NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2022

1 Accounting policies

Limited liability partnership information

IFleet (UK) LLP is a limited liability partnership incorporated in England and Wales. The registered office is 96 Bristol Road, Birmingham, B5 7XJ.

The limited liability partnership's principal activities are disclosed in the Members' Report.

1.1 Accounting convention

These financial statements have been prepared in accordance with the Statement of Recommended Practice "Accounting by Limited Liability Partnerships" issued in December 2018, together with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the limited liability partnership. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, [modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value]. The principal accounting policies adopted are set out below.

1.2 Profit and loss account

The LLP has not traded during the year or the preceding financial period. During this time, the LLP received no income and incurred no expenditure and therefore no Profit and loss account is presented in these financial statements.

1.3 Members' participating interests

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with section 22 of FRS 102. A member's participation rights including amounts subscribed or otherwise contributed by members, for example members' capital, are classed as liabilities unless the LLP has an unconditional right to refuse payment to members, in which case they are classified as equity.

All amounts due to members that are classified as liabilities are presented within 'Loans and other debts due to members'. Undivided amounts that are classified as equity are shown within 'Members' other interests'. Amounts recoverable from members are presented as debtors and shown as amounts due from members within members' interests.

1.4 Fixed asset investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the limited liability partnership. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.
