, interest rate risk, volatility in financial markets in which the partnership operates), and
- Liquidity risk

The Partnership manages these risks through various control mechanisms and its approach to risk management is to be both prudent and evolutionary

Overall responsibility for risk management rests with the Designated Members The Partnership uses the dedicated resources within the Risk Management department of Marex Financial Limited to control and manage the exposures to these risks on the basis of policies adopted by the Designated Members The continued appropriateness of risk policies is reviewed by the Designated Members on a regular basis

Foreign currency risk

The Partners' capital accounts are maintained in sterling ("GBP") at Marex Financial Limited Whilst the majority of the revenue generated is in sterling ("GBP"), revenues are also generated in US\$ and Euros These non-GBP revenues are translated into GBP at the prevailing rate at which the transactions occurred and then paid out to the Partners at the translated balance on a quarterly basis. This has the effect of Marex Financial Limited assuming the foreign exchange risk from the Partnership

Interest rate risk

The Partnership earns interest at the standard bank variable rate on cash balances it holds at its bank. The Partnership does not hold cash on overnight or longer term deposit and therefore has no interest rate risk in relation to balances held at the bank.

The Partnership does not earn any interest on cash held at Marex Financial Limited Any interest rate risk is borne by Marex Financial Limited

Market Risk

As the principal activity of the Members of the Partnership is commodities trading, their profitability is linked to the volume, volatility and price levels of the underlying markets. As the individual partners are trading, within agreed risk parameters, for their own account, the key mitigant against market risk is the continuous monitoring against these key risk parameters and ensuring they are not exceeded

Notes to the financial statements (Continued)

for the year ended 31 March 2013

7 Financial Instruments (Continued)

Liquidity risk

The Partnership deems liquidity risk as the failure to have sufficient financial resources to meet its day to day capital and cash flow requirements. However as Marex Financial Limited holds the Partnerships'

trading accounts as cash and is responsible for making any margin payments, it, rather than the Partnership, bears any liquidity risk

Other risk management

In addition to the financial risks above the partnership is also exposed to operational, compliance and legal risks

Operational risk

Operational risk is the risk of loss arising through failures associated with personnel, processes or systems, or from external events. It is inherent in every business organisation and covers a wide spectrum of issues. First line operational risk is managed through systems and procedures in which processes are documented, authorisation is independent, and transactions are monitored and reconciled

The Partnership, through Marex Financial Limited, maintains contingency facilities to support operations and ensure business continuity. These facilities are regularly and frequently tested

Compliance and legal

Compliance or regulatory risk arises from a failure or inability to comply with the laws, regulations or codes applicable specifically to the Partnership Non-compliance can lead to fines, public reprimands or enforced suspensions of services

A key part of the role of the legal function is to identify and, in conjunction with management, manage the legal risks of the Partnership Legal risk is managed by MFL as a Designated member for the LLP as the LLP does not perform these tasks

Credit risk

All financial assets are neither past due nor impaired. The maximum credit risk exposure relating to financial assets is represented by carrying value as at the balance sheet date.

Credit risk in the partnership principally arises from cash and cash equivalents. The Partnership only has cash balances with a bank with a credit rating of A+ and with one of its Designated Members, Marex Financial Limited, which is an unrated financial institution.

The table below shows the credit quality of the Partnership's financial assets

Notes to the financial statements (Continued)
