Notes to the Financial Statements

1 Accounting policies

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

General information and basis of accounting

The limited liability partnership is incorporated in England and Wales under the Limited Liability Partnership Act 2000. The address of the registered office is given on the limited liability partnership information page.

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

The functional currency of NSR Management Services LLP is considered to be pounds sterling because that is the currency of the primary economic environment in which the limited liability partnership operates. Foreign operations are included in accordance with the policies set out below.

Taxation

The taxation payable on the partnership's profits is the personal liability of the members, although payment of such liabilities is administered by the partnership on behalf of its members. Consequently, neither partnership taxation nor related deferred taxation is accounted for in these financial statements. Sums set aside in respect of members' tax obligations are included in the balance sheet within loans and other debts due to members, or are set against amounts due from members as appropriate.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the limited liability partnership will not be able to collect all amounts due according to the original terms of the receivables.

2 Particulars of employees

The average number of persons employed by the company during the year was 2 (2018 - 2).
