LGK FARMS LLP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 5 APRIL 2023

1. General information

LGK Farms LLP is a Limited Liability Partnership, incorporated in England and Wales, registered number OC361744. The address of the registered office is 8 Ebor Court, Redhouse Interchange, Adwick-le-Street, Doncaster, South Yorkshire, DN6 7FE.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Section 1 A - small entities of Financial Reporting Standard 102 'the Financial Reporting Standard applicable in the UK and the Republic of Ireland' ('FRS 102'), the Companies Act 2006 and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships - December 2021."

2.2 Turnover

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the LLP and the turnover can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before turnover is recognised:

Sale of goods

Turnover from the sale of goods is recognised when all of the following conditions are satisfied:

- the LLP has a binding contract for sale and has transferred the significant risks and rewards of ownership to the buyer;
- the LLP retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of turnover can be measured reliably;
- it is probable that the LLP will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Government Grants

Government grants are recognised when there is reasonable assurance that:

- the LLP will comply with the conditions attaching to them; and
- the grants will be received.

The LLP recognises government grants when they are received or receivable under the performance model.

2.3 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 5 APRIL 2023**

2. Accounting policies (continued)

2.3 Tangible fixed assets (continued)

Depreciation is provided on the following basis:

Buildings	- 4% straight line basis
Plant and machinery etc.	- 20% straight line basis
Land	- Not depreciated

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Profit and Loss Account.

2.4 Stocks

Stocks comprise finished goods, raw materials and work in progress which are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress includes all costs in relation to cultivation work less any provision for foreseeable losses. No element of profit is included in work in progress.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the Profit and Loss Account.

2.5 Debtors

Short term debtors are measured at the transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.6 Cash and cash equivalents

Cash and cash equivalents are represented by cash in hand, deposits held at call with financial institutions, and other short-term highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.7 Financial instruments

The LLP only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties and loans to related parties.

Financial assets that are measured at cost and amortised cost are assessed at the end of each financial reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Profit and Loss Account.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

LGK FARMS LLP**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 5 APRIL 2023****2. Accounting policies (continued)****2.8 Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.9 Members' remuneration

A member's share of the profit or loss for the period is accounted for as an allocation of profits. Unallocated profits and losses are included within 'other reserves'.

3. Employees

The average monthly number of employees, including designated members, during the year was 2 (2022 - 2).
