Statement of Members' responsibilities in respect of the Members' report and the financial statements

The Members are responsible for preparing the Members' report and the financial statements in accordance with applicable law and regulations.

The law relating to Limited Liability Partnerships (LLPs) requires the Members to prepare financial statements for each financial period. Under that law the Members have elected to prepare the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

The financial statements are required by law to give a true and fair view of the state of affairs of the LLP and of the profit or loss of the LLP for that period.

In preparing these financial statements, the Members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the LLP will continue in business.

Under the Limited Liability Partnerships Regulations 2001, the Members are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the LLP and enable them to ensure that its financial statements comply with those regulations. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the LLP and to prevent and detect fraud and other irregularities.

Independent auditor's report to the Members of IP Maestrale Energy Italy 1 LLP (formerly Matrix Energy Italy 1 LLP)

We have audited the financial statements of IP Maestrale Energy Italy 1 LLP (formerly Matrix Energy Italy 1 LLP) for the period ended 31 December 2007 which comprise the Profit and Loss Account, the Statement of Total Recognised Gains and Losses, the Balance Sheet, the Reconciliation of Movement in Members' Interests and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Members of the Limited Liability Partnership (LLP), as a body, in accordance with section 235 of the Companies Act 1985, as required by Regulation 3 of the Limited Liability Partnerships Regulations 2001. Our audit work has been undertaken so that we might state to the LLP's Members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the LLP and the LLP's Members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Members and auditors

As described in the Statement of Members' responsibilities on page 3, the Members are responsible for the preparation of the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the LLP has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Members' remuneration and other transactions is not disclosed.

We read the Members' Report and consider whether it is consistent with the audited financial statements. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Members in the preparation of the financial statements, and of whether the accounting policies are appropriate to the LLP's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements:

- give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of affairs of the LLP as at 31 December 2007 and of its profit for the period then ended; and
- have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements

1. Accounting policies

a. Basis of preparation

IP Maestrale Energy Italy 1 LLP (formerly Matrix Energy Italy 1 LLP), (the "Partnership") is domiciled in the United Kingdom. It is the responsibility of the Partnership to maintain books, records and accounts in accordance with UK Generally Accepted Accounting Practice (UK GAAP).

The financial statements are prepared in accordance with the Limited Liability Partnerships Regulations 2001 (and those provisions of the Companies Act 1985 referred to therein) and the Statement of Recommended Practice "Accounting by Limited Liability Partnerships" May 2002 (Revised March 2006).

These statutory accounts are presented in Euros, rounded to the nearest thousand. They are prepared on the historical cost basis.

Upon International Power plc's acquisition of IP Maestrale Limited (formerly Trinergy Limited), management reviewed the accounting policies which had been previously adopted and concluded that items within tangible fixed assets and prepayments were incorrect. Tangible fixed assets previously recognised in the Partnership, have also been disclosed within another group undertaking. The underlying payments should have been reflected as a prepayment of operating lease charges in accordance with SSAP 21 'Accounting for leases and hire purchase contracts'. Also, items which had previously been expensed should have been classified as prepayments in accordance with SSAP 21. A reclassification in loans due to group undertakings has been performed from creditors: amounts falling due within one year to creditors: amounts falling due after more than one year to reflect the terms of the related loan agreements. Finally, the financial commitments note has been restated to reflect the actual commitments as at 31 August 2007.

The overall impact on Members' interests at 31 August 2007 of the following prior period restatements is an increase of €4,816,000.

Tangible fixed assets have been corrected by way of a prior period restatement. The effect of this restatement is to increase prepayments by €17,257,000 and to decrease tangible fixed assets by €17,257,000 at 31 August 2007. There was no effect on the loss for the period ended 31 August 2007.

Prepayments have also been corrected by way of a second prior period restatement. The effect of this restatement is to increase opening Members' other interests: other reserves at 6 April 2007 by €4,666,000, reduce the loss for the period ended 31 August 2007 by €150,000 and to increase prepayments by €4,816,000 at 31 August 2007.

Loans due to group undertakings have been corrected by way of a prior period restatement. The effect of this restatement is to increase creditors: amounts falling due after more than one year by €1,680,000 and to decrease creditors: amounts falling due within one year by €1,680,000 at 31 August 2007.

b. Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

c. Members' remuneration and Members' interests

Members' capital is not repayable and is therefore classified as equity.

Members' interest earned on Members' balances are treated as Members' remuneration charged as an expense to the profit and loss account in arriving at results available for discretionary division among Members.

Distributions of profit are payable to Members when such distributions are declared by the Board. The distributions are made in proportion to the Member's interest on the day on which the distribution takes place. The overall policy for Members' drawings takes into account the need to maintain sufficient funds to finance working capital and other needs of the Partnership.

Notes to the financial statements (continued)

1. Accounting policies (continued)

d. Turnover

Turnover represents amounts receivable for electricity supplied net of VAT and is recognised when earned.

e. Foreign currency translation

Transactions denominated in foreign currencies are translated into Euros at the exchange rate ruling on the date of transaction unless related or matching forward foreign exchange contracts have been entered into when the rate specified in the contract is used. At the period end, monetary assets and liabilities expressed in foreign currencies are translated into Euros at the rates of exchange ruling at the balance sheet date. Any gain or loss arising on the restatement of such balances is taken to the Profit and Loss Account.

f. Taxation

The Partnership is liable for Italian taxation on the profit of its Italian Branch. Members are liable for UK taxation on their share of Partnership profits. Consequently, no reserve for UK taxation is made in these financial statements, and the profits are shown within Members' Interest. The foreign tax charge is in respect of the Italian branch.

Deferred tax is provided for on a full provision basis on all timing differences which have arisen but not reversed at the balance sheet date. No timing differences are recognised in respect of gains on sale of assets where those gains have been rolled over into replacement assets. Deferred tax assets are recognised to the extent that they are recoverable, that is, on the basis of all available evidence, it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Any assets and liabilities recognised have not been discounted.

g. Cash flow statement

Under FRS 1, the Partnership is exempt from the requirement to prepare a cash flow statement on the grounds that it is wholly owned subsidiary undertaking included within publicly available consolidated financial statements.

2. Turnover

The Partnership's turnover was to markets outside the United Kingdom in Italy.

3. Employees' remuneration

The Partnership had no employees during this financial period (period ended 31 August 2007: nil).
