Under that law the members have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law)

The financial statements are required by law to give a true and fair view of the state of affairs of the LLP and of the profit or loss of the LLP for that period

In preparing those financial statements, the members are required to

The members are also responsible for safeguarding the assets of the LLP and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in March 2010 (SORP 2010)

GOING CONCERN

As part of its going concern review the Board has followed the guidelines published by the Financial Reporting Council entitled "Going Concern and Liquidity Risk Guidance for UK Companies 2009" The Board has prepared detailed financial forecasts and cash flows looking 12 months ahead from the date the accounts are signed. In drawing up these forecasts the Board has made assumptions based upon its view of the current and future economic conditions that will prevail over the forecast period.

The company is currently in its development phase. The company's property is still currently under development and so the company is reliant on group support to cover its working capital requirements.

The company has support from related parties, including its ultimate parent undertaking, and in turn, from the loan holder (and main shareholder) in the ultimate parent undertaking. The loan holder (and major shareholder) is considered to have adequate capabilities to provide support as required and has formally confirmed that he will support the company and its parent undertaking for at least the next 12 months

The current cash funding requirements prepared by management have given the directors a reasonable expectation that the company will have sufficient resources available to continue in operational existence for the foreseeable future, with the confirmed continued support of its parent company and loan holder as noted above. For these reasons, the directors consider it appropriate to prepare the financial statements on a going concern basis.

FIXED ASSETS

All fixed assets are initially recorded at cost

DEPRECIATION

Depreciation is calculated so as to write off the cost of a tangible fixed asset, less its estimated residual value, over the useful economic life of that asset as follows

Development properties are not depreciated Upon completion they are transferred to investment properties and accounted for under SSAP 19

OPERATING LEASE AGREEMENTS

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

1 ACCOUNTING POLICIES (continued)

MEMBERS' PARTICIPATION RIGHTS

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits)

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial hability or equity, in accordance with FRS 25 (IAS 32) Financial Instruments. Disclosure and Presentation and UITF abstract 39 Members' shares in co-operative entities and similar instruments. A member's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the Profit and Loss Account in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the Balance Sheet.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the Profit and Loss Account and are equity appropriations in the Balance Sheet

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment

All amounts due to members that are classified as liabilities are presented in the Balance Sheet within 'Loans and other debts due to members' and are charged to the Profit and Loss Account within 'Members' remuneration charged as an expense' Amounts due to members that are classified as equity are shown in the Balance Sheet within 'Members' other interests'
