NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 28 FEBRUARY 2021

1. STATUTORY INFORMATION

66 Rokesly Avenue Limited Liability Partnership is registered in England and Wales. The LLP's registered number and registered office address can be found on the General Information page.

2. ACCOUNTING POLICIES

BASIS OF PREPARING THE FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

TURNOVER

Turnover represents rent receivable net of value added tax.

INVESTMENT PROPERTY

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in fair value is recognised in the profit and loss account.

Investment property is carried at fair value. Revaluation surpluses are recognised in the income statement. Deferred taxation is provided on these gains at the rate expected to apply when the property is sold. No depreciation is provided in respect of investment properties.

The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with the generally accepted accounting principle set out in The Financial Reporting Standard 102 (Section 1A) for small entities. The members consider that, because these properties are not held for consumption but for their investment potential, to depreciate them would not give a true and fair view and that it is necessary to adopt The Financial Reporting Standard 102 (Section 1A) for Smaller Entities in order to give a true and fair view. If this departure from the Act had not been made, the profit for the financial year would have been reduced by the amount of depreciation.
