For the year ended 31 March 2017 the LLP was entitled to exemption from audit under section 477 of the Companies Act 2006 (as applied to LLPs).

The members acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 (as applied to LLPs) with respect to accounting records and the preparation of accounts.

The accounts have been prepared and delivered in accordance with the provisions applicable to LLPs subject to the small LLPs regime. The profit and loss account has not been delivered to the Registrar of Companies.

These accounts were approved by the members on 5 May 2017 and signed on their behalf by:

**E Ryves-Brown**  
**Designated member**

**Notes to the Accounts**  
**for the year ended 31 March 2017**

**1 Accounting policies**

***Basis of preparation***

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard) and the Statement of Recommended Practice (SORP), Accounting by Limited Liability Partnerships.

***Turnover***

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

***Division of profits***

Profits are treated as being available for discretionary division only if the LLP has an unconditional right to refuse payment of the profits of a particular year unless and until the members agree to divide them. Profits are otherwise automatically divided and included under Members' remuneration charged as an expense in the profit and loss account.

***Tangible fixed assets***

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	over 5 years
Fixtures, fittings, tools and equipment	over 5 years

***Debtors***

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

***Creditors***

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

***Provisions***

**R & T Enterprises LLP**  
**Notes to the Accounts**  
**for the year ended 31 March 2017**

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

***Members' capital***

Members' capital is classified as debt and not equity if there is a contractual obligation for the LLP to repay the capital to members, even if that obligation is conditional.

<b>2 Creditors: amounts falling due within one year</b>	<b>2017</b>	<b>2016</b>
Other creditors	<u>600</u>	<u>301</u>
<b>3 Loans and other debts due to members</b>	<b>2017</b>	<b>2016</b>
Loans from members	3,797	3,797
Amounts due to members in respect of profits	<u>(1,378)</u>	<u>(57,836)</u>
	<u>2,419</u>	<u>(54,039)</u>
Amounts falling due within one year	<u>2,419</u>	<u>(54,039)</u>

Loans and other debts due to members rank equally with debts due to ordinary creditors in a winding up.
