Global Advisory Partners LLP

Notes to the Financial Statements

Year ended 5 April 2022

1. General information

The LLP is registered in England and Wales. The address of the registered office is 22 Upper Brook Street, London, W1K 7PZ.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in December 2018 (SORP 2018).

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Revenue recognition

The turnover shown in the profit and loss account represents amounts invoiced during the period in respect of the principal activity.

Members' participation rights

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with Section 22 of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships'. A member's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the statement of comprehensive income in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the statement of financial position.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the statement of comprehensive income and are equity appropriations in the statement of financial position.

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

All amounts due to members that are classified as liabilities are presented in the statement of financial position within 'Loans and other debts due to members' and are charged to the statement of comprehensive income within 'Members' remuneration charged as an expense'. Amounts due to members that are classified as equity are shown in the statement of financial position within 'Members' other interests'.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

4. Creditors: amounts falling due within one year

	2022	2021
	£	£
Other creditors	1,500	1,500
	-----	-----

5. Loans and other debts due to members

	2022	2021
	£	£
Amounts owed to members in respect of profits	204,696	219,135
	-----	-----

6. Related party transactions

There were no Related Party transactions during the year.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
