NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30TH APRIL 2019

1. STATUTORY INFORMATION

Bear Road LLP is registered in England and Wales. The LLP's registered number and registered office address can be found on the General Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover comprises income from the sale of distribution rights being the percentage of the total income from the exploitation of the films that is due to the limited liability partnership in accordance with the terms agreed. Sales income is recognised as and when the limited liability partnership is notified of the amounts that are due to them.

Stocks

Stocks are valued at the lower of cost and net realisable value. Stock relates to distribution rights acquired and the valuation is prepared either by a third party professional valuer or by JS & Co LLP.

Once the film distribution rights have been sold in exchange for a right to income, the cost of acquiring the original film distribution rights is reclassified from stock to prepayments and accrued income. This right to income is valued at the value of the future expected economic benefits to accrue to the LLP which is based on a valuation either by a third party professional valuer or by JS & Co LLP.

Members' participation rights

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with section 22 of FRS 102 Liabilities and Equity. A members' participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities, or in the case of losses, as assets. They are therefore treated as an expense in the Profit and Loss Account in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the Balance Sheet, or in the case of losses as Assets in the Balance Sheet.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary distribution among the members in the Profit and Loss Account and are equity appropriations in the Balance Sheet.

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

All amounts due to members that are classified as liabilities are presented in the Balance Sheet within 'Loans and other debts due to members' and are charged to the Income Statement within 'Members remuneration charged as an expense'. Amounts due to members that are classified as equity are shown in the Balance Sheet within 'Members' other interests'.

3. DEBTORS: AMOUNTS FALLING DUE WITHIN ONE YEAR

	30.4.19	30.4.18
	£	£
Amounts due from members	2,361,909	2,308,375
Other debtors	2	2
Prepayments and accrued income	5,618	26,451
	<u>2,367,529</u>	<u>2,334,828</u>

4. CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR

	30.4.19	30.4.18
	£	£
Trade creditors	<u>133</u>	<u>133</u>

5. LOANS AND OTHER DEBTS DUE TO MEMBERS

Loans and other debts due to members rank equally with debts due to unsecured creditors in the event of a winding up.

6. CONTINGENT LIABILITIES

There is a potential liability accruing to the LLP regarding support services if the members do not pay them direct.

7. OTHER FINANCIAL COMMITMENTS

The LLP has an obligation to pay to the members 50% of the income that it receives from its trade and security over the members' interests regarding this contingent liability has been granted.
